Technical Information

See the Technical Information - Release Pack Campus.2235 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2235) article for a list of schema changes in this release.

Academic Programs

Academic Programs (SIS-156298) **[Enhancement]**

The ability to calculate and update CTE and Seals status has been added. A logical expression can be added to define the requirements for calculation in the Compound Requirements tool. Options have been added to the Course Plan Admin tool to update status for students who meet requirements.

Sync triggers were added to the state seal information when a record is added or modified on a State Edition of Infinite Campus. This information automatically syncs to all DIS districts, but states that use SIF need to manually sync this information.

Article(s): Enter Compound Requirements for Academic Programs, Course Plan Admin, Graduation, Create Academic Programs

Path: Student Information > Program Administration > Academic Programs Setup > Compound Requirements, Student Information > Program Administration > Course Plan Admin, Student Information > General > Graduation, Student Information > Program Administration > Academic Program Setup

Activity Registration

Activity Registration - Auto-Lock Forms (SIS-157215) **[Enhancement]**

An option called Auto Form Lock has been added to the Roster in the Activity Monitor and Activity Dashboard to allow users to auto-complete and lock forms, rather than going through the forms individually. With this option enabled, in conjunction with the Registration Confirmation Process, registrations can be completed automatically when all forms are locked and payment is received.

Article(s): Activity Monitor

Path: Activity Registration > Activity Monitor > Roster > Auto Form Lock

Activity Registration - Various Fixes (SIS-157243)

The following updates have been made to the Activity Registration tool:

- Resolved the server error that occurred when a user was added and removed more than once.
- Added messages to provide more information when product types are removed.
- Resolved the server error that occurred when assigning a Secondary Owner who is already the Primary Owner.
- Revised options in step 5 of the Activity Builder for activities that require Preapproval.
- Previously, if an activity requiring preapproval is created without preapproval being submitted and the user attempts to cancel the activity, the activity did not move to the previous tab with a status of 'Cancelled'. This has been corrected.

Path: Activity Registration

Ad hoc Reporting

Created By and Modified By Fields Added Back to Ad Hoc Reporting (SIS-124059)

Updates were made to ensure the createdByID, modifiedByID, and createdDate fields are now available within Ad hoc Reporting tooling.

Article(s): Ad hoc Reporting

Path: Ad hoc Reporting

Special Ed Program Flag Added to Ad hoc Reporting (SIS-156772)

The Special Ed flag checkbox is now available for use in Ad hoc Reporting tooling.

- Path to Special Ed checkbox - Program Admin > Flags > Special Ed
- Location in Ad hoc – All Fields: Student > Learner > Programs/Flags > Flags > specialEd

Article(s): Filter Designer; Flags

Path: See Paths Above

Assessments

Biliteracy Option Not Displaying (SIS-157818) **[Enhancement]**

The Biliteracy assessment code was not displaying in Nevada, New Hampshire, New Jersey, and Virginia. This has been corrected. The code BIL: Biliteracy has been added to the state dictionary for these states, so it displays as an Assessment Type option.

Article(s): Assessment Center, Test Setup

Path: Assessment > Assessment Center; Assessment > Test Setup

State Code Drop List Notification (SIS-157937) **[Enhancement]**

A notification displays when adding a State Code to a State Test when the drop list options include the codes / values for individual states. For example, the message displays if the assigned State Code is ‘SD: South Dakota’. The notification reminds the user that assigning a State Code to a test prevents districts from editing the test.

Article(s): Assessment Center

Path: Assessment > Assessment Center > Test Detail > State Test > State Code

State Edition Assessment Publication Update (SIS-157943) **[Enhancement]**

State Edition users can publish tests designated as 'District Assessments'. These assessments display as options under the Select Test section of the Publish Test tool.

Article(s): Publish Test Scores and Structures

Path: Assessment > Test Setup > Publish Test

Attendance

Daily Attendance Caller Report, Summary Report Formatting (SIS-156687)

When generating the Caller Report or the Summary Report from Daily Attendance in DOCX format, the header of the report and the alternate row shading were not displaying when there are 12 periods in the calendar. This has been corrected.

