Technical Information

See the Technical Information - Release Pack Campus.2247 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2247) article for a list of schema changes in this release.

Activity Registration

Required Forms (SIS-159494) **[Enhancement]**

Activity Registration has been updated so that Activity forms can be flagged as requiring "Guardian Registration". Now, if a Guardian chooses to decline to sign the "Guardian Registration" marked form(s), they will be prevented from purchasing the Activity.

Article(s): Activity Builder

Path: Activity Registration > Activity Builder

Activity Registration Updates (SIS-160701)

The following small updates have been made to Activity Registration tools:

- Previously, the Leave button that displayed in the warning when a user attempts to leave step 4 of the Dashboard and Proposal Activity builders without saving did not work. This has been corrected.
- Wording for Roll Forward screens has been updated to better match the Activity Builder.

Assessments

Test Detail Layout Update (SIS-160026) **[Enhancement]**

The Test Detail input field options have been rearranged.

This update also resolves issues with the Score Fields section:

- Selections now save as expected.
- Some options are disabled when the 'Teacher Scored' checkbox is marked.

Article(s): Assessment Center

Path: Assessment > Assessment Center

User Group Update (SIS-160454)

User groups that are designated as security roles do not display in the drop lists under the 'Mark as Restricted' option of the Test Detail in the Assessment Center.

Article(s): Assessment Center

Path: Assessment > Assessment Center > Test Detail > Display Settings

Assessments Header Language Update (SIS-160476) **[Enhancement]**

Terminology has been updated on the new navigation menu (New Look of Campus) to replace 'Test' with 'Assessment'.

Article(s): Copy Assessments Tool

Path: Assessment > Test Setup > Copy Assessments

Parent Assessment Error Message (SIS-160492)

Editing a parent assessment multiple times resulted in an 'Unsaved Changes' error modal popup to

display despite the user clicking the save button. This issue has been corrected.

Article(s): Assessment Center

Path: Assessment > Assessment Center

Unsaved Changes Alert (SIS-160632)

The 'Unsaved Changes' error modal displays on the Test Detail screen when changes are made and the user attempts to navigate away from the page without clicking 'Save'.

Article(s): Assessment Center

Path: Assessment > Assessment Center > Test Detail

Child Test Update (SIS-160633)

Values in the user group section fields did not prepopulate when new child tests were created. This issue has been resolved.

Article(s): Assessment Center

Path: Assessment > Assessment Center > Test Detail

End of Life Banner Added to Test Setup and Copy Assessments (SIS-160635) **[Enhancement]**

The Test Setup and Copy Assessments tools will be retired in Fall 2023. The Assessment Center (released in Campus.2223) provides users with the ability to create and manage assessments administered to students for district, state, and national tests. This new tool also includes functionality to copy assessments (District and State Editions) and publish assessment structures / scores (State Edition).

Article(s): Assessment Center

Path: Assessment > Assessment Center

Archived Tests Display (SIS-160977)

Archived tests did not display when using the 'All Tests' filter feature. This issue has been resolved.

Custom

Custom Tabs Sharing Same Name as Existing Tool Causing Issues (SIS-125032)

Custom tabs given the exact same name as an existing tool were causing the custom tool to appear in the wrong location and/or have data and field issues. This issue was corrected by no longer allowing any custom tabs to be named the same as an existing tool.

Existing tabs with duplicate names have not been deleted and will continue to function however, users are highly advised to rename these tabs to prevent any future issues and confusion.

Article(s): Custom Tab

Path: System Administration > Custom > Custom Tab

Custom Data Columns in Custom Tab Failing to Respect Attribute Sequence (SIS-125561)

Custom data columns in custom tabs were failing to respect the sequence set for each attribute. This issue was corrected.

Article(s): Custom Tab

Path: System Administration > Custom > Custom Tab

Special Characters Removed from Existing Menu Items and Categories (SIS-160535) **[Enhancement]**

In a previous update, special characters were restricted from being used in the names of menu items and categories via the Custom Tool Placement Editor. As a follow-up, this case contains a script which when run, removes any and all special characters from existing menu items and categories and replaces them with a space.

Article(s): Custom Tool Placement Editor

Path: System Administration > Custom > Custom Tool Placement Editor

Data Utilities

Data Extract Utility Updated to Support TLS Session Resumption (SIS-158722) **[Enhancement]**

The Data Extract Utility has been updated to support TLS session resumption. This update prevents various issues from occurring when a server requires TLS session resumption and allows continued compatibility with Filezilla Server.

Article(s): Data Extract Utility

Path: System Administration > Data Utilities > Data Extract Utility

Data Extract Utility Saying Success When Extract Fails Due to tempDB Issue (SIS-158964)

When an extract fails due to SQL taking up all the tempDB space, the Data Extract Utility Set Up and Data Extract Utility screens were incorrectly indicating the extract transmitted successfully. This issue was corrected and now when this issue occurs, users will receive a 'TempDBExtract' stating the transmission failed as the system could not allocate space in the database tempdb.

Article(s): Data Extract Utility

Path: System Administration > Data Utilities > Data Extract Utility

Enrollments

Enrollment Cleanup Wizard - Update Mode Reporting UserID (SIS-160826)

When enrollments are updated in the future calendar using the Enrollment Cleanup Wizard, the ID that is recorded as being responsible for the update is now the Person ID. Previously this was the User ID.

Article(s): Enrollment Cleanup Wizard

Path: System Administration > Student > Enrollment Cleanup Wizard
