Autism

This form is provided to assist individualized education program (IEP) teams as one part of a comprehensive special education evaluation to document if a student meets the disability category criteria under Chapter 115, Wis. Stats., and PI 11.36, Wis. Admin. Code. The IEP team should complete this form to document whether or not the student meets the disability category criteria or continues to meet the criteria during a reevaluation. Attach the criteria form to the Evaluation Report, DPI sample form ER-1, that includes additional information to determine special education eligibility.

Autism means a developmental disability significantly affecting a child's social interaction and verbal and nonverbal communication, generally evident before age 3, that adversely affects educational performance. Other characteristics of this disability may include, but are not limited to, abnormally restricted and stereotyped repetitive patterns of behavior.

## (ER-1) Need for Specially Designed Instruction

The Need for Specially Designed Instruction editor lists the determination of the student's disability, the evidence for that decision and whether the student requires special education services as a result.

(ER-1) Need for Specially Designed Instruction NOT STARTED Editor 10 of 13

**IV. DETERMINATION OF DISABILITY CATEGORY AND NEED FOR SPECIALLY DESIGNED INSTRUCTION**

The IEP team must determine if a student meets the disability category criteria under PI 11.36, Wis. Admin. Code. A student is identified as having a disability if the IEP team determines the student has a disability that adversely affects the student's educational performance, and as a result needs specially designed instruction. Use the disability category criteria forms to assist in documentation of required elements for each disability category. Additional documentation is required for Specific Learning Disabilities and Blind and Visually Impaired (see below).

**A. DETERMINATION OF DISABILITY CATEGORY**

1. When considering whether the student meets the criteria for one or more disability categories, the IEP team may not find the student eligible if the determining factor is due to a lack of appropriate instruction in reading or math, or due to limited English proficiency. *If one of these reasons applies, describe:*
