You are viewing a previous version of this article. See [Immunization Rules \(New York\)](#) for the most current information.

[General Compliance | Immunization Rules](#)

Classic Path: [System Administration](#) > [Health](#) > [Vaccines](#)

Search Terms: [Vaccines](#)

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the New York State Department of Health.

For more information on the creation, modification or deletion of vaccine compliances, see the [Vaccines](#) page.

General Compliance

- Vaccine doses administered less than or equal to 4 days before the minimum interval or age are counted as valid.
- Doses administered 5 days earlier than the minimum interval or age are not counted as valid doses and are repeated as age-appropriate.
- The New York Polio vaccine rules allow for a grandfather rule. The grandfather rule identifies a student as compliant if they have not had a dose after 48 months if the doses were all given before 08/07/2010. This date represents when the ACIP rules changed to make the 48 months dose a required dose. To accommodate the grandfather rule, a field called "Last Dose Date" is available on the Immunization Rule Detail Page. This field allows Campus to compare the date of a student's last dose to a specific date in time, not merely against Effective Date or Birth Date.
- Students enrolled in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent:
 - PK = 4-5 years
 - KG = 4-6 years
 - 1st = 6-7 years
 - 2nd = 7-8 years

- 3rd = 8-9 years
- 4th = 9-10 years
- 5th = 10-11 years
- 6th = 11-12 years
- 7th = 12-13 years
- 8th = 13-14 years
- 9th = 14-15 years
- 10th = 15-16 years
- 11th = 16-17 years
- 12th = 17-18 years

Immunization Rules

The following tables describe all New York immunization requirements per vaccine.

[Hepatitis B](#) | [Hib](#) | [DTaP](#) | [Tdap](#) | [MMR](#) | [Varicella Chickenpox](#) | [Polio](#) | [Pneumococcal](#) | [Meningococcal MCV4](#)

Hepatitis B

Rule	Condition
18+ No Requirement <i>No Requirement</i>	Students 216 months (18 years) old or older are not required to receive any doses of the Hepatitis B vaccine.
3 dose Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student receives 3 doses of the Hepatitis B (Hep B) vaccine, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the last dose and second valid dose is greater than 56 days with a 4 day tolerance, • the difference between the last dose and first valid dose is greater than 112 days with a 4 day tolerance, and • the difference between the last dose and the student's birthdate is greater than 168 days with a 4 day tolerance.

Rule	Condition
2 Adult doses Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student receives 2 doses of the Hepatitis B (Hep B) vaccine, and the difference between the second dose and the previous is greater than 4 months with a 4 day tolerance.
2 doses IP In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives 2 doses of the Hepatitis B (Hep B) vaccine, and the difference between last dose and effective date is less than 56 days with a 0 (zero) day tolerance.
1 dose IP In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives 1 dose of the Hepatitis B (Hep B) vaccine, and the difference between last dose and effective date is less than 28 days with a 0 (zero) day tolerance.
1 Adult Dose IP In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives 1 dose of the Hepatitis B - 2 Dose (Hep B - 2 Dose) vaccine, and the difference between last dose and effective date is less than 3 months with a 1 day tolerance.
2 doses 10-12 (Age) Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 180 months (15 years) old, and the student receives 2 doses of the Hepatitis B (Hep B) vaccine.
2 doses (Age) Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 180 months (15 years) old, the student receives 2 doses of the Hepatitis B (Hep B) vaccine, and the difference between the second dose and the previous is greater than 4 months with a 4 day tolerance.

Hib

Rule	Condition
5+ No Requirement No Requirement	Students 60 months (5 years) old or older are not required to receive any doses of the Haemophilus influenza (Hib) vaccine.

Rule	Condition
<p>1 dose after 15 months PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grades: PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day, the student receives 1 dose of the Haemophilus influenza (Hib) vaccine, and the difference between the dose and the student's birthdate is greater than 15 months with a 4 day tolerance.
<p>3 doses 1st dose 7 months PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grades: PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day, the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, the difference between the first dose and the student's birthdate is greater than 7 months with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>4 doses PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grades: PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day, the student receives 4 doses of the Haemophilus influenza (Hib) vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Condition
<p>2 doses PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives 2 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the second dose and the previous is greater than 56 days with a 4 day tolerance.
<p>3 doses 1st and 2nd dose before 11 months PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grades: PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day, • the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the second dose and the student's birthdate is less than 10 months with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the last dose and the previous is greater than 56 days with a 4 day tolerance, • the difference between the last dose and the birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance.
<p>3 doses PK <i>In Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 15 months old, • the student is in state grades: PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day, • the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, and • the difference between the last dose and the effective date is less than 8 months with a 4 day tolerance.

Rule	Condition
2 doses PK <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 15 months old, • the student is in state grades: PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day, • the student receives 2 doses of the Haemophilus influenza (Hib) vaccine, and • the difference between the last dose and the effective date is less than 5 months with a 0 (zero) day tolerance.
1 dose after 15 months (Age) <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 1 dose of the Haemophilus influenza (Hib) vaccine, and • the difference between the dose and the student's birthdate is greater than 15 months with a 4 day tolerance.
3 doses 1st dose 7 months PK (Age) <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the first dose and the student's birthdate is greater than 7 months with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and • the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
4 doses (Age) <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 4 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, and • the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Condition
2 dose PK (Age) <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 4 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the second dose and the previous is greater than 56 days with a 4 day tolerance.
3 doses 1st and 2nd dose before 11 months PK (Age) <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the second dose and the student's birthdate is less than 10 months with a 4 day tolerance, • the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance, • the difference between the last dose and the previous is greater than 56 days with a 4 day tolerance, • the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance.
3 doses PK (Age) <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, and • the difference between the last dose and the effective date is less than 8 months with a 0 (zero) day tolerance.
2 doses PK (Age) <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 2 doses of the Haemophilus influenza (Hib) vaccine, and • the difference between the last dose and the effective date is less than 5 months with a 0 (zero) day tolerance.

Rule	Condition
Default Non-Compliant	Students are considered non-compliant if they have not received any doses of the HIB vaccine and are in state grade PS, PKH, or PKF.

DTaP

Rule	Condition
18+ No Requirement No Requirement	Students 216 months (18 years) old or older are not required to receive any doses of the Diphtheria-Tetanus and Pertusis (DTaP) vaccine.
4 doses PK Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade PS: Preschool, PKH: Prekindergarten Half Day, or PKF: Prekindergarten Full Day, and the student receives 4 doses of the DTaP/DTP or Tdap vaccine.
4 doses K-5 Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 03, 04, or 05, the student receives 4 doses of the the DTaP/DTP or Tdap vaccine, the difference between the fourth dose and the student's birthdate is greater than 48 months with a 4 day tolerance, and the difference between the fourth dose and the previous is greater than 4 months with a 4 day tolerance.
3 doses Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade 06, 07, 08, or 09, the student receives 3 doses of the DT, DTaP/DTP, Td, or Tdap vaccine, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the third dose and the previous is greater than 6 months with a 4 day tolerance.
3 doses 10-12 Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade 10, 11, or 12, and the student receives 3 doses of the DT, DTaP/DTP, Td, or Tdap vaccine.

Rule	Condition
3 doses Catch-up K-5 Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 03, 04, or 05, the student receives 3 doses of the DTaP/DTP or Tdap vaccine, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and the previous is greater than 6 months with a 4 day tolerance, and the difference between the last dose and the student's birthdate is greater than 84 months with a 4 day tolerance.
3 doses K-5 In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 03, 04, or 05, the student receives 3 doses of the the DTaP/DTP or Tdap vaccine, and the difference between the last dose and the effective date is less than 5 months with a 0 (zero) day tolerance.
2 doses In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives 2 doses of the DT, DTaP/DTP, Td, or Tdap vaccine, the difference between the last dose and the effective date is less than 5 months with a 0 (zero) day tolerance.
Default Non-Compliant	Students are considered non-compliant if they have not received any doses of the DTaP vaccine and are in state grade KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS, PKH, or PKF.

Tdap

Rule	Condition
18+ No Requirement <i>No Requirement</i>	Students 216 months (18 years) old or older are not required to receive any doses of the Tetanus, Diptheria and Acellular Pertussis (Tdap) vaccine.
Grades 7-12 DTaP 20-21 <i>Compliant</i> <i>Active End Date:</i> <i>06/30/2021</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 132 months (11 years) old, the student is in state grade 07, 08, 09, 10, 11, or 12, the student receives 1 dose of the DT, Td, Tdap, or Diptheria-tetanus-pertussis (DTaP/DTP) vaccine, and the difference between the last dose and the student's birthdate is greater than 84 months with a 4 day tolerance.

