

Course Standards - Video

Last Modified on 10/21/2024 8:20 am CDT

Course Standards are generally used to indicate student progress towards reaching a level of proficiency. This video shows how to align Standards to a Course.

The **Campus.2251** release added icons and an icon legend to indicate which items are locked at the Course Master level, unlocked at the Course Catalog level, no longer linked to a Course Master, or managed at the Course level.
