Search Terms: Standards

The **Standards Alignment Editor** lists the standards that the teacher needs to administer and/or grade for the selected course. To add standards to a course, they must be created first in the [Standards Bank](#). When standards are added to the Standards Bank, rubrics are assigned there. There is no need to modify the rubric on the course. If the rubric is incorrect, it should be modified in the Standards Bank.

Standards Alignment (7 standards)

Standard	Standard Group	Scoring Rubric	Post-only
CCSS ELA-Literacy CC: Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.	Range of Writing	Elementary Rubric	
CCSS ELA-Literacy CC: Critically analyze information found in electronic, print, and mass media and use a variety of these sources.	Media Literacy	Elementary Rubric	
CCSS ELA-Literacy CC: Acquire and use accurately a range of general academic and domain-specific words and phrases sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when encountering an unknown term important to comprehension or expression.	Vocabulary Acquisition and Use	Elementary Rubric	
0.6.1.1: Use a combination of drawing, dictating, and writing to compose opinion pieces in which they tell a reader the topic or the name of the book they are writing about and state which they tell a reader the topic or the name of the book they are writing about and state	Text Types and Purposes	Elementary Rubric

Course Standards

If the course linked to a Course Master, and editing of standards and standards is locked on the Course Catalog, a lock icon displays. This lock indicates the linking to the course master, and changes can only be made to the standard through the Course Master.

The new Grading Window (released in Campus.1941) does NOT use Active Mask logic. For this reason, the Active Mask checkboxes have been removed as of the [Campus.2024 Release Pack \(June 2024\)](#). See the [Release Notification](#) for more information, and review this article for information on using the [New Grading Window](#).

Standard Information in Ad hoc Query Wizard

Course Standard fields are available in the Query Wizard when using the Course/Section Data type in the **Course > Course Information > Standards** folder.

Course Standard Ad hoc Fields

Add Standards

Select **Add** from the Action Bar. A **Standard Detail** window appears with a **Search** field and the expanded list of Standards. The search engine searches based on Abbreviation and standard Display Name.

Only standards attached to the selected school in [School Standards](#) are listed for selection.

The screenshot shows a software interface for managing standards. At the top, there are 'Save' and 'Add' buttons. Below them is a table titled 'Standards Alignment (3 standards)' with columns for 'Standards' and 'Standard Group'. The table contains three rows of standards, each with a blue checkmark icon and a 'VISUAL ART' label. A 'Lock' icon is present in the first row. Below the table is a 'Standard' search results window. It has a 'Search' input field and a list of categories: 'ALPHABET LETTER NAMING' and 'READING AT GRADE LEVEL'. Under 'ALPHABET LETTER NAMING', there is a single entry: 'NULAL: Names all upper & lower case alphabet letters (ALPHABET LETTER NAMING)'. Under 'READING AT GRADE LEVEL', there are two entries: 'Reads 5th: Reads 5th grade level materials (Spanish) (READING AT GRADE LEVEL)' and 'Reads Sp: Reads 4th grade level materials (Spanish) (READING AT GRADE LEVEL)'. At the bottom of the search results window is a 'Search for a Standard' input field.

The results window lists the full Standards Bank in expanded form. Users can manually scroll through this list if desired. Standards are listed as follows: Abbreviation: Display Name (Location). After selecting a standard, a blue checkmark icon displays next to the name of the standard in the search results and the standard is added to the **Aligned Standards** section.

Multiple standards can be added to a course within one save action. A checkmark icon displays next to each selected Standard in the search list. Users can then mark the appropriate Term Masks. Term masks indicate in what term the standard is graded.

Users can also mark the **Post-only Standard** checkbox. This checkbox indicates teachers cannot align assignments or categories to the standard. Post-only standards are only used for posting scores, not for tracking student progress. When the checkbox is marked, an X displays in the Standards Alignment table in the Post-only column.

It is recommended that users add standards to courses by term in order to utilize en masse updating options on Term Mask.

Post-only Standard

Standard Details

To remove a selected standard, click the standard in the Aligned list or in the search results.

Click **Save** to add the selected standard(s) to the course.

If a school has not added the standard in [School Standards](#), a message appears when a user attempts to add a standard to a course.

When searching for standards, all standards and groups that match the entered text are returned, including those standards that do not have a display name entered.

Delete a Standard from a Course

1. Select the **Standard** to delete from a course from the Standards Alignment table.
2. Click the **Delete** icon. A warning message displays indicating the standard is about to be deleted.
3. Click OK to continue or click Cancel.

