Report Logic

- This extract reports one record per student offender per event which falls within the parameters selected on the extract editor.
 - A record reports when the Incident Date falls on or within the date range defined by the Start and End Dates. Leave the Start and End Date blank to generate the report for the date range of the earliest Calendar's Start Date to the latest Calendar's End Date across all calendars selected.
- Incidents within an Enrollment date range also report.
- Resolutions of the same type are aggregated together.
- This extract reports one record per student offender or participant per incident.
- This extract reports all events with the Bullying Code **02 - Yes Protected Class** or **03 - Yes Non-protected Class**.
- This extract include records with a role of O: Offender and/or P: Participant.
- Only 1 record per student per incident will report for up to two events based on lowest event IDs.
- All serious incidents report regardless of the sanction assigned. The following incidents are considered Serious:
