Tool Search: Special Ed Documents

The Individual Service Plan is used to capture student special education plan information and match the required documentation provided by the state of Wisconsin. This document describes each editor, a description of each field on the editor, and any special considerations and instructions. **The Individual Service Plan (ISP) is the same format as the IEP used for Private Schools in Wisconsin.** For information on general functionality, navigation, and additional plan and evaluation features, see the core [Plan and Evaluation Information](#) article.

The current format of this document is the **WI ISP 2024**. Plan formats are selected in [Plan Types](#).

Student Information

The Student Information editor displays basic information about the student such as demographic information. This is a read-only editor.

The **Refresh** button retrieves a fresh copy of data from the student's record. See the [General ISP Information](#) section for additional information.

When the **Private Flag** is marked on the Team Members tool for the student, all contact information on this editor is cleared out and a note on the editor displays, "The student record has been marked Private in the Team Members Tab. Contact information was not imported for this student and will appear blank below.". On the printed document it reads, "Unpublished" in each of those areas.

Parent/Guardian Information

The Parent/Guardian Information editor populates based on the guardian checkbox on the student's Relationships tool. The editor includes Demographics information for the student's guardian.

The **Delete** button next to each parent/guardian can be used to remove a parent/guardian from the ISP.

The **Refresh** button retrieves a new copy of parent/guardians' data. This also returns any accidentally deleted people. Manually entered fields donot change when the refresh button is clicked. The user must **Save** after clicking Refresh to capture changes.

When the **Private Flag** is marked on the Team Members tool for the parent/guardian, all contact information on this editor for that person is cleared out and a note on the editor display, "One or more records has been marked Private in the Team Members Tab. (I-4) Concerns of Parents/Family & Effects of Disability

The Concerns of Parents/Family editor record concerns of the family and student regarding the student's education and the effect of the student's disability on their education.

(1-4) Concerns of Parents/Family & Effect of Disability Editor 8 of 26

D. Concerns of the Parent(s)/Family

1. Describe the concerns of the parent(s)/family for enhancing the education of the student:

This may include concerns about reading achievement, early language/communication or early literacy skills, other academic areas, health-enhancing physical activity, social and emotional needs, sensory needs, behavior, the child's future and postsecondary transition, etc.

2. Describe the concerns (if any) of the student for enhancing their education:

E. Effects of Disability

Effects of the disability identifies **how** the student's disability affects academic achievement and functional performance. The effects are what the ISP Team observes when the student has difficulty accessing, engaging and making progress in the general education curriculum, instruction, and environments. This item must be addressed for all students, regardless of the disability category, including students identified as having a speech or language impairment.

1. Describe how the student's disability affects their access, involvement and progress in the general education curriculum, including how the disability affects reading.

For preschool children, describe how the disability affects participation in age-appropriate activities, including language development, communication and/or early literacy. Consider special factors when identifying the effects of the disability on academic achievement and functional performance.

(I-4) Summary of Disability-Related Need

A disability-related need:

1. Addresses the **effect** of the student's disability on access, engagement, and progress in the general curriculum and environment;
2. Addresses the **root cause** why a student is not meeting age/grade level academic standards and functional expectations; and
3. Specifies what **skill/behavior** the student needs to develop/improve so the student can meet age/grade level standards and expectations.

If the ISP team determines the student has a disability-related need(s) that affects reading (academic and/or functional), the ISP must include a minimum of one goal to address this need(s). Each identified disability-related need must have at least one corresponding goal and/or service to address the need. A goal or service may address more than one need. Services include special education, related services, supplementary aids and services, or program modifications or supports for school personnel.

Based on a root cause analysis of the effects of the student's disability, **list and number** the disability-related needs. Include reading needs, or early literacy needs, and needs due to special factors, if identified (e.g., decoding, identifying the main idea, basic math calculation, and word problems). Reference numbered needs in the measurable annual goal statements (add rows, as needed).

III. Measurable Annual Goals
 Each goal must address at least one disability-related need.

Develop / revise one or more measurable annual academic or functional goal to:

- address any lack of expected progress toward the annual goals, if appropriate;
- address the unique needs of the student that result from the student's disability (see section I.F. above);
- enable the student to progress toward age/grade-level reading standards, or for preschoolers, early learning standards for language development, communication and early literacy;
- enable the student to be involved in the general education curriculum i.e., the same curriculum as for nondisabled students;
- enable the student to progress toward meeting age/grade-level academic standards; and
- enable the student to be educated and participate with nondisabled students.

If the ISP team determines the student has a disability-related need that affects reading (academic or functional), the ISP must include a minimum of one goal to address this need. Refer to [Forms Guide](#) for more information.

(I-7-A) Participation Guidelines for Alt Assessment

The Participation Guidelines for Alternate Assessment editor describes the student's current learning progress and educational setting in relation to participation in an Alternate Assessment.

