Tool Search: Section Student Detail

The Section Student Detail tool allows districts to collect section data on a student-by-student basis that is unrelated to scheduling.

See the core [Section Student Detail](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and extracting Section Student Detail records.

Add Section Student Detail Records

To add a new Section Student Detail record for students, click **New**. The Section Student Detail side panel opens. Select the appropriate students, add the Start and End Dates, then select the Career Readiness option for the selected students.

Add a record for ALL students in the section who do not already have a record by using the **Batch Fill** option.

Overlapping records are not allowed.

The screenshot shows the 'New Section Student Detail' form with the following fields:

- Student(s):** Student, Alicia #12345678
- Start Date:** month/day/year
- End Date:** month/day/year
- Career Readiness:** A dropdown menu with a red box around it.
- State Reporting Fields:** A section with a message: "At least 1 State Reporting Field must be populated."
- District Fields:** A section with a "Save" button and a "Cancel" button.
