Tool Search: Homeless Extract

The Homeless Extract reports detailed information about all students with an active <u>homeless</u> record as of the Effective Date entered on the extract editor.

This information is current as of the Campus.2527 (June 2025) release.

### **Report Population and Business Rules**

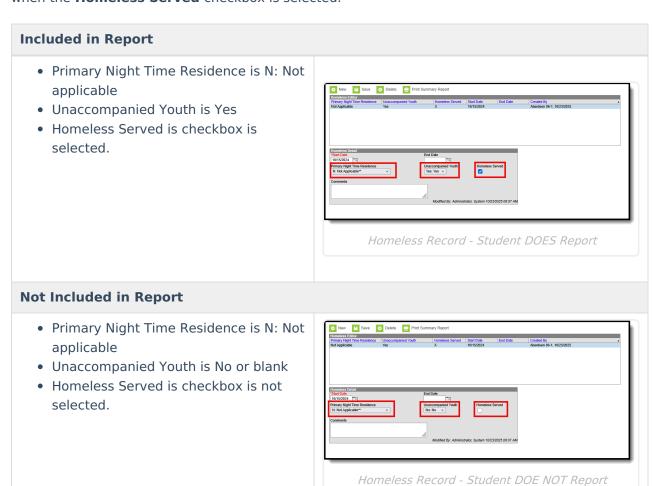

The Homeless Extract reports students who have a Homeless record whose Start Date is on or before the Effective Date entered on the extract editor, and the End Date is blank or within the selected calendar's start and end dates.

The extract includes only homeless students in the district generating the report. When a student has multiple records of homelessness, the record is only reported from the district generating the report.

#### **Primary Night Time Residence**

On the student's Homeless record, when the **Primary Night Time Residence** has a value of 'Not applicable', the student reports only when the **Unaccompanied Youth** field is marked as **Yes** or when the **Homeless Served** checkbox is selected.

## **Generate the Report**

- 1. Enter the **Effective Date**. Only Homeless records active on or before this date are included in the report.
- 2. Select the Extract Format.
- 3. Select which calendar(s) will report data.
- 4. Click **Generate Extract** to generate the report immediately or click **Submit to Batch** to schedule when the system will generate the report.