Article(s): Daily Attendance

Path: Attendance > Daily Attendance > Summary Report, Caller Report

Consecutive Absence Report - CSV Format (SIS-157735) **[Enhancement]**

The Consecutive Absence Report can now be generated in CSV Format.

Article(s): Consecutive Absence Report

Path: Attendance > Reports > Consecutive Absence

Campus Instruction

Assignments - Term Mask (SIS-114553)

When a Term Mask is unmarked on the Courses > Grading Tasks tab, assignments in that Term are moved to another term. Previously, if the Term Mask checkbox was re-marked, assignments sometimes did not move back correctly. This has been corrected.

Article(s): Grading Tasks (Courses)

Path: Scheduling > Courses > Grading Task > Term Mask

Duplicate Scores in Score Groups and Rubrics (SIS-124392)

Previously, if a score group or rubric included scores with the same Score and a student received that score, the Term GPA used the GPA value twice in calculation. Score Groups and Rubrics have been updated so that they can no longer include options with the same Score value.

Article(s): Score Groups and Rubrics

Path: Grading & Standards > Score Groups & Rubrics

Grade Book Term Dates (SIS-129626)

Previously, if accessing the Grade Book prior to the start of Term 1, the default Term selected was

the last term of the year. This has been corrected.

Article(s): The Basics: Grade Book

Path: Instruction > Grade Book

Grade Book Section Dropdown List (SIS-131803)

Previously, sections scheduled into the same period did not sort correctly in the Section dropdown list. This has been corrected.

Article(s): The Basics: Grade Book

Path: Instruction > Grade Book

Multi-Post Grades Fix (SIS-142642)

Previously, the Post from Term and Task did not fill down correctly in step 1 of the Multi-Post Grades tool. This has been corrected.

Article(s): Multi-Post Grades

Path: Instruction > Grade Book > Settings > Multi-Post (for example)

Multi-Post Grades - Canned Comments (SIS-143367)

Previously, if a user entered canned comments that included a hyphen in the Multi-Post Grades tool, the comment was cut off. This has been corrected.

Article(s): Multi-Post Grades

Path: Instruction > Grade Book > Settings > Multi-Post Grades (for example)

Attendance in Advisory (SIS-154446)

Previously, if teachers clicked a date in the Attendance section of Advisory, they could receive a permissions error indicating that they do not have access. Teachers only need tool rights to Advisory to view data in that tool. The permissions issue has been resolved and teachers can now view attendance data in Advisory, even if they don't have tool rights to Student Information tools.

Article(s): Advisory

Path: Instruction > Advisory > Attendance

Missing Assignment Report Fix (SIS-154802)

The Missing Assignments report has been updated to no longer exclude assignments that are excluded from grade calculation.

Article(s): Missing Assignments Report

Path: Instruction > Reports > Missing Assignments

Section Groups in Reports (SIS-155096)

Instruction reports have been updated to no longer incorrectly include Section Groups in section dropdown lists.

Article(s): Instruction Reports

Path: Instruction > Reports

Adding Assignments as a Guest (SIS-158018)

Previously, users were unable to add assignments when accessing the Grade Book as a guest if the user did not have access to Campus Learning. This has been corrected.

Article(s): Guest Access to Grade Book

Path: Scheduling > Courses > Section > Grade Book

Assignment Count in Teaching Center (SIS-158019)

Previously, when a teacher opened an assignment and scored it from the Teaching Center, the unscored assignment count did not update correctly until the Teaching Center was refreshed. This has been corrected.

Article(s): Teaching Center

Path: Instruction > Teaching Center

Campus Learning

Curriculum Planner - Read-Only Access (SIS-129828)

Tool rights for the Curriculum Planner have been updated so that if a user only has Read rights to the tool, their access is limited to only viewing the planner.