Rule	Condition
<p>Grade 6 Tdap 20-21 <i>Compliant</i> <i>Active End Date:</i> <i>06/30/2021</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 132 months (11 years) old, • the student is in state grade 06, • the student receives 1 dose of the Td, Tdap, or Diptheria-tetanus-pertussis (DTaP/DTP) vaccine, and • the difference between the last dose and the student's birthdate is greater than 120 months with a 4 day tolerance.
<p>Grade 6 & 7 Tdap 21-22 <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grade 06, 07, • the student receives 1 dose of the Td, Tdap, or Diptheria-tetanus-pertussis (DTaP/DTP) vaccine, and • the difference between the last dose and the student's birthdate is greater than 120 months with a 4 day tolerance.
<p>Grade 8-12 DTaP 21-22 <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grade 08, 09, 10, 11, or 12, • the student receives 1 dose of the DT, Td, Tdap, or Diptheria-tetanus-pertussis (DTaP/DTP) vaccine, and • the difference between the last dose and the student's birthdate is greater than 84 months with a 4 day tolerance.
<p>6th-12th Grade No Tdap <i>Non-compliant</i></p>	<p>Students are considered non-compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 132 months (11 years) old, • the student is in state grade 06, 07, 08, 09, 10, 11, or 12, and • the student has not received any doses of the Tetanus, Diptheria and Acellular Pertussis (Tdap) vaccine.
<p>6th-12th Grade (Age) <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 132 months old, • the student is in state grade: 13, 14, GD, • the student receives 1 dose of the Diptheria-tetanus-pertussis (DTaP/DTP) vaccine, and • the difference between the last dose and the student's birthdate is greater than 84 months with a 4 day tolerance.

Rule	Condition
6th-12th Grade Tdap (Age) <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 132 months old, the student is in state grade: 13, 14, GD, the student receives 1 dose of the Tdap vaccine, and the difference between the last dose and the student's birthdate is greater than 120 months with a 4 day tolerance.
6th-12th Grade (Age) <i>Non-Compliant</i> <i>Active Start Date:</i> <i>09/01/2013</i>	Students are considered non-compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 132 months old, the student is born on or after 01/01/1994, the student is in state grade: 13, 14, GD, and the student has not received any doses of the Tetanus, Diptheria and Acellular Pertussis (Tdap) vaccine.
Default <i>Non-Compliant</i>	Students are considered non-compliant if they have not received any doses of the DTaP vaccine and are in state grade 06, 07, 08, 09, 10, 11, or 12.

MMR

Rule	Condition
18+ No Requirement No Requirement	Students 216 months (18 years) old or older are not required to receive any doses of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine.
1 MMR PKH and PKF <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, or PS: Preschool, the student receives 1 dose of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Condition
1 dose M, M, R - PKH and PKF Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, or PS: Preschool, • the student receives 1 dose of the Measles vaccine, and <ul style="list-style-type: none"> ◦ the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance, OR • the student receives 1 dose of the Rubella vaccine, and <ul style="list-style-type: none"> ◦ the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance, OR • the student receives 1 dose of the Mumps vaccine, and <ul style="list-style-type: none"> ◦ the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
2ME, 2Mu, 1Ru K-12 Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grades KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12 • the student receives 2 doses of the Measles, Measles/Mumps/Rubells (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives 2 doses of the Mumps, Measles/Mumps/Rubells (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives 1 dose of the Rubella, Measles/Mumps/Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
Default Non-Compliant	Students are considered non-compliant if they have not received any doses of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine and are in state grade KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS, PKH, or PKF.

