BIE Enrollment Summary Report Editor

Report Logic

The BIE Enrollment Summary includes totals of students enrolled in selected schools based on an entered enrollment effective date. It is a BIE localized version of the Student Enrollment Summary Report.

Does not report students:

- Flagged as 'No Show'
- In a calendar marked as State Exclude
- In a grade level marked as 'Exclude from BIE'
- Marked as 'BIE Exclude' on their enrollment (unless the reporting option of "Include Enrollments marked BIE Exclude" is selected)

Student populations can be delineated by Student Group (All Students, ISEP Students (not PK), or Non-ISEP Students).

The report is available in both State and District Editions.

The report can be run against a district's active year as well as any prior year.

File name is defined as BIEEnrollmentSummary_YYYYMMDD_HR:MM (Where YYYYMMDD_HR:MM is the Date/Time stamp of report generation.)