Participation Guidelines for Alternate Assessment
Form I-7-A

ISP teams are responsible for deciding whether students with disabilities will participate in general education assessments with or without testing accommodations, or in the alternate assessment with or without accommodations. In a given year, a student must participate in either all general education assessments or all alternate assessments, not parts of both.

Participation in the alternate assessment must not be based solely on any of the following:

1. A disability category or label
2. Poor attendance or extended absences
3. Native language/social/cultural or economic difference
4. Expected poor performance on the general education assessment
5. Academic and other services student receives
6. Educational environment or instructional setting
7. Percent of time receiving special education
8. English Learner (EL) status
9. Low reading level/achievement level
10. Anticipated student's disruptive behavior

(I-7) ACCESS for ELLs/Alt. ACCESS for ELLs

The Access for ELLs/ ALT Access for ELLs editor records whether the student is participating in either of those assessments for English language learners.

(I-7) ACCESS for ELLs/Alt. ACCESS for ELLs NOT STARTED Editor 19 of 26

Individualized Service Program: Participation in Statewide English Language Proficiency Assessment Checklist and Accommodations
I-7 ACCESS for ELLs®/Alt. ACCESS for ELLs™
To be completed for students required to participate in statewide English language proficiency assessment

The Elementary and Secondary Education Act requires all English learners (EL) to take an annual assessment in English language proficiency in all four language domains (reading, writing, speaking and listening) regardless of disability status. Individualized Service Program (ISP) teams are required to decide annually whether students who are classified as EL and who have a disability will participate in (1) the ACCESS for ELLs® with or without accommodations, or (2) the Alternate ACCESS for ELLs™ with or without accommodations.

Accommodations for the ACCESS for ELLs® or Alternate ACCESS for ELLs™ are specific to these assessments. Please check the Office of Student Assessment website (<http://dpi.wi.gov/assessment/ell/accommodations>) for the current accommodation policies.

The Elementary and Secondary Education Act (ESEA) requires that students whose disabilities preclude assessment in one or more domains of the annual proficiency assessment be assessed in the remaining domains available to them, and a score created which accounts for the missing domain(s). For example, a deaf student who is unable to hear the Listening Test. To qualify for this exemption, a student must be a student with a disability for which there are no appropriate accommodations for the affected domain.

As this exemption will require a manual score calculation and potentially requires manual changes to the test sessions in the WIDA Assessment Management System (AMS) portal, the Department of Public Instruction must be made aware of student receiving this waiver. Prior to the student beginning testing, you must provide the information required to support the student through the link on the Office of Student Assessment website at (<http://dpi.wi.gov/assessment/ell/accommodations>).

Individualized Service Plan: Participation in Statewide Assessments

Form I-7 The ACT with Writing

To be completed for students participating in The ACT with Writing

The student will be in 11th grade when The ACT® with writing assessment is given. The ACT with writing assessment is administered in the content areas of Reading, English, Writing, Mathematics, and Science. The student will be taking general education assessments¹ for all content areas required at this grade level.

The ACT with writing has specific policies and guidance regarding Universal Supports, Designated Supports, and Accommodations permitted on the assessment. Refer to the *ACT Accessibility Supports Guide* available on the Office of Educational Accountability website (<https://dpi.wi.gov/assessment/act/accommodations>) for current policies and guidance. It is important to note that while some accommodations or supports may be appropriate for instructional use, they may not be appropriate for use on a standardized assessment.

Section A

Universal Supports are embedded into testing practices and are available to all students administered the ACT with writing. Universal Supports do not require prior submission to ACT. Refer to the *ACT Accessibility Supports Guide* for a list of Universal Supports.

(I-7) District-Wide Assessment

The District-Wide Assessment editor provides extended options for recording student participation and accommodation in district assessments.

Individualized Service Plan: Participation in District-Wide Assessments

Form I-7 District-Wide Assessment

To be completed for students participating in reading readiness assessment, civics, and district-wide assessments

Reading Readiness Assessment: Reading readiness assessment means a fundamental skills screening assessment (4K) or universal screening assessment (5K-3) public school districts and independent charter schools administer to all Wisconsin students enrolled in the corresponding grade level. Wis. Stat § 118.016. ISP teams are not prohibited from conducting out of level assessments if they believe such assessments will provide data that will assist in the development of the student's ISP. ISP teams in rare cases determine that a screening assessment would not yield valid and reliable results and advance the student to the diagnostic assessment would not yield valid and reliable results and advance the student to the diagnostic assessment.

Reading Readiness Assessment

Explain the decision to advance the student

District-wide assessments (including the high school civics test requirement and the assessment for reading readiness) are tests given at the district level and can apply to students in all grade levels (4K-12).