Article(s): Curriculum Planner

Path: Scheduling > Courses > Curriculum Planner

Non-Campus Assignment Defaults (SIS-150195)

Previously, the Non-Campus Assignment Defaults tool did not display if a district had only OneRoster 1.2 connections. This has been corrected so that this tool displays for all teachers whose district has OneRoster connections.

Article(s): Non-Campus Assignment Defaults

Path: Instruction > Grade Book > Settings > Non-Campus Assignment Defaults

Scoring Discussions (SIS-157871)

Previously, if a user clicked the Score button when viewing a discussion, an error occurred. This has been corrected.

Article(s): Scoring Discussions

Path: Instruction > Teaching Center > Unscored Assignments > Discussion > Score

Importing Non-Conformant Cartridges (SIS-158212)

Improvements have been made to the process for importing curriculum cartridges to account for cartridges that do not conform to the correct specifications.

Article(s): Importing Curriculum

Path: Instruction > Curriculum Library > Import

Campus Student/Parent

Missing Assignments in Campus Student/Parent (SIS-158113)

Previously, if a student had missing assignments in both the extended previous school year and the current school year and student viewed the Assignments tool in the context of the current school year's enrollment, the Missing filter showed missing assignments from both the current and previous school years. This has been corrected.

Article(s): Campus Student, Campus Parent

Path: Campus Student/Parent > Assignments > Missing filter

Custom

Custom Tool Placement Editor Incorrectly Allowing Invalid Characters in URLs (SIS-147878)

The Custom Tool Placement Editor was incorrectly allowing invalid characters to be entered and saved in URLs, causing numerous issues within Infinite Campus. This issue was corrected.

All existing URLs containing invalid characters have had these characters replaced with a space.

Article(s): Custom Tool Placement Editor

Path: System Administration > Custom > Custom Tool Placement Editor

Ed-Fi

Ed-Fi Error Log Update (SIS-157316)

The Retry functionality in the Ed-Fi Error Log has been updated to improve performance.

Article(s): Ed-Fi Error Log

Path: System Administration > Ed-Fi > Ed-Fi Tools > Error Log

Ed-Fi - Reconciliation Report Update (SIS-157942)

The ‘Map to data field’ dropdown list in the Ed-Fi Reconciliation tool has been updated to include the Student State Id and Local Student Number fields to allow users to map to these fields.

The 'Students without an Ed-Fi ID' exclude option has been updated to 'Students without the selected ID'. The logic for the 'Students without the selected ID' field has been updated to exclude students with a missing id based on the id field that is mapped.

Article(s): Ed-Fi Reconciliation

Path: System Administration > Ed-Fi > Ed-Fi Reconciliation

Ed-Fi - Student Parent Associations Performance Update (SIS-158050) **[Enhancement]**

A query within the Student Parent Associations resource has been updated to help improve performance when resyncing by Person ID.

Article(s): N/A

Path: System Administration > Ed-Fi

Enrollment

Enrollment Cleanup Wizard - Grade Level Issue (SIS-154875)

When using the Enrollment Cleanup Wizard to remove enrollments in future calendars AND Student Assignment Validation is enabled, non-numeric grade levels caused an error to occur. This has been corrected.

Article(s): Enrollment Cleanup Wizard

Path: System Administration > Student > Enrollment Cleanup Wizard

Enrollment Cleanup Wizard - Batch Sync Event (SIS-157514) **[Enhancement]**

In the previous release, the Enrollment Cleanup Wizard was modified to include update functionality. With that change, a Batch Sync event had to be manually performed in order to sync the records from district to state edition.

Now, a Batch Sync event is automatically created, scoped to the destination calendar of the cleanup action, that pushes updates to enrollment, roster, and graduation records that have been modified by the cleanup action to the state edition. This only happened when the destination calendar end year matches the zone end year.

