Search Terms: [Enrollments](#)

The Enrollments tool displays all occurrences of a student's enrollment in the district. Because this is a historical view, this list could be long.

By default, the enrollments are listed by grade level first, then by enrollment start date. To reorder the list of enrollments, click the blue hyper-linked headers in the Enrollments Editor list. Enrollment records can be sorted by Grade, Calendar, Start Date or End Date.

See the core [Enrollments](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Enrollment records.

Start Status

Start Status indicates the reason for beginning the student enrollment, whether entering the school or district or continuing on from another grade. When creating an enrollment for a student, students must have a Start Date and a Start Status. An enrollment cannot be saved without an entry in these fields.

16	Transfer from home-based education	A student who transfers from a home-based education (home-schooled) environment.
18	Transfer from Voc Program not by a District/BOCES	A student who transfers from an occupational training program, recognized (but not administered) by the school district that leads to a certificate or other evidence of completion.
19	Transfer from State Facility on-grounds school	Student is publicly placed in and is attending an on-grounds educational program in a licensed Approved Facility School (e.g. Residential Child Care Facility – RCCF, hospital), or in a state-operated program (e.g., Colorado School for Deaf and Blind, Pueblo Mental Health).

Code	End Status Description	Definition
06	Unknown Education Status (K-6 only)	<p>Applicable ONLY to students in grades PK – 6.</p> <p>Applicable if the reporting district does not have information about the educational environment into which a student transferred. If the educational environment to which the student transferred is known, use the appropriate exit code (13 if transferring to another Colorado district, 14 if transferring to another state, 05 if transferring to another country, etc.). Note that districts are not required to obtain documentation of transfer for students exiting grades PK – 6.</p>
10	Grade reassignment in same school	A student who remains within the same school but whose grade level is being changed during the school year (examples: beginning of the school year retention, a mid-year grade promotion, etc.)
11	Transfer to public school in the same district	A student who transfers from one public school to another public school within the school district. 18	Transfer to Voc Ed program not by a District/BOCES	A student who transfers to an occupational training program, recognized but not administered by the school district that leads to a certificate or other evidence of completion.
19	Transfer to State Facility ongrounds school	Student is publicly placed in and is attending an on-grounds educational program in a licensed Approved Facility School (E.g. Residential Child Care Facility, hospital), or in a state-operated program (e.g. Colorado School for Deaf and Blind, Pueblo Mental Health).

This exit code removes the student from both the numerator and denominator for the graduation and completion rates to prohibit one student from counting as a completer/graduate in multiple cohorts. This exit code should also be used for special education transition students who (1) met graduation requirements and were marked with exit type code 90 in a prior year and (2) will not continue in transition services in the following school year (i.e., 4 th year transition students).

Code	End Status Description	Definition

25	Extended absence	<p>Student is absent for 10 or more consecutive days of school. Applies whether the absence is excused or unexcused. Not applicable if the student attended another educational environment at any point during the absence. Used only to calculate mobility rates.</p>

27	Previous graduate receiving transition 7services	<p>A student who has earned a diploma and was previously exited with an Exit Type Code of '90' (diploma recipient). This exit code should be used for special education transition students who (1) met graduation requirements and were marked with exit type code 90 in a prior year and (2) will continue in transition services in the following school year (i.e., 1st, 2nd, and 3rd year transition students).</p>

Code	End Status Description	Definition
30	Illness/injury	A student who because of a serious/critical illness or injury was unable to complete this year's educational program and is not receiving educational services through a home-bound program. 40	Discontinued schooling/dropped out	A student who was enrolled in school at any time during the current school year, including summer, but leaves school for any reason other than one of the following exclusionary conditions: 1) transfers (with official documentation) to another public school district, private school, home based education program or other state- or district-approved educational program; 2) temporary absence due to suspension or expulsion; or 3) serious illness or death and does not complete their education. This would also include a student who was in membership the previous school year and who does not meet the above exclusionary conditions and does not return to school prior to the end of the school year. Typically only used for students in 7 th grade or higher (if PK - 6, use exit type code "06" instead.)
45	Discontinued School 6 weeks but returned to a school within the reporting district before the end of the reported school year	<p>These students were not receiving educational services from any source while not in attendance. This code should not be used for students absent due to illness, injury or expulsion - these situations are covered under separate exit type codes.</p> <p>Note: Students reported with exit type 45 do not count toward the calculated annual dropout rate.</p>
50	Expulsion	A student who leaves school involuntarily due to an expulsion approved by appropriate school authorities and is not receiving any education benefits while expelled. Applies only to students who are expelled and do not return before the end of the reported school year.