Students with disabilities must be included in district-wide assessments unless the ISP team determines that an alternate to the district-wide assessment is appropriate. Alternate assessments are intended only for students with the most significant cognitive disabilities. If the student will be taking an alternate assessment, the I-7-A Participation Guidelines for Alternate Assessment (<https://dpi.wi.gov/sites/default/files/imce/sped/doc/form-i-7-a.doc>) must be included with the ISP.

District-Wide Assessment

District-wide assessments are tests given at the district level and can apply to students in all grade levels (4K-12). If the district-wide assessment provides descriptive information on the student's reading and meets requirements under Act 20, it may serve as a diagnostic assessment. Wis. Stat. § 118.016(1)(b). If the ISP team determines the student will take district-wide assessments, the ISP must contain a statement of any individual appropriate accommodations needed to measure the academic achievement and functional performance of the student.

(I-7) Dynamic Learning Maps

The DLM (Dynamic Learning Maps) editor stores information about the student's participation in the Dynamic Learning Maps assessment, including accessibility supports.

Individualized Service Program: Participation in Statewide Assessments

Form I-7-DLM

To be completed for students participating in Dynamic Learning Maps

The student will be in a grade when the Dynamic Learning Maps (DLM) assessment is administered in English language arts in grades 3-11, mathematics in grades 3-11, and science in grades 4 and 8-11. ISP teams do not need to document accommodations for social studies in grades 4, 8, and 10 as it is rated based on classroom observation using a teacher rating form. The student will be taking the alternate assessment for all content areas required at this grade level (the I-7-A Participation Guidelines for Alternate Assessment must be included with the ISP).

The DLM was designed using the principles of universal design for learning, as such the term 'accommodation' is replaced with the phrases 'accessibility features' and 'supports'. ISP determinations regarding the use of accommodations on the DLM assessment apply to all of the content areas the student is participating in based on their grade level. Please check the office of Student Assessment website for the current accommodation policies: <http://dpi.wi.gov/assessment/dlm/accommodations>.

Category 1: Accessibility features/supports provided within the DLM system must be activated via the Personal Needs Profile (PNP) prior to administering the assessment. Please list required supports:

(I-7) Forward

The Forward editor records accommodations supplied to students participating in the Forward Exam.

Individualized Service Program: Participation in Statewide Assessments

Form I-7 Forward

To be completed for students participating in the Forward Exam

The student will be in a grade when the Forward Exam is given. Students in grades 3-8 will participate in English language arts (ELA) and mathematics. Science is administered in grades 4 and 8. Social Studies is administered in grades 4, 8, and 10. The student will be taking general education assessments¹ for all content areas required at this grade level.

The Forward Exam has specific policies and guidance regarding the Universal Tools, Designated Supports and Accommodations permitted on the assessments in each content area. Refer to the Forward Exam Accessibility Guide available on the Office of Educational Accountability website (<https://dpi.wi.gov/assessment/forward/accommodations>) for the current accommodation policies. It is important to note that while some accommodations or supports may be appropriate for instructional use, they may not be appropriate for use on a standardized assessment.

Universal Tools are available to all students. These tools **cannot** be turned off on an individual basis and therefore all students should be familiar with their use.

Section A: Designated Supports

Designated Supports are also available for any student for whom the need has been indicated and are a part of their classroom instruction. Refer to the Forward Exam Accessibility Guide for information about allowable designated supports.

Editor Name	Description	Special Considerations and Instructions
<p>Education Plan</p>	<p>The Education Plan editor includes general meeting and screening information and lists the dates associated with the plan, such as dates the plan is active.</p>	<p>This editor must be saved before continuing to other areas of the plan. Field definitions may vary by district.</p> <p>Eval Date auto-populates the Evaluation Date from the student's locked Evaluation if available.</p> <p>The Creation and Modification information for the plan appears at the bottom of this editor.</p> <p>A warning message displays if the Start Date is the same or before the Meeting Date.</p>
<p>Enrollment Status</p>	<p>The Enrollment Status editor reports Special Education information from the student's Enrollment.</p>	<p>Clicking Get Info from Enrollment synchronizes the information in the editor with the student's Enrollments record. Users can select which Enrollment to link the Enrollment Status editor to using the Enrollment dropdown.</p> <p>There are three versions of this editor. Best practice is to use the third editor. This editor fetches special education data from the student's Enrollment, values which can be edited in the IEP. If values are modified, the student's Enrollment are updated based on the IEP when saved.</p>

Editor Name	Description	Special Considerations and Instructions
Student Demographics	The Student Demographics editor populates basic information about the student such as demographic data, address and school information.	Clicking Refresh Student Information synchronizes information in the editor with the most recent information entered for the student from the Demographics , Households , Enrollments and School tabs.