Article(s): Enrollment Cleanup Wizard

Path: System Administration > Student > Enrollment Cleanup Wizard

Fees

Ad hoc - Total Due All Years Updated (SIS-145826)

The "totalDueAllYears" filter field was created to report a value for active students even if they do not have a current year fee assigned (paid or unpaid).

Article(s): Fees Filter Fields for Ad hoc Reporting

Path: Ad Hoc Reporting > Filter Designer

Fees Wizard Report Now Includes Message when Previewing (SIS-153764)

The following message was added to the top of the Fee Wizard Report when run in Preview mode: THIS IS A PREVIEW - DATA HAS NOT BEEN UPDATED.

Article(s): Fees Wizard

Path: Fees > Wizards > Fees Wizard

Fees - Removing Exempt Displays Different Fee Assignment (SIS-155850)

Removing the Exempt checkbox from a fee caused a second fee to display after saving the Exempt to Non-Exempt change. This has been corrected.

Article(s): Fees

Path: Student Information > General > Fees

Fees - Payment for Less Than Amount Due (SIS-157802)

When paying a fee using the Process Credit/Debit Card Payment Method, entering a Payment Amount of less than the Fee Balance caused the full balance of the fee to be processed (up to the fee maximum amount) rather than the amount entered. This has been corrected.

Article(s): Record Fee Payments

Path: Student Information > General > Fees

Fees Display on Parent Portal (SIS-158357)

Fees for students who had a relationship with another household OR who did not have an active relationship established with the parent (listed as non-household relationship) were visible when parents viewed fees in the Portal. This has been corrected.

Article(s): Campus Parent Portal

Path: Campus Parent Portal

Forms

Custom Forms Table Creation Outage Fix (SIS-158287)

An issue when creating a new Custom Form database table has been resolved by removing the foreign key on Person from the new Forms table.

Article: Custom Forms

Path: System Administration > Custom Forms

Grading Setup

Duplicate Scores in Score Groups and Rubrics (SIS-124392)

Previously, if a score group or rubric included scores with the same Score and a student received that score, the Term GPA used the GPA value twice in calculation. Score Groups and Rubrics have

been updated so that they can no longer include options with the same Score value.

Article(s): Score Groups and Rubrics

Path: Grading & Standards > Score Groups & Rubrics

Health

Vaccine Setup Validation Added (SIS-157841)

Previously, an error occurred on the Student Immunizations tool when the vaccine data entered on the tool was not linked to a vaccine on the Vaccine Setup tool. To fix this, validation has been added to the Vaccine Setup Rule Conditions for all vaccines that if the minimum dose count is greater than or equal to 1, users must save one or more vaccines per rule.

Article: Immunizations; Vaccines

Path: Student Information > Health > General > Immunizations; System Administration > Health > Vaccines

Article(s): Messenger 2.0

Path: Communication > Messenger > Messenger 2.0

OneRoster

OneRoster - OAuth and Base URL Updates - Action Required (SIS-156159) **[Enhancement]**

As a result of 1EdTech (IMS Global) deprecating the OAuth 1 security version, district users need to take action to update OneRoster connections. Additionally, the Base URL for all OneRoster connections has been updated. This new URL must be shared with vendors. A Connection Tracker has been added to the Learning Interoperability tool to assist users in managing these updates.

Connections using OneRoster 1.1 with OAuth 1

- Support of OAuth 1 will end on **June 30, 2023**. At that point, any connections still using OAuth 1 will stop working.
- Users must replace any connections using OAuth 1 with connections using OAuth 2 prior to that date.
- Further instructions are provided in the OneRoster Migration Instructions article, including partner-specific information.

Connection using OneRoster 1.1 with OAuth 2 or OneRoster 1.2

- Base URLs for all OneRoster connections have been updated. This URL is part of the credentials shared with partners when a new connection. The new URL must be shared with vendors prior to **June 30, 2023**.

