

Advanced Attendance and Appointments Release Notes (2021)

Last Modified on 07/15/2024 1:49 pm CDT

See the [Advanced Attendance and Appointments Release Notes](#) for current release information.

The Scanning toolset is a custom tool and is only available to districts who purchase these tools. The Scanning toolset is part of the [Campus Workflow Suite](#).

Release notes provide the applicable personnel the ability to review enhancements, modifications and corrections included in a release pack prior to accepting an update. It is advised that users review the release notes carefully and alert appropriate district staff to changes in the product.

Scanning Release Notes describe all changes included within the release pack which may impact users who use the Scanning tools as add-on functionality to their existing student information system.

Questions or concerns regarding an update should be directed to Campus Support.

See the [Scanning Product Documentation](#) for more information.