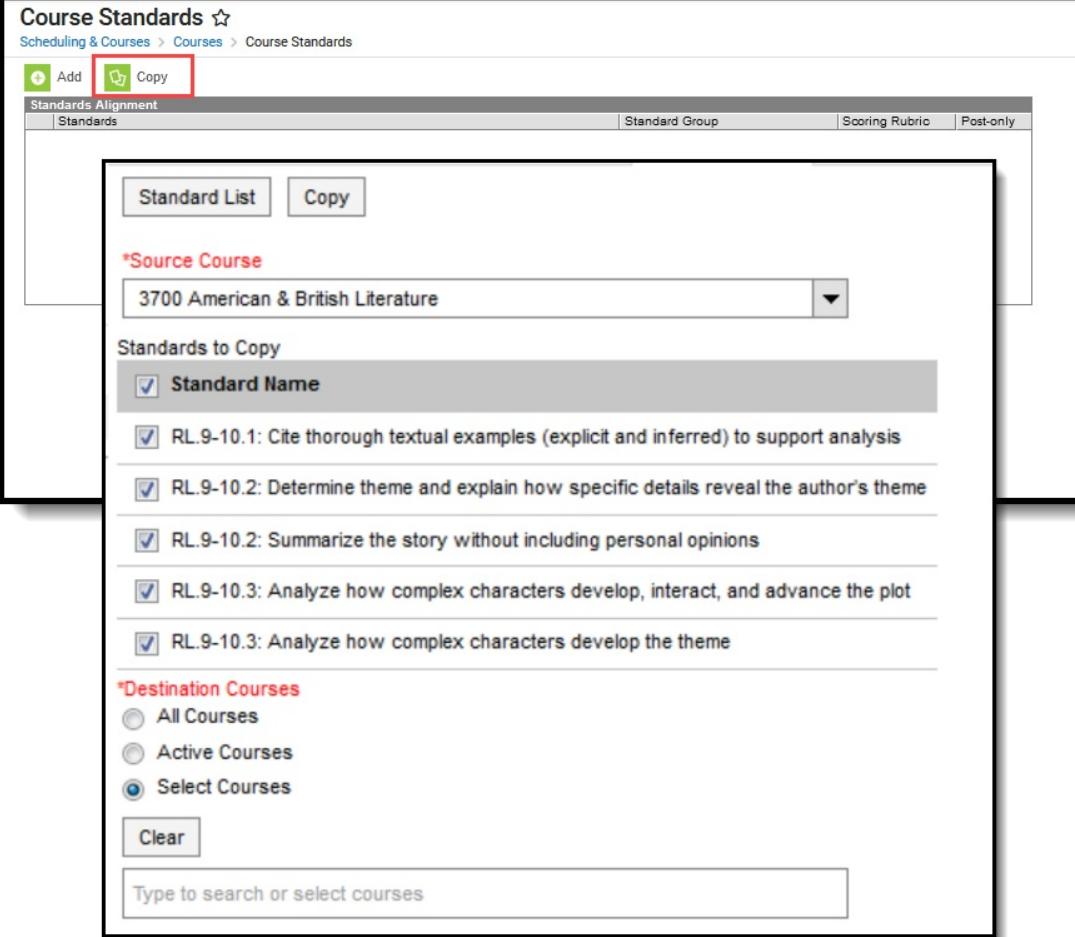

Users cannot delete a standard if scores have been entered for it.

Copy Standards to Another Course

Use the **Copy** icon to easily add the standards associated with one course to another course (called the Source Course) to one or more other courses (called Destination Courses). The **Copy** icon displays when proper tool rights are assigned.

When copying a standard from one course to another:

- Standards that already exist in the destination course is not copied again. This means when five standards are selected to be copied in the source course, but three of those already exist in the destination course, only the two that do not exist in the destination course are copied.
- Destination courses cannot be tied to any course masters.
- Standards are copied from one course to another course within the same calendar year.

The screenshot shows the 'Course Standards' page. At the top, there are 'Add' and 'Copy' buttons, with 'Copy' being highlighted with a red box. Below this is a 'Standards Alignment' table with columns for 'Standards', 'Standard Group', 'Scoring Rubric', and 'Post-only'. A large central box contains the 'Standard List' and 'Copy' buttons. Under 'Source Course', a dropdown menu shows '3700 American & British Literature'. The 'Standards to Copy' section contains a checked checkbox for 'Standard Name' and five checked checkboxes for specific RL.9-10.1 through RL.9-10.5 standards. Below this is a section for 'Destination Courses' with radio buttons for 'All Courses', 'Active Courses', and 'Select Courses', with 'Select Courses' being selected. A 'Clear' button and a search bar are also present.

Copy Standards to Another Course

1. Select a specific standards to copy, and then click the **Copy** icon. Or, just click the **Copy** icon without selecting a standard. When a specific grading task is selected to copy, that standard is the only one selected to copy; when no standards are selected to copy, all of the standards

in that course are automatically selected to copy.

2. Select the **Source Course** from the dropdown list. This displays the currently selected course. To change this selection, begin typing in the dropdown field.
3. Mark the **Standards to Copy**. Or, clear the selections by clicking the checkbox in the gray **Standard Name** header.
4. Select the **Destination Course(s)**:
 1. **All Courses**: copies standards to all courses in the calendar.
 2. **Active Courses**: copies standards to all courses in the calendar that currently have the Active flag marked.
 3. **Select Courses**: copies standards to the selected courses. To select a course, type the Number or Name in the search field. Multiple courses can be selected. Click **Clear** to remove all courses from the list.
5. Click the **Save** button to copy the selected standards to the destination course.

If there are no standards to copy, an alert displays indicating all selected standards already exist in the destination course.