Hawaii Special Ed Evaluation Updates (SIS-157032)

Several updates have been made to the Hawaii Evaluation (HI Eval 2022 print format), including:

- validation has been added to the Assessment Needed dropdown on the Evaluation Status editor when No is selected, the Assessment Report editor is marked as Not Needed. When Yes is selected, the Assessment Report editor is required in order to Complete the Evaluation.
- the Consent Sent Date and Consent Received Date fields on the Evaluation Status editor are now read only fields. Both values display on the Consent for Assessment Editor. Consent Sent Date pulls from the Provided to Parent Date field. Consent Received Date pulls from the School Received Consent Form Date field. The Consent Sent Date field is no longer required.
- the Case Manager Phone field has been removed from the Student Information editor.
- the Examiners field on the Assessments Report editor is now a multi-select field. Those people listed as Active team members who are staff on the student's Team Members tool OR those manually entered display in this list.
- the Pre-referral Interventions fields has been turned into a multi-select field on the following sections of the Assessment Reports editor: Academic, Observation, Occupational Therapy, Physical Therapy, and Speech and Language.
- the "Length of time Interventions are provided" field on the Reason for Referral editor has been changed from a number field to a text field so users can enter time such as "4 weeks." The pagination on this editor has also been fixed to display the correct number of pages within the Interventions Summary area.
- the Area of Concern field on the Summary and Interpretations of Evaluation Data editor has been updated from a text field to a dropdown. The values available in this dropdown are those marked under the "Areas related to suspected disabilities" area on the Reason for Referral editor. The pagination on this editor has also been fixed to display the correct number of pages within the Summary of Findings in area(s) of Concern area.
- once a team member record has been created for that person on the Evaluation Team Information editor, that person's name cannot be used to create a new record. This prevents users from creating duplicate records.
- the values available in the Eligibility Category dropdown on the Eligibility Decision editor only displays values marked as Eligible on the Eligibility Criteria checklists.
- on the Prior Written Notice editor, the Admin/Designee name that displays is whoever is listed on the most associated Conference Actual with a Role of Principal OR Vice Principal and is listed as Attended. Otherwise, the person marked as Admin/Designee displays.

Several large updates have been made to the Conference editors. Updates to the Conference Announcement editor include:

- the options available in the Role dropdown have been updated to include Guardian and Student.
- the following fields have been moved to the Conference Actual editor: Excused checkbox, Reason for Excusal field, Admin/Designee checkbox, and the Admin/Designee Statement.

Updates to the Conference Notification editor include:

- the No value in the Mutually Agreed Upon dropdown has been updated to "No (after 3 attempts consult with your DES)."
- the following fields have been removed under the 1st, 2nd, and 3rd Notification area: Notified Date, Notified By, Notify Method, and Notified Outcome.
- the Notification Tracking section has been moved to be above the Outside Agency Parent Consent Tracking section.

Updates to the Conference Actual editor include:

- multiple checkboxes can now be selected for the the Conference Purpose Actual fields.
- names can now be manually entered into the Attendance area.
- the following fields have been added; Excused checkbox, Reason for Excusal field, Admin/Designee checkbox, and the Admin/Designee Statement. Those marked as Guardian, Student, Principal, Vice Principal, any District Defined roles or anyone who is manually entered cannot be marked as Admin/Designee. Those marked as Guardian, Student, any District Defined roles or anyone who is manually entered cannot be marked as excused.
- the Reason for Excusal field is required when the Excused checkbox is marked. The Admin/Designee Statement is also required when the corresponding Admin/Designee checkbox is marked.

- When > 1 service exists with the same latest Start Date that is before or equal to the current date and End Date, report the service with the highest Code (Example: when 01 and 02 service exist, reports 02).

