Activity Registration

Activity Staff and Activity Preapproval Checkboxes (SIS-165757)

Activity Staff and Activity Preapproval checkboxes display under the District Assignments section for Texas users.

- Activity Staff: The staff member may be assigned as the primary or secondary owner responsible for an activity in the Activity Registration tool.
- Activity Preapproval: The staff member may be assigned as the School Approver, District Approver, or International Approver for an activity preapproval request.

The Activity Registration tool is a feature of the Campus Online Payments premium product.

Path: Census > People > District Assignments

Activity Registration Maintenance (SIS-165866)

The following updates have been made to the Activity Registration tool:

- Spacing issues were resolved with various info icons on the Activity Roster screen.
- Resolved a scenario where categories were not being required for schools on an activity.
- Hitting the Enter key while using any of the filter search bars on the roster would trigger an info box. This was corrected.
- The "#" sign was added before any use of a student number in order to improve consistency with other areas of campus.

Campus Student & Parent

Campus Parent & Campus Student - New Home Page (SIS-159639) **[Enhancement]**

A new home page has been created for Campus Parent users which replaces the former Today screen. This home page collects the most important items needing parents' and guardians' attention for all of their students and makes helpful information easily accessible.

The new home page displays a card for each student and summarizes information including:

- Food Service Balance
- Items needing attention such as documents, surveys, and course registration.
- Assignments due today and tomorrow
- Recent grades, scores, attendance events, and behavior events.

Click the gear icon next to the student cards to set the timeframe for data on the home page - today, yesterday & today, one week, or two weeks. This setting applies to all of a parent/guardian's students.

Click on a student's card to view more information for the student, including their local and state ID numbers, food service balance and barcode, today's schedule, and recent tasks and updates.

This individual student screen is also the new home page of Campus Student.

A new Display Option was added that determines whether the student's State ID displays. Note: this new home screen will require translation by districts if additional languages are desired.

Pronoun Setup (SIS-158142)

A new Pronoun Setup Tool is now available that enables districts with a need to do so to define local pronouns and pronoun codes. These pronouns can be linked to state pronoun codes where applicable. Pronouns can be batch assigned to students or individually selected from the Pronouns droplist available in the Demographics, Identities, My Demographics, New Person Wizard and Portal Student Demographics tools. Assigned pronouns are visible on the Student Summary tool.

Pronoun fields found in Ad hoc can be incorporated into letter templates for personalization in letters. Assigned pronoun information can be extracted using the Ad hoc Filter Designer.

Data Integrity Tools

Data Health Check Household and Transcript Rules Converted to Data Validation Rules (SIS-166596) **[Enhancement]**

Household and Transcript Data Health Check rules have been converted to Data Validation Rules. Users who have purchased the Campus Analytics Suite can now generate and view data about these rules by including them in validation groups and then generating these groups via the Data Validation Report.

As of this release, District Edition customers with Data Health Check and/or Data Analytics can continue to access and run the Data Health Check validations rules until this tooling is deprecated in June 2023.

Additional updates to this logic will be included in an upcoming release (https://community.infinitecampus.com/news/article/campus.2311_data_validations_information).

Early Warning

Insights Reporting and Analysis Functionality Added for Campus Analytics Customers (SIS-159978) **[Enhancement]**

A new module called Insights has been added to Infinite Campus for users who have purchased the Campus Analytics Suite. This new module contains 12 data visualization reports for better understanding and dissemination of information surrounding student assessments, attendance, classroom performance, and stability.

The following is a list of these new visualization reports:

- Assessments by Proficiency
- Students by Assessment Proficiency
- Daily Attendance Report
- Percent in Attendance Heatmap Report
- Grade Analysis
- In-Progress Grades Summary by Course
- In-Progress Grades Summary by Student
- In-Progress Grades Summary by Teacher
- Posted Grades Summary by Course
- Posted Grades Summary by Student
- Posted Grades Summary by Teacher
- Student Demographic Report

Each report presents users with a graphical representation of data (in a pivot table) pertaining to the report's focus which allows users to analyze and interpret this data without the need to create complex pivot queries. These reports also allow you to export the data visualization (and accompanying data) into various formats including PDF, HTML, CSV, Excel, and PNG.

For more information about these new reports, see the Insights (https://kb.infinitecampus.com/help/insights) article in the Knowledge Base of the Campus Community.

Messenger

Message Scheduling for Messenger 2.0 (SIS-157228) **[Enhancement]**

Enhanced message scheduling tools have been introduced to Messenger 2.0. These scheduling tools greatly enhance a district's ability to communicate with staff and students by:

- Scheduling one-time or recurring messages for one or more calendars with daily, weekly, or custom intervals.
- Generating a recipient list at the time of delivery.
- Sending confirmation emails when a scheduled message is sent.
- Viewing and editing scheduled messages in new Scheduled Messages section of Messenger 2.0.

Online Payments

New Mobile Payments App (SIS-156711) **[Enhancement]**

A new app for Android and iOS devices called Campus Mobile Payments is now available for districts who use the School Store. This app provides districts with a tool for entering credit/debit card purchases in real-time at events held by the district or a school.

A new Mobile Payments option has been added to the Categories and General Product tools (School Store > Administration > Categories and School Store > Product Inventory > General Product). This option allows Categories, Products, and Product Items to be assigned to an event. The Product Items can then be purchased at the event.

Two new tools, Events and Device Management, have been added to School Store > Administration. The Events tool is used to create an event, assign a Cashier PIN to a Category, and arrange the Product Items in a layout that will be displayed on a mobile device.

The Device Management tool allows users to set up a device to be used at an event. A QR code is used to connect the device with Campus information. Once connected, the Cashier PIN is entered to access the event.

A new card reader device is required for the Mobile Payments app. Contact your sales

representative or Client Relationship Manager for more information.

For more information about the set up of Mobile Payments, see the School Store documentation.

NEW Staff Planner (SIS-157668) **[Enhancement]**

A new stand-alone Staff Planner tool that functions outside of the Schedule Wizard is now available as part of new scheduling initiative that provides new features for easy assignment of courses, rooms and period assignments.

The Staff Planner lists active teachers in the selected school and the total count of periods they can teach, their percentage of FTE, the courses currently assigned to them, the amount of sections for the courses assigned, and in which rooms they are assigned to teach. New features include filtering by teacher or department..

This is the first release of the Staff Planner; additional features will be released in future updates.

The current Staff Planner (accessible through the Schedule Wizard Whiteboard) is still available and can be used interchangeably with this new Staff Planner.

Period Schedule Sequence Number (SIS-159435) **[Enhancement]**

Validations have been added to the Calendar Period Schedule to prohibit the entry of a Period Sequence value that exists for another Period Sequence Value.

The value of the Sequence fields must not be zero (0) and must be unique. Entering a zero or a duplicate sequence number in these fields results in an error message, as does entering a sequence that is the same as another sequence. Validation messages display after selecting Save Period Schedules in the Action Bar.
