Tool Search: CEIS

The CEIS tool allows schools to record student participation in Coordinated Early Intervening Services (CEIS). Coordinated Early Intervening Services are intended for students who have not been identified as students with disabilities under IDEA and who do not yet have an IEP, but who are determined to need additional academic and behavioral supports to succeed in general education.

CEIS records may not overlap.

The screenshot shows the CEIS Editor interface for a student named TEST, ASHLEY A (Ash) with a date of birth of 06/19/2015. The interface includes a header with the student's name and a breadcrumb trail: Student Information > State Programs > CEIS. Below the header, there are buttons for New, Save, Delete, and Print Summary Report. The main content area is divided into two sections: 'Coordinated Early Intervening Services Summary' and 'Coordinated Early Intervening Services Detail'. The 'Summary' section has a table with columns for Start Date and End Date. The 'Detail' section has fields for Start Date, End Date, and a Comments text area. At the bottom, there is a 'District Defined Elements' section with a text input field.
