Tool Search: Homeless Extract

The Homeless Extract reports detailed information about all students with an active [homeless record](#) as of the Effective Date entered on the extract editor.

This information is current as of the Campus.2527 (June 2025) release.

The screenshot shows the 'Homeless Extract' tool interface. At the top, there's a breadcrumb trail: 'Reporting > SD State Reporting > Homeless Extract'. Below this, a blue header bar contains the text 'Homeless Extract'. A message box states: 'This report will collect information on students that have a homeless record.' The interface is divided into two main sections: 'Extract Options' and 'Select Calendars'. In the 'Extract Options' section, the 'Effective Date' is set to '03/07/2024'. The 'Extract Format' is set to 'State Format(CSV)'. There are buttons for 'Generate Extract' and 'Submit to Batch'. In the 'Select Calendars' section, a dropdown menu is open, showing a list of schools including '(Closed) Aberdeen Alternative Learning Center', 'After School', 'C.C. Lee Elementary', 'Central High School', 'Holgate Middle School', 'Home School', and 'JDC'. The text 'Homeless Extract' is displayed below the screenshot.
