

# Assessment Administration

Last Modified on 11/12/2025 11:34 am CST

Assessment tools allow a user to create test structures, import external test scores, track student test results, and store Federal Reporting. Assessment tools are available throughout the product.

See the [Tool Rights \(Assessment\)](#) article for an explanation of Tool Rights associated with this module.

The screenshot shows the Infinite Campus Student Information system interface. The 'Assessment Administration' section is highlighted in yellow. It includes tools such as Achievement Standards Setup, Assessment Center, Copy Test Wizard, Proficiency Levels Setup, Score Import Wizard, and Test Setup. Other sections visible include General, General Student Administration, Academic Planning, Activity Registration, Counseling, English Learners, Federal Programs, and Health.

# Record Tests Through Assignments

Topic	Tool
First, align a created test to a Standard. The standard must have <b>Teacher Scored</b> marked to be assessed in this way.	<a href="#">Standards Bank</a>
Then, align that standard to a course.	<a href="#">Standards</a>
Next, add the Standard to a category in a section of the course. Tests will be scored based on the options selected in the <a href="#">Grade Calculation Options</a> .	<a href="#">Categories</a>
Finally, align the Standard to an assignment. The assignment can then be graded using the: <ul style="list-style-type: none"> <li><a href="#">Grade Book</a></li> <li><a href="#">Posting By Task</a> tool</li> <li><a href="#">Scoring editor</a> in the assignment.</li> </ul>	<a href="#">Assignments</a>
<p>The following reports can be used to analyze tests administered through assignments:</p> <ul style="list-style-type: none"> <li><a href="#">Assignment Standards</a> - Report shows which standards are aligned to assignments.</li> <li><a href="#">Student Assessment Summary</a> - Report lists students' best test results for the selected tests.</li> <li><a href="#">Student Summary</a> - Report lists assignment scores, which can include assignments aligned to standards that include tests.</li> <li><a href="#">Course Standards</a> - Report lists standards aligned to courses.</li> <li><a href="#">Standards Alignment</a> - Report includes tests aligned to standards.</li> </ul> <p>The <a href="#">Standardized Tests</a> tool also provides student assessment scores compared to various other points of data.</p>	<a href="#">Campus Instruction Reports</a>  <a href="#">Grading and Standards Reports</a>  <a href="#">Standardized Test</a>

Tests can be aligned to Courses for reporting purposes without being linked to a Standard or Assignment using the [Course Assessment](#) tab. Teacher-scored assessments aligned in this way can be scored using the [Posting By Task](#) tool.

# Manage Test Accommodations

Topic	Tool
Test Accommodations for individual students can be entered in Special Education IEPs, which differ by state.	<a href="#">Documents</a>

Topic	Tool
Generate a list of students' accommodations using the Test Accommodations Report.	<a href="#">Test Accommodations</a>

## Import Student Scores

Topic	Tool
Import scores from an external agency.	<a href="#">Score Import Wizard</a>

## Enter Student Scores

Topic	Tool
Import scores from an external source.	<a href="#">Score Import Wizard</a>
Publish from the State Edition to the District Edition.	<a href="#">Publish Test</a>
Use the Posting By Task tool to grade teacher-scored assessments. Assessments can be added to a <a href="#">course</a> and scored using this tool without being linked to a Standard or Assignment.	<a href="#">Posting By Task</a>
Enter scores on the student's Assessment tool in Student Information.	<a href="#">Student Assessment</a>
Scores can also be transferred to a student record using the Records Transfer if the record being transferred includes test data.	<a href="#">Records Transfer</a>

## View Student Assessment Scores

Topic	Tool
View scores on the student's Assessment tool in Student Information: <ul style="list-style-type: none"> <li>At the District level</li> <li>At the State level</li> <li>For Teacher-scored tests</li> <li>As a printed document</li> </ul>	<a href="#">Student Assessment</a>
View scores that display on transcripts by generating a Transcript for the student or on the Transcripts tool.	<a href="#">Transcripts</a> <a href="#">Student Transcript</a>
Generate a <a href="#">Test Results</a> report to view student test results and details based on the selected criteria.	<a href="#">Test Results Report</a>

# Analyze Tests Aligned to Standards and Assignments

Topic	Tool
<p>Use these reports to determine where tests are aligned to standards and standards aligned to assignments:</p> <ul style="list-style-type: none"> <li>• <a href="#">Standards Alignment</a> - Report includes tests aligned to standards.</li> <li>• <a href="#">Course Standards</a> - Report lists standards aligned to courses.</li> <li>• <a href="#">Assignment Standards</a> - Report shows which standards are aligned to assignments.</li> </ul>	<p><a href="#">Campus Instruction Reports</a></p> <p><a href="#">Grading and Standards Reports</a></p>
