Districts can set up a School Store Notification as a daily email for the [School Store Summary Report](#) or Payment Error Notification. The process for sending the daily email starts at 12:00 AM local time every day and reports all purchases from the previous day.

For the daily email to be sent, the required fields must be set up in the [Email Settings](#) tool and the *Allow Email Attachments* checkbox must be marked. To receive a notification, recipients must be assigned tool rights to the School Store Summary Report, have the Staff checkbox marked and have an Email address entered in the Messenger Preferences Contact Reasons of the [Demographics](#) tool.
