The SIRS Programs Fact Extract reports students who have program records designated through English Learners, Programs, Flags, FRAM, Homeless, or Graduation Seal areas of Campus.

Programs Fact Editor

Report Logic

The following date logic applies to all record types unless otherwise noted.

- To report, a program must have been active at some point during the reporting year.
- Program records are not included in the extract when the program's End Date is prior to their first Enrollment Start Date. Graduation Seal records are exempt from this logic.
- Campus finds the student's enrollment with the latest End Date.

- If the Enrollment End Date is null, Campus uses the Calendar End Date.
    - If multiple End Dates are the same, Campus looks for the latest Enrollment Start Date. This calculation is not filtered by the Calendar IDs selected on the extract editor.
    - After finding the latest End Date, Campus then filters by Calendar ID.

Records report when they meet the following logic. Some records report when they meet a specific set of conditions while others report when specific fields are filled, for example, on the EL Services tool or the Homeless Services tool. The numbers mentioned in the Logic column below report in the Program Codes element on the report.

Record Type	Logic
Academic Programs (CTE)	Student records report when the **Use Core CTE** checkbox is marked on the extract editor. Student records must be associated with Academic Programs (Program Admin > Programs > Academic Programs > Academic Programs Detail) that meet ALL of the following requirements. • the Academic Program Detail (Program Admin) State Code (CIP) is not NULL, AND • the State Reported checkbox is marked, • the Academic Program Detail (*Student Information*) **Start Date** is prior to or on the **Effective Date** selected on the extract editor, AND • the Academic Program Detail (*Student Information*) **Start Date** is prior to or on the Calendar **End Date,** AND • Academic Program Detail (*Student Information*) **Program Intensity** field is not NULL, • the Academic Program Detail (Student Information) **End Date** is NULL OR prior to or on the Enrollment **Start Date**.
EL Records	• When the Program Status is EL and the **Program Exit Date** is null, the Program Code **0231** reports. • When the Program Status is Exited EL and the **Program Exit Date** is within the reporting school year then the Program Code **0231** reports.
EL Services Records	Codes report from the EL Services tool when the **EL Service End Date** is null or within the reporting school year.

Record Type	Logic
Foster Care Records	Foster Care records report from the Foster Care tool when the following requirements are met. • Foster Care Services Detail **Start Date** <= Extract Editor **Effective Date**, AND • Foster Care Services Detail **Start Date** <= Calendar **End Date**, AND • Foster Care Services Detail **End Date** = NULL OR Foster Care Services Detail **End Date** >= Enrollment **Start Date.**
Flag Records	Student records must be associated with Flags (Program Admin > Flags > Flags Detail) that have the **State Reported** checkbox marked.

FRAM Records	• To report, the student's FRAM Certified Type can NOT be Declined, Denied, or Did Not Apply AND was active during the current year on or before the Report Effective Date.
	• All eligible FRAM records within the current year report, including carryover records that started in the previous school year. FRAM records do not report if they begin AFTER the report Effective Date.
	• Students who have a FRAM record with an eligibility of Free (Program **5817**) or Reduced (Program **5806**) will report FRAM records in the following manner:
	  ○ If there is more than one active record during the student's Enrollment dates in the current year, look for continuous records with the same Eligibility criteria and report the earliest start date in the Beginning Date field. Gaps between the older record's End Date and the newer record's Start Date are ignored when they have the same Eligibility criteria.
	  ○ Carryover records that begin in the previous school year will have a Start Date of 07/01 for the current year. Continuous Eligibility Start Date would be the earliest Start Date or 07/01 if it is a carryover record.
	  ○ Continuous Eligibility End Date would be the End Date of the latest record that is on or before the Report Effective Date.
	  ○ Separate eligibility records report if the above is true, the eligibility values are not the same, and the records are active in the current year. Carryover records that began in the previous year will have a start date of 07/01 for the current year.

Graduation Seal Records	The **Programs Code** and the **Beginning Date** report from the State Seal Information when the **Earned Date** is >= **Effective Date** entered on the extract editor. If multiple Graduation Seal records meet this criteria, the earliest record reports.
Homeless Records	**8262** Homeless records report when the date logic is met on the Homeless tool.

