

Immunization Rules (Colorado) [.2211 - .2243]

Last Modified on 10/19/2022 9:40 am CDT

You are viewing a previous version of this article. See [Immunization Rules \(Colorado\)](#) for the most current information.

[General Compliance | Immunizations](#)

Classic Path: [System Administration](#) > [Health](#) > [Vaccines](#)

Search Terms: [Vaccines](#)

Health vaccines and their associated compliance listings are based on state guidelines. Vaccine requirements for Colorado are hard-coded. The following information describes vaccine compliance rules as defined by the Colorado Department of Health.

Colorado follows the CDC ACIP recommendations for vaccinations.

A State Exemption code allows mapping of vaccines to an appropriate exemption code, as follows. These mappings are entered on the [Vaccine Exemptions](#) tool.

- M: Medical
- N: Non-Medical
- L: Lab Verified

All immunizations follow the spacing rules as follows:

- A student who did not have the fourth dose on or after four years should be able to get a fifth dose on or after four years and be compliant if the spacing is correct, but they do not become compliant with a fifth dose on or after four years of age.

For more information on the creation, modification or deletion of vaccine compliances, see the [Vaccines](#) page.

General Compliance

- Vaccine doses administered less than or equal to four days before the minimum interval of age are valid and are considered compliant.
- Vaccine doses administered less than or equal to five days before the minimum interval of age are NOT valid and are considered NOT compliant.
- Doses of Varicella and MMR must be given on the same day, or at least 28 days apart.
- For calculation purposes, 4 weeks = 28 days. Intervals of four months or greater are determined by calendar months.

Immunizations

Hepatitis B | DTaP | Tdap | Hib | Pneumococcal | Polio | MMR | Varicella

Hepatitis B

Students enrolled in Grades K-12

Rule	Requirements
1 dose 0-1 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 1 month old, and the student receives one dose of the Hepatitis B (Hep B) vaccine.
2 doses 2-3 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 2 months, but no older than 3 months old, the student receives two doses of the Hepatitis B (Hep B) vaccine, and the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.
3 doses <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student receives three doses of the Hepatitis B (Hep B) vaccine, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the last dose and the second valid dose is greater than 56 days with a 4 day tolerance, the difference between the last dose and the first valid dose is greater than 112 days with a 4 day tolerance, and the difference between the last dose and the student's birthdate is greater than 168 days with a 4 day tolerance.
2 doses Hep B-2 Over 11 yrs <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 132 months old, the student receives two doses of the Hepatitis B - 2 dose (Hep B - 2 Dose) vaccine, and the difference between the second dose and the previous is greater than 4 months with a 4 day tolerance.

Rule	Requirements
1 dose Hep B-2 Over 11 yrs <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 132 months old, the student receives one dose of the Hepatitis B - 2 dose (Hep B - 2 Dose) vaccine, and the difference between the last dose and the effective date is less than 3 months with a 1 day tolerance.
2 doses <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives two doses of the Hepatitis B (Hep B) vaccine, and the difference between the last dose and the effective date is less than 56 days with a 0 (zero) day tolerance.
1 dose <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the Hepatitis B (Hep B) vaccine, and the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.

DTaP

Rule	Requirements
Age 0-1 <i>No Requirement</i>	Students age 0-1 months old are not required to receive any doses of the DT, Td, Tdap, or DTaP-DTP vaccine.
1 dose Age 2-3 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 2 months, but no older than 3 months old, the student receives one dose of the DT, Td, Tdap, or DTaP-DTP vaccine, and the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance.

Rule	Requirements
<p>2 doses Age 4-5 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 4 months, but no older than 5 months old, • the student receives two doses of the DT, Td, Tdap, or DTaP-DTP vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.
<p>3 doses Age 6-14 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 6 month, but no older than 14 months old, • the student receives three doses of the DT, Td, Tdap, or DTaP-DTP vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and • the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance.
<p>4 doses under 4 <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 47 months old, • the student receives four doses of the DT, Td, Tdap, or DTaP-DTP vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the fourth dose and the previous is greater than 4 months with a 4 day tolerance, and • the difference between the fourth dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Requirements
<p>4 doses PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grade: 004: Pre-kindergarten (Preschool), • the student receives four doses of the DT, Td, Tdap, or DTaP-DTP vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the fourth dose and the previous is greater than 4 months with a 4 day tolerance, and • the difference between the fourth dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>4 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives four doses of the DT, Td, Tdap, or DTaP-DTP vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the fourth dose and the previous is greater than 4 months with a 4 day tolerance, and • the difference between the fourth dose and the student's birthdate is greater than 48 months with a 4 day tolerance.
<p>6 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives six doses of the DT, Td, Tdap, or DTaP-DTP vaccine.

