State Reporting Transportation Modifications

Tool Search: Transportation

The student Transportation tab provides a space for users to record a student's transportation information. From here, users are able to define a student's bus stop(s). bus(es) used during the school day, typical arrival/departure times and the amount of miles transported per day.

Information on this page relates to Kansas districts only. All other users, see the Student Transportation page for information.

# State Reporting Transportation Modifications

Transportation information is reported in KIDS Extract.

## Transportation and Enrollment Fields

The **Transportation FTE** field on the student's enrollment record displays but is not editable. Data from that field displays in the Transportation FTE field on the student's Transportation record.

## KIDS Collection Extract Modifications

- Miles Transported (field 48 on the KIDS ENRL and MILT) reports values entered on the **Miles Transported Field** on the Transportation record. This is based on the most recent value within the calendar and date range selected for the report.
- Transportation FTE (field 49 on the KIDS ENRL and MILT), reports values entered on the T**ransportation FTE Field** on the Transportation record. This is based on the most recent value within the calendar and date range selected for the report.
- Non-Resident Transportation (field 53 on hthe ENRL and MILT)Field D53-D55 reports when the **Transported at District Expense Field** is marked on the Transportation record. This is based on the most recent value within the calendar and date range selected for the report.