Record Type	Logic
Homeless Services Records	When Homeless Services record meets the standard date logic, a Program Code reports from *Student Information > Program Participation > Homeless > Homeless Services.*
Poverty Records	A **0198** Poverty record reports for each Free and Reduced Programs Fact record when the **Calculate 0198 Records** checkbox is marked on the extract editor.
Program Records	Student records must be associated with Programs (Program Admin > Programs > Programs > Program Detail) that have the **State Reported** checkbox marked.

Extract Editor Field Descriptions

Field	Description
Extract Type	The SIRS Extract to be run.
Effective Date	The date for which information reports.
Included State Grade Levels	Identifies the state grade levels to include in the report.
Format	The Format in which the report should generate. Options are State Format (CSV) and HTML. Use State Format for reporting information to the state and the other types for data review and verification.
Ad Hoc Filter	Selecting a filter limits the results to only those included in the filter.
Column Headers	Indicates whether Column Headers should be included in the report. This dropdown list applies to State Format (CSV).
Calculate 0198 Records	When this checkbox is marked, a 0198 Poverty record generates for each Free and Reduced Programs Fact record.
Include Core CTE	When this checkbox is marked, each Academic Program Detail (Student Information) record that meets the reporting criteria reports.
Generate Extract/ Submit to Batch	Users have the option of submitting a report request to the batch queue by clicking **Submit to Batch** instead of immediately generating the report by clicking **Generate Extract**. The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.
Select Calendars	Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year.

Programs Fact Extract Layout

Element Name	Description	Campus Database
District Code	The NY + the State District Number for the district number tied to the selected calendar. *Alphanumeric, 8 digits*	System Administration > Resources > District Information > State District Number District.number
Location Code	Identifies the building in which a student is receiving the service. For Programs with a code of 0242, this field reports 000. If the **Location Override** field is populated on an enrollment record (Student Information > General > Enrollments > State Reporting Fields > Location Override) and the record is tied to the calendar selected for the extract, then this field reports the value from the Location Override field. Otherwise, the location code reports from the Location Code field in System Administration. See the Location Code & State Location ID Reporting Table below. *Numeric, 4 digits*	System Administration > Resources > School > Location Code Student Information > General > Enrollments > Location Override
School Year Date	The school year of the Program. Reports as June 30 of the reported school year. *Date field, 10 characters* *YYYY-6-30*	System Administration > Calendar > Calendar > End Date (year only) Calendar.endYear
Student ID	The student's Local Student Number. *Alphanumeric,12 characters*	Census > People > Demographics > Person Identifiers > Local Student Number Person.studentNumber
Programs Code	The service code of the program in which the student is enrolled. *Numeric, 8 digits*	Program.code Lep.programStatus LepServiceType.code v_posEligibilityStateCode.stateCode GraduationSeal.stateSeal HomelessService.serviceType

Beginning Date	The start date of the Program. This field reports the identified date if the date is within the reporting year (or on or before the Effective Date entered on the extract editor as long as it is within the reporting year). Otherwise, the earliest Enrollment Start Date in the calendar reports. If a student has multiple FRAM records where the eligibility values are the same and there is NOT a gap between the earlier record's End Date and the next record's Start Date, the date reports from the Eligibility record with the earliest Start Date. In the instance of a carryover FRAM eligibility for a record that started in the previous year, 07/01 reports as the Beginning Date. *Date field, 10 characters* *YYYY-MM-DD*	Enrollment.startDate ProgramParticipation.startDate POSEligibility.startDate Lep.identifiedDate LepService.startDate GraduationSeal.earnedDate Homeless.startDate HomelessService.startDate

Element Name	Description	Campus Database
Ending Date	The end date of the Program. This field reports the program exit date if the date is within the reporting school year and on or before the Effective Date entered on the report editor. If a student has multiple FRAM records where the eligibility values are the same and there is NOT a gap between the earlier record's End Date and the next record's Start Date, the date reports from the Eligibility record with the latest Start Date. Does not report for Graduation Seal records. An Ending Date does not report for an eligible carryover record for the current year UNLESS an additional eligibility record exists for the current year, the eligibility values are NOT the same, OR there is a gap between when the carryover record ends and the next eligible record begins. *Date field, 10 characters* *YYYY-MM-DD*	Program.endDate Homeless.endDate HomelessService.endDate