Varicella Chickenpox

Rule	Condition
18+ No Requirement No Requirement	Students 216 months (18 years) old or older are not required to receive any doses of the Varicella vaccine.
Under 12 months No Requirement	Students 11 months old or younger are not required to receive any doses of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine .
2 doses K-12 Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grade KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, • the student receives 2 doses of the Varicella vaccine, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
1 dose Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is at least 12 months (1 year) old, • the student is in state grade PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, • the student receives 1 dose of the Varicella vaccine, and • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
Add 1 dose > 13 year old In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student is at least 156 months (13 years) old, • the student is in state grade: KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, • the student receives 1 dose of the Varicella or MMRV vaccine, and • the difference between the dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
Add 1 dose < 13 year old In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 155 months, • the student is in state grade: KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, • the student receives 1 dose of the Varicella or MMRV vaccine, and • the difference between the dose and the effective date is less than 2 months with a 0 (zero) day tolerance.

Rule	Condition
2 doses K-12 (Age) Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 60 months, but no older than 215 months old, the student is in state grade: 13: K-6 ungraded (students w/disabilities), 14: 7-12 ungraded (students w/disabilities), GD: GED, the student receives 2 doses of the Varicella or the MMRV vaccine, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
1 dose PK (Age) Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is no older than 71 months, the student is in state grade: 13: K-6 ungraded (students w/disabilities), 14: 7-12 ungraded (students w/disabilities), GD: GED, the student receives 1 dose of the Varicella or MMRV vaccine, and the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
Add 1 dose > 13 year old In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 156 months old, the student receives 1 dose of the Varicella or MMRV vaccine, and the difference between the dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
Add 1 dose < 13 year old In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is no older than 155 months old, the student receives 1 dose of the Varicella or MMRV vaccine, and the difference between the dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
Default Non-Compliant	Students are considered non-compliant if they have not received any doses of the Varicella vaccine and are in state grade KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS, PKH, or PKF.

Polio

Rule	Condition
18+ No Requirement No Requirement	Students 216 months (18 years) old or older are not required to receive any doses of the IPV, OPV, or IPV/OPV Polio vaccine.

Rule	Condition
4 doses before 08/07/2010 Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student receives 4 doses of the IPV, OPV, or IPV/OPV Polio vaccine, the difference between the second dose and previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and previous is greater than 28 days with a 4 day tolerance, and the difference between the fourth dose and the previous is greater than 28 days with a 4 day tolerance.
4 doses K-12th Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades: KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS: Preschool, PKH: Pre-kindergarten Half Day, PKF: Pre-Kindergarten Full Day, the student receives 4 doses of the IPV, OPV, or IPV/OPV Polio vaccine, the difference between the last dose and the student's birthdate is greater than 48 months with a 4 day tolerance, and the difference between the fourth dose and the previous is greater than 6 months with a 4 day tolerance.
3 doses IPV K-12th Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades: KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS: Preschool, PKH: Pre-kindergarten Half Day, PKF: Pre-Kindergarten Full Day, the student receives 3 doses of the IPV or IPV/OPV Polio vaccine, the difference between the third dose and the student's birthdate is greater than 48 months with a 4 day tolerance, and the difference between the third dose and the previous is greater than 6 months with a 4 day tolerance.
3 doses OPV K-12th Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades: KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS: Preschool, PKH: Pre-kindergarten Half Day, PKF: Pre-Kindergarten Full Day, the student receives 3 doses of the OPV or IPV/OPV Polio vaccine, the difference between the third dose and the student's birthdate is greater than 48 months with a 4 day tolerance, and the difference between the third dose and the previous is greater than 6 months with a 4 day tolerance.

Rule	Condition
3 IPV, OPV doses K-12th <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades: KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS: Preschool, PKH: Pre-kindergarten Half Day, PKF: Pre-Kindergarten Full Day, the student receives 3 doses of the IPV, OPV, or IPV/OPV Polio vaccine, and the difference between the last dose and the effective date is less than 5 months with a 1 day tolerance.
2 IPV doses K-12th <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades: KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS: Preschool, PKH: Pre-kindergarten Half Day, PKF: Pre-Kindergarten Full Day, the student receives 2 doses of the IPV or IPV/OPV Polio vaccine, and the difference between the last dose and the effective date is less than 5 months with a 1 day tolerance.
2 OPV doses K-12th <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades: KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS: Preschool, PKH: Pre-kindergarten Half Day, PKF: Pre-Kindergarten Full Day, the student receives 2 doses of the OPV or IPV/OPV Polio vaccine, and the difference between the last dose and the effective date is less than 5 months with a 1 day tolerance.
3 dose PKH <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, or PS: Preschool, the student receives 3 doses of the IPV, OPV, or IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the last dose and the student's birthdate is greater than 6 months with a 4 day tolerance.
3 doses <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 12, and the student receives 3 doses of the IPV, OPV, or IPV/OPV Polio vaccine.
Default <i>Non-Compliant</i>	Students are considered non-compliant if they have not received any doses of the Polio vaccine and are in state grade KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS, PKH, or PKF.

