You are viewing a previous version of this article. See [Special Education Template \(Pennsylvania\)](#) for the most current information.

[Report Logic](#) | [Report Editor](#) | [Generate the Special Education Template](#) | [Report Layout](#)

**Classic View:** PA State Reporting > Special Education Extracts > Special Education Template

**Search Terms:** Special Education Extracts

The Special Education Template describes the primary details of students' participation in special education programming and services as of December 1 of the current school year. Only students in school age programs K4-12 who have a valid IEP on December 1 are included in the December Submission.

## Report Logic

If the Resident District (Student Information > General > Enrollments > State Reporting Fields > Resident District) does not match the State District Number (School > Resources > District Information > State District Number), the student does NOT report.

In order to be included in the **December Reporting Period**, a student must be:

- Actively enrolled with a primary enrollment type as of the entered Effective Date on the report editor AND
- Have an Enrollment Special Education Status of Y AND
- Have a locked IEP as of the Effective Date. The student's IEP End Date can be before the entered Effective Date but must be within the reporting year.

An enrollment that ends AFTER the Effective Date is not reported.

One record per district code, school year date, student ID and snapshot date is reported.

For the **July Reporting Period**, there are two report populations reported for any student ever enrolled in the selected calendar (previous school year):

1. All students age 14 or older report, as of the entered Effective Date, who had an active IEP during the report period.
  - The IEP must be locked.
  - The IEP Start Date is before or within the instructional days of the selected calendar. That means the IEP Start Date can begin in the previous school year with an end date in the current school year.
  - The IEP End Date is within or after the instructional days of the selected calendar.
  - The student has an Enrollment Special Ed Status of E or Y within the school year.

2. Any student who has the "Does the student have a transition plan as part of their IEP?" marked on their Transition State Reporting editor of the IEP.
  - The IEP must be locked.
  - The IEP Start Date is before or within the instructional days of the selected calendar. That means the IEP Start Date can begin in the previous school year with an end date in the current school year.
  - The IEP End Date is within or after the instructional days of the selected calendar.
  - The student's Enrollment End Date is not populated or is within the instructional days of the selected calendar.

## Report Editor

Field	Description
<b>Extract Type</b>	Determines the type of Extract being generated. For this extract, select <b>Special Education Template</b> .
<b>Reporting Period</b>	Indicates the time of year for which the extract is being generated. Options are December or July.
<b>Effective Date</b>	Entered date causes the extract to report all students actively enrolled as of that date and/or all data as of this date. This date entered is considered the end date of the reporting period, unless it is a snapshot extract.
<b>Report All Resident Districts</b>	When marked, students report whose Resident District does not match the Enrolled District.
<b>Format</b>	Determines how the extract generates. Extracts can be generated in State Format (comma delimited) or HTML. Use the HTML format for reviewing and verifying data prior to submission to the state. Use the State Format for submitting the data to the Department of Education.
<b>Report Protected Identities</b>	When marked, last name, first name, middle name, suffix, and gender information reports from the <a href="#">Protected Identity Information</a> section on the Identities editor, if the fields are populated.
<b>Report All Addresses</b>	When marked, address fields included in the report (Address 1, Address 2, City, State, Zip) report for each student record. When not marked, address information only reports for Special Education and CTE students only.
<b>Ad hoc Filter</b>	Select an existing ad hoc filter from which to report students. Only those students included in the <b>Student</b> Data Type filter and who meet the reporting population are included in the extract.
<b>Select Grades</b>	Select which grade levels to include on the report.
<b>Calendars</b>	At least one calendar must be selected when generating an extract. Calendars can be selected by the Active Year, by School or by Year. If a calendar is chosen in the Campus toolbar, that calendar is automatically be selected.

Field	Description
<b>Report Generation</b>	To generate the report immediately, use the <b>Generate Extract</b> option. To choose when the report generates, use the <b>Submit to Batch</b> option. Submit to Batch is useful when generating the report for several calendars or for larger amounts of data being reported. See the <a href="#">Batch Queue</a> article for more information.

## Generate the Special Education Template

1. Select **Special Education Template** from the **Extract Type** from the dropdown list.
2. Select the appropriate **Reporting Period**.
3. Enter the **Effective Date** of the extract in *mmdyy* format or use the calendar icon to select a date.
4. Select the **Format** of the extract.
5. Select the appropriate **Calendar(s)** from which to include data on the extract.
6. Click the **Generate Extract** button or the **Submit to Batch** button, if available. The extract displays in the selected format.