Rule	Requirements
3 doses 7+ Compliant	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 84 months old, the student receives three doses of the DT, Td, Tdap, or DTaP-DTP vaccine, the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and the previous is greater than 6 months with a 4 day tolerance, and the difference between the last dose and the student's birthdate is greater than 84 months with a 4 day tolerance.
4 doses 7+ Compliant	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 84 months old, the student receives four doses of the DT, Td, Tdap, or DTaP-DTP vaccine, the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the fourth dose and the previous is greater than 6 months with a 4 day tolerance, the difference between the last dose and the student's birthdate is greater than 84 months with a 4 day tolerance.
3 doses In Progress	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 84 months old, the student receives three doses of the DT, Td, Tdap, or DTaP-DTP vaccine, and the difference between the last dose and the effective date is less than 5 months with a 1 day tolerance.
2 doses 7+ In Progress	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 84 months old, the student receives two doses of the DT, Td, Tdap, or DTaP-DTP vaccine, and the difference between the last dose and the effective date is less than 5 months with a 1 day tolerance.

Rule	Requirements
1 dose <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the DT, Td, Tdap, or DTaP-DTP vaccine, and the difference between the dose and the effective date is less than 28 days with a 0 (zero) day tolerance.

Tdap

Rule	Requirements
1 dose <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 060, 070, 080, 090, 100, 110, 120, the student receives one dose of the Tdap or DTaP-DTP vaccine, and the difference between the dose and the student's birthdate is greater than 120 months with a 4 day tolerance.
No doses <i>Non-compliant</i>	Students in state grade: 060, 070, 080, 090, 100, 110, 120 who have not received any doses of the Tdap or DTaP-DTP vaccine are considered non-compliant.

Hib

Rule	Requirements
Age 0-1 months <i>No requirement</i>	Students 1 month old or younger are not required to receive any doses of the Haemophilus influenza, type B (Hib) vaccine.
Age 5 yrs and older <i>No requirement</i>	Students 60 months (5 years) old and older are not required to receive any doses of the Haemophilus influenza, type B (Hib) vaccine.

Rule	Requirements
<p>1 dose Age 2-3 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 2 months, but no older than 3 months old, the student receives one dose of the Haemophilus influenza, type B (Hib) vaccine, and the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance.
<p>2 doses Age 4-5 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 2 months, but no older than 3 months old, the student receives two doses of the Haemophilus influenza, type B (Hib) vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.
<p>3 doses <7 months 1st shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is no older than 11 months old, the student receives three doses of the Haemophilus influenza, type B (Hib) vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the first dose and the student's birthdate is less than 6 months with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance.
<p>3 doses 7-11 months 1st shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is no older than 11 months old, the student receives three doses of the Haemophilus influenza, type B (Hib) vaccine, the difference between the first dose and the student's birthdate is greater than 7 months with a 4 day tolerance, the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the third dose and the previous is greater than 56 days with a 4 day tolerance.

Rule	Requirements
------	--------------

<p>3 doses 12-59 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months, but no older than 59 months old, • the student receives three doses of the Haemophilus influenza, type B (Hib) vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the previous is greater than 56 days with a 4 day tolerance, and • the difference between the third dose and the student's birthdate is greater than 12 months.
---	---

Rule	Requirements
<p>4 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives four doses of the Haemophilus influenza, type B (Hib) vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the second dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the student's birthdate is greater than 11 months, and • the difference between the fourth dose and the previous is greater than 56 days with a 4 day tolerance.
<p>2 doses 12-14 months 1st shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives two doses of the Haemophilus influenza, type B (Hib) vaccine, • the difference between the second dose and the previous is greater than 56 days with a 4 day tolerance, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the first dose and the student's birthdate is less than 14 months with a 4 day tolerance
<p>1 dose 15 months 1st shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives one dose of the Haemophilus influenza, type B (Hib) vaccine, and • the difference between the first dose and the student's birthdate is greater than 15 months with a 4 day tolerance.

Rule	Requirements
1 dose In Progress before 1yr <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the Haemophilus influenza, type B (Hib) vaccine, the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance, and the difference between the last dose and the student's birthdate is less than 11 months with a 0 (zero) day tolerance.
1 dose In Progress after 1yr <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the Haemophilus influenza, type B (Hib) vaccine, the difference between the last dose and the effective date is less than 56 days with a 0 (zero) day tolerance, and the difference between the last dose and the student's birthdate is greater than 12 months with a 0 (zero) day tolerance.
2 doses <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives two doses of the Haemophilus influenza, type B (Hib) vaccine, the difference between the last dose and the effective date is less than 56 days with a 0 (zero) day tolerance.

Pneumococcal

Rule	Requirements
Age 0-1 months <i>No Requirement</i>	Students age 0-1 month old are not required to receive any doses of the Pneumococcal (PPV) vaccine.
Age 5 and older <i>No Requirement</i>	Students age 60 months (5 years) old or older are not required to receive any doses of the Pneumococcal (PPV) vaccine.
1 dose required ages 2-3 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 2 months, but no older than 3 months old, the student receives one dose of the Pneumococcal (PPV) vaccine, and the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance.