Pneumococcal

Rule	Condition
Over 5 years old No Requirement	Students 60 months (5 years) old or older are not required to receive any doses of the Pneumococcal (PPV) vaccine.
Kindergarten No Requirement	Students in state grade KH: Half Day Kindergarten or KF: Full Day Kindergarten are not required to receive any doses of the Pneumococcal (PPV) vaccine.
4 doses PK Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, or PS: Preschool, the student receives 4 doses of the Pneumococcal (PPV) vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the fourth dose and the previous is greater than 56 days with a 4 day tolerance.
1 dose PK In Progress - In Grace Period	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives 1 dose of the Pneumococcal (PPV) vaccine, and the difference between the last dose and the effective date is less than 28 days with a 4 day tolerance.
2 doses PK In Progress - In Grace Period	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives 2 doses of the Pneumococcal (PPV) vaccine, and the difference between the last dose and the effective date is less than 28 days with a 4 day tolerance.
3 doses PK In Progress - In Grace Period	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives 3 doses of the Pneumococcal (PPV) vaccine, and the difference between the last dose and the effective date is less than 56 days with a 4 day tolerance.

Rule	Condition
2 doses PK 7-11 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is at least 7 months but no older than 11 months old, • the student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, or PS: Preschool, • the student receives 4 doses of the Pneumococcal (PPV) vaccine, • the difference between the first dose and the student's birthdate is greater than 7 months with a 4 day tolerance, and • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.
1 dose PK 7-11 months <i>In Progress - In Grace Period</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student is at least 7 months but no older than 11 months old, • the student receives 1 dose of the Pneumococcal (PPV) vaccine, • the difference between the first dose and the student's birthdate is greater than 7 months with a 4 day tolerance, and • the difference between the last dose and the effective date is less than 28 days with a 4 day tolerance.
3 doses PK 12 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is at least 12 months old, • the student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, or PS: Preschool, • the student receives 3 doses of the Pneumococcal (PPV) vaccine, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the previous is greater than 56 days with a 4 day tolerance, and • the difference between the third dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
1 or 2 dose PK 12-15 months <i>In Process</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student receives 1 dose of the Pneumococcal (PPV) vaccine, and • the difference between the last dose and the effective date is less than 56 days with a 4 day tolerance.
2 doses PK 12-23 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives 2 doses of the Pneumococcal (PPV) vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the last dose and the effective date is less than 56 days with a 4 day tolerance.

Rule	Condition
1 dose 24 months Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 24 months (2 years) old, the student receives 1 dose of the Pneumococcal (PPV) vaccine, and the difference between the first dose and the student's birthdate is greater than 24 months with a 4 day tolerance.

Meningococcal MCV4

Rule	Condition
18+ No Requirement No Requirement	Students 216 months (18 years) old or older are not required to receive any doses of the Meningococcal (MCV4) vaccine.
Age 16 1 dose Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student receives 1 dose of the Meningococcal (MCV4) vaccine, and the difference between the last dose and the student's birthdate is greater than 192 months with a 4 day tolerance.
1 dose Grade 7-8 Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 07, 08 the student receives one dose of the Meningococcal vaccine, and and the difference between the first dose and the student's birth date is greater than 120 months with a four-day tolerance.
1 dose Grades 9-11 Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 09, 10, 11, the student receives one dose of the Meningococcal vaccine, and the difference between the first dose and the student's birthday is greater than 42 days with a four day tolerance.
2 doses Compliant	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade 12, the student receives 2 doses of the Meningococcal (MCV4) vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and the difference between the last dose and the student's birthdate is greater than 192 months with a 4 day tolerance.
1 dose In Progress	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives 1 dose of the Meningococcal (MCV4) vaccine, and the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.

Rule	Condition
Default 07-9 & 12 Non-compliant	Students in state grades 07, 08, 09, or 12 who have received 0 (zero) doses of the Meningococcal (MCV4) vaccine are considered non-compliant.
