The SIRS Student Lite Extract collects basic student demographic and enrollment information.

*Student Lite Editor*

# Report Logic

Students enrolled in the calendar(s) selected on the extract editor report.

Students are NOT included if

- their enrollment record is marked as State Exclude;
- their enrollment record is marked as No Show;
- their Grade Level of enrollment is marked as State Exclude; or
- their Calendar of enrollment is marked as State Exclude.

If a student has multiple non-state-excluded enrollment records in a given calendar, a single record reports based on the enrollment record that has the highest primacy ranking based on the

following chart:

| Type | Primacy |
|------|---------|
| P: Primary (if more than one, most recent start date) | 1 |
| S: Partial (if more than one, most recent start date) | 2 |
| N: Sped (if more than one, most recent start date) | 3 |

# Extract Editor Field Descriptions

| Field | Description |
|-------|-------------|
| **Extract Type** | The SIRS Extract to be run. |
| **Effective Date** | The date for which information reports. |
| **Included State Grade Levels** | Identifies the state grade levels to include in the report. |
| **Format** | The Format in which the report should generate. Options are State Format (CSV) and HTML. Use State Format for reporting information to the state and the other types for data review and verification. |
| **Ad Hoc Filter** | Selecting a filter limits the results to only those included in the filter. |
| **Column Headers** | Indicates whether Column Headers should be included in the report. This dropdown list applies to State Format (CSV). |
| **Include Guidance Counselor** | When this checkbox is marked, the Guidance Counselor ID element reports the Staff State ID of the counseling team member. |
| **Use Protected Identity** | When this checkbox is marked, the student's protected identity information reports. |
| **Generate Extract/ Submit to Batch** | Users have the option of submitting a report request to the batch queue by clicking **Submit to Batch** instead of immediately generating the report by clicking **Generate Extract**. The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article. |
| **Select Calendars** | Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year. |