Rule	Requirements
<p>2 doses required age 4-5 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 4 months, but no older than 5 months old, • the student receives two doses of the Pneumococcal (PPV) vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and • the difference between the second dose and previous is greater than 28 days with a 4 day tolerance.
<p>3 doses 6-11 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 6 months, but no older than 11 months old, • the student receives three doses of the Pneumococcal (PPV) vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and previous is greater than 28 days with a 4 day tolerance, and • the difference between the second dose and the student's birthdate is greater than 42 days with a 4 day tolerance.
<p>4 doses 12 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives two doses of the Pneumococcal (PPV) vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and previous is greater than 28 days with a 4 day tolerance, • the difference between the fourth dose and the previous is greater than 56 days with a 4 day tolerance, and • the difference between the first dose and the student's birthdate is less than 6 months with a 4 day tolerance.

Rule	Requirements
<p>3 doses 12 months 7-11 shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives three doses of the Pneumococcal (PPV) vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and previous is greater than 56 days with a 4 day tolerance, • the difference between the second dose and the student's birthdate is greater than 7 months with a 4 day tolerance, • the difference between the second dose and the student's birthdate is less than 11 months with a 4 day tolerance, and • the difference between the third dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>3 doses 12 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives three doses of the Pneumococcal (PPV) vaccine, • the difference between the first dose and the student's birthdate is greater than 7 months with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the second dose and previous is greater than 56 days with a 4 day tolerance, and • the difference between the third dose and previous is greater than 56 days with a 4 day tolerance.
<p>2 doses 12 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives two doses of the Pneumococcal (PPV) vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the second dose and previous is greater than 56 days with a 4 day tolerance.

Rule	Requirements
1 dose over 24 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student receives one doses of the Pneumococcal (PPV) vaccine, and the difference between the first dose and the student's birthdate is greater than 24 months with a 4 day tolerance
In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one doses of the Pneumococcal (PPV) vaccine, and the difference between the dose and the effective date is less than 28 days with a 0 (zero) day tolerance.

Polio

Note: the Polio OPV vaccine has an End Date of 04/01/2016.

Rule	Requirements
Over 18 <i>No Requirement</i>	Students age 216 months (18 years) old or older are not required to receive any doses of the Polio vaccine.
Age 0-1 months <i>No Requirement</i>	Students age 0-1 months old are not required to receive any doses of the Polio vaccine.
1 dose Age 2-3 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 2 months, but no older than 3 months old, the student receives one dose of the IPV or IPV/OPV Polio vaccine, and the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance.

Rule	Requirements
<p>3 doses before 08/07/09 <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student receives three doses of the IPV, OPV, or IPV/OPV Polio vaccine, the last dose is received before 08/07/09, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the third dose and the student's birthdate is greater than 48 months with a 4 day tolerance.
<p>2 doses Age 4-5 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 4 months, but no older than 5 months old, the student receives two doses of the IPV, or IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.
<p>4 doses before 8/7/09 <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student receives four doses of the IPV, or IPV/OPV Polio vaccine, the last dose is received before 08/07/09, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the fourth dose and the previous is greater than 28 days with a 4 day tolerance.
<p>3 doses PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grade: 004: Pre-kindergarten (Preschool), the student receives three doses of the IPV, OPV, or IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance.

Rule	Requirements
<p>4 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives four doses of the IPV, or IPV/OPV Polio vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the fourth dose and the previous is greater than 6 months with a 4 day tolerance, and • the difference between the fourth dose and the student's birthdate is greater than 48 months with a 4 day tolerance.
<p>3 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives three doses of the IPV, or IPV/OPV Polio vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and • the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance.

Rule	Requirements
3 doses 4yrs <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 48 months old, the student receives three doses of the IPV, or IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and the previous is greater than 6 months with a 4 day tolerance, and the difference between the third dose and the student's birthdate is greater than 48 months with a 4 day tolerance.
1 dose <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the IPV or IPV/OPV Polio vaccine, and the difference between the dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
2 doses <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 48 months old, the student receives two doses of the IPV or IPV/OPV Polio vaccine, and the difference between the last dose and the effective date is less than 5 months with a 1 day tolerance.

MMR

Rule	Requirements
Age 0-11 months <i>No requirement</i>	Students age 0-11 months old are not required to receive any doses of the Measles-Mumps Rubella (MMR) vaccine.
1 dose PK <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 004: Pre-kindergarten (Preschool), the student receives one dose of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Requirements
<p>1 dose M, M, R PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grade: 004: Pre-kindergarten (Preschool), • the student receives one dose of the Measles, Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> ◦ the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance, OR • the student receives one dose of the Mumps, Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> ◦ the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance, OR • the student receives one dose of the Rubella, Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> ◦ the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