Logic for the StudentSchoolEnrollment/SealOfBiliteracy element has been updated to the following:

- If Local Enrollment Status is 1921
  - Report value selected in Seal of Biliteracy.
    - If multiple records exist, report the most recent based on date earned
    - If multiple records exist with the same date, report based on the largest record id
  - If no value entered, report Default value set in Graduation State Seal dictionary
  - If null, report 00.
- Else, report 00

The following updates were made to the Student Attendance Summary object:

- Population logic was updated to only include enrollments based on the following date logic:
  - If the request from the state has a filter date, then the enrollment start date must be <= the filter date
  - If the request does NOT have a filter date, then the enrollment start date must be <= the current date
- All calculations were updated to report values through the dates below:
  - If the request from the state has a filter date, report through the filter date
  - If the request does NOT have a filter date, report through the current date
- Logic for the Unexcused Absences field was updated with the following:
  - Removed logic around Truancy Days.
  - Removed logic around in person days.
- Removed logic around Virtual Truancy Days from the Days Absent Remote field.
- DaysAttended and DaysAttendedRemote fields were updated to no longer look at Truancy Days or Virtual Truancy Days for calculations

The following trigger updates were made to the StudentPersonal object:

- Removed change trigger for when a student's enrollment start date is updated from after the state reported date to be equal to or before the state reported date
- Removed delete trigger for when a student's enrollment start date is updated from before or equal to the state reported date to after the state reported date on the only enrollment for a given school year

Population logic for the StudentPersonal object has been updated to send records for all primary enrollments that are active within the scope year.

The following StudentPersonal object elements were updated to use the current date instead of state reported date:

- Gender
- EnglishProficiency/Code
- DwellingArrangement/Code
- Homeless
- HighSchoolCompleterPlans
- LEPStudentsInTheirFirstYearInUSSchools
- LowIncomeStatus
- MemberofMilitaryFamily
- SLIFE

The following updates were made to the StudentSectionEnrollment object:

- Trigger logic was updated to trigger a change when a day event on the calendar is changed to or from ‘SD’ for a date that is the roster end date of a student with a local enrollment status of 1921, 1928 or grade KP, KT, or KF.

Logic for the StudentSectionEnrollment/CourseEnrollmentStatus element has been updated to the following:

- If Local Enrollment Status is 1921 or 1928 OR grade level is 'KP', 'KT', or 'KF' and Roster End Date = NOT Null and Roster End Date = the calendar day in the enrollment calendar with a Day Event = SD and course term end date is < = the state reporting date, report 03
- If Roster End Date is null or Roster End Date is <= the state reporting date and Roster Enrollment Status is not null, report Roster Enrollment Status
- Else:
    - If Local Enrollment Status is 1921 or 1928 OR grade level is 'KP', 'KT', or 'KF' and Roster End Date = NOT Null and Roster End Date = the calendar day in the enrollment calendar with a Day Event = SD and course term end date is < = the state reporting date, report 03
    - When student has a (latest) score mapped to 50 in a Grading Task or Standard with both State Reported and Final Checked, report 05.
    - When student has a (latest) score mapped to 40 in a Grading Task or Standard with both State Reported and Final Checked, report 04.
    - When any of the following conditions are met, report 02:
        - Roster End Date = NOT Null and before course/section Term End Date AND Roster End Date is before State Reporting Date
        - When student has a (latest) score mapped to 21,22 or 23 in a Grading Task or Standard with both State Reported and Final Checked
    - When any of the following conditions are met, report 03:
        - When the course term end date is <= the state reporting date and the roster end date is null, equal to or after the term end date
        - When student has a (latest) score that is not mapped to 21,22, 23, 40 or 50 in a Grading Task or Standard with both State Reported and Final Checked and Roster End Date is null or is <= the state reporting date

Minnesota - Direct Admission Survey Now Available (SIS-156927) **[Enhancement]**

The Direct Admission Survey is now available for Minnesota users. Using the Survey Designer tool, districts/schools can send out the Direct Admission Survey which allows students to select and indicate which post-secondary schools they have an interest in receiving additional information. Within the Survey Designer tool, the Direct Admission Survey is separated into 6 versions, each representing a corresponding DSPA Reported Tier. This means if the district sends out the survey for Tier 5, only students with a DPSA Reported Tier of 5 will receive the survey.
