Technical Information

See the Technical Information - Release Pack Campus.2223 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2223) article for a list of schema changes in this release.

Academic Programs

Course Plan Tool (SIS-145072)

An issue where a prerequisite planning rule was showing an alert when a prerequisite had been met has been resolved.

Article(s): Course Plan (Academic Planning)

Path: Student Information > Academic Planning > Course Plan

Course Plan Compound Requirements (SIS-154409)

The Course Plan tool was displaying a requirement as not complete when:

- A graduation program had a compound requirement with a logical expression AND
- The compound requirement was referenced more than one time in the logical expression AND
- The first reference of that compound requirement was false and wasn't evaluating the second reference.

This has been corrected.

Article(s): Course Plan (Academic Planning)

Path: Student Information > Academic Planning > Course Plan

Course Plan Administration Post Diplomas (SIS-156118) **[Enhancement]**

The Post Diplomas mode within the Course Plan Administration tool now includes a date picker that defaults to the current date. Students who are no longer enrolled in the selected calendar based on the date entered will now be excluded. This addresses a bug from SIS-128083 in which diplomas were being posted to students who did not have an active enrollment.

Article(s): Course Plan Administration

Path: Student Information > Program Administration > Course Plan Administration

Activity Registration

Preapprovals (SIS-151131) **[Enhancement]**

A new preapproval process is available for districts to set up and use with Activity Registration. Districts can define the activity criteria that triggers the preapproval process and the forms that

must be completed and routed to internal approvers before the activity can be completely created and made available for registration in the School Store. For more information, see the Activity Registration Overview, Preapproval Configuration, and Preapproval Requests articles in the Knowledge Base.

Article(s): Preapproval Configuration; Preapproval Requests

Path: Activity Registration > Preapproval Configuration; Preapproval Requests

Activity Registration Maintenance (SIS-155981)

- Users who did not have tool rights for Ad Hoc could not save Step 2 and continue to Step 3 when building an Activity Proposal in the Activity Dashboard. This issue was corrected.
- When an Activity was in a "Registration Open" status, Campus was allowing users to change the Product Name if it was the same as Activity Name. This issue was corrected.
- An error was happening in Step 4 of a new Activity Registration saying the Product Description and Special Instructions section had exceeded 1000 Characters, when the text with spaces was less than 1000 characters. This issue was corrected.
- Once a student/parent registered for an Activity, custom forms for the Activity were appearing as Complete in the Activity Monitor Roster before the District had locked them. This issue was corrected.

Article(s): Activity Registration

Path: Activity Registration

Assessments

Assessment Center (SIS-155866) **[Enhancement]**

The Assessment Center is now available and provides the same functionality as Test Setup. For the time being, new tooling will exist alongside what was previously available. Tasks completed using Test Setup can now be completed in the Assessment Center. This is the first step in simplifying the assessment tools. Access to the Assessment Center is controlled by the Assessment Center tool rights.

Article(s): Assessment Center

Path: Student Information > Assessment Administration > Assessment Center

Attendance

Attendance Caller Report (SIS-154718)

Recent updates to the Attendance Caller Report and the Summary Report caused the following formatting issues:

- The alternating row shading was not continuing to the end of the page. This has been

corrected.
- Student numbers of a certain length were not displaying fully. Now, student numbers that are greater than eight digits (the maximum length is 15) wrap accordingly.

Article(s): Daily Attendance

Path: Attendance > Daily Attendance > Caller Report, Summary Report

Calendars

Calendar Wizard Error when Rolling Forward (SIS-96843)

Rolling a calendar forward and not selecting Calendar Attributes in the Pick Data to Copy section now completes without error.

Article(s): Calendar Wizard

Path: System Administration > Calendar > Calendar Wizard

Campus Instruction

Student Information Access Via the Roster (SIS-153612)

Previously, if a teacher had Read rights to the Summary Tab, they were not correctly redirected when clicking To Student Information in the Roster > Student Details, if the New Look was turned on. This has been corrected.

Article(s): Roster

Path: Instruction > Roster > click student name > To Student Information

Campus Student/Parent

New - Portal Display Options Report (SIS-155888) **[Enhancement]**

A new report has been added called Portal Display Options Report. This report lists the Display Options for each selected calendar. Calendars can be filtered to show only active year calendars, or to show calendars in the previous and future years as well. The report can be generated for all tools or only selected tools and can be set to include Display Text and to only report Options that are enabled. The report can be generated in PDF or CSV format.

Article(s): Portal Display Options Report

Path: System Administration > Portal > Reports > Display Options Report

Census

Relationships (SIS-109653)

An issue where a person marked as a guardian for a student was appearing in other households that student belonged to has been resolved.

Article(s): Relationships

Path: Census > People > Relationships

Student Summary Tool (SIS-155797)

When using the Classic Navigation, the student's Summary tool can be viewed as either the Classic Summary Tab or the New Summary Tab. On the New Summary Tab, comments were not displaying on the student's Summary tool when hovering over the blue information icon. This has been corrected.

Article(s): Student Summary; Demographics

Corrections for the Fee Billing Batch Report (SIS-155829)

The following issues were corrected for the Fee Billing Batch Report.

- The Fee Billing Batch Report was not reporting balances correctly after a student/household met the student/household fee maximum and also had fees adjusted because the fee maximum was met.
- The household fee maximum adjustment wasn't showing on the report for individual students.
- Once the household fee maximum was met, the student fee maximum was being applied to new fees instead of the household fee maximum even when the student fee maximum was not met.

Messenger

Messenger 2.0 Open Beta (SIS-156581)

With the release of Campus.2223, Messenger 2.0 is now in open beta and available for any district to use. Located in the Communication module (New Look of Campus), Messenger 2.0 consolidates many classic Messenger tools to optimize user experience and enhance messenger performance. With a refreshed look, Messenger 2.0 provides users with the added ability to send messages from mobile devices to Students, Parents and Staff. In addition, we've added navigation buttons to provide easy movement back and forth between screens when creating a message.

Because of the ongoing development, Messenger 1.0 will continue to be available until feature comparability is reached. Mobile compatibility is only available in Messenger 2.0 in the new look and feel of Campus.
