Tool Search: Vaccines

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the Utah Department of Health.

For more information on the creation, modification or deletion of vaccine compliances, see the [Vaccines](#) page.

DTaP, DTP

Diphtheria-tetanus-pertussis, combined [DTaP, DTP] (code: DTaP-DTP)

Rule	Requirements
Age 0-1 months <i>No Requirement</i>	Students 1 month old and younger are not required to receive any doses of the DTaP, DTP vaccine.
1 dose Age 2-5 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 2 months old, but no older than 5 months old, the student receives one dose of the DTaP/DTP, DT, TD, or Tdap vaccine, and the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance.

Rule	Requirements
<p>2 doses Age 4-8 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 4 months old, but no older than 8 months old, • the student receives two doses of the DTaP/DTP, DT, TD, or Tdap vaccine, • the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance.
<p>3 doses Age 6-18 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 6 months old, but no older than 18 months old, • the student receives three doses of the DTaP/DTP, DT, TD, or Tdap vaccine, • the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, and • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance.
<p>4 doses under 7 <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 83 months, • the student is in state grade: PK, • the student receives four doses of the DTaP/DTP, DT, TD, or Tdap vaccine, • the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the fourth and previous dose is greater than 4 months with a 4 day tolerance, and • the difference between the fourth dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Requirements
<p>4 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives four doses of the DTaP/DTP, DT, TD, or Tdap vaccine, • the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the fourth and previous dose is greater than 4 months with a 4 day tolerance, and • the difference between the last dose and the student's birthdate is greater than 48 months with a 4 day tolerance.
<p>5 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives five doses of the DTaP/DTP, DT, TD, or Tdap vaccine, • the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the fourth and previous dose is greater than 4 months with a 4 day tolerance, and • the difference between the fifth and previous dose is greater than 6 months with a 4 day tolerance.
<p>3 doses 7+ <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 84 months (7 years) old, • the student receives three doses of the DTaP/DTP, DT, TD, or Tdap vaccine, • the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, and • the difference between the last dose and the student's birthdate is greater than 84 months with a 4 day tolerance.

Rule	Requirements
4 doses 7+ <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is at least 84 months (7 years) old, • the student receives four doses of the DTaP/DTP, DT, TD, or Tdap vaccine, • the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the fourth and previous dose is greater than 6 months with a 4 day tolerance, and • the difference between the last dose and the student's birthdate is greater than 84 months with a 4 day tolerance.
3 doses <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student receives three doses of the DTaP/DTP, DT, TD, or Tdap vaccine, and • the difference between the last dose and the effective date is less than 6 months with a 1 day tolerance.
2 doses 7+ <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student is at least 84 months (7 years) old, • the student receives two doses of the DTaP/DTP, DT, TD, or Tdap vaccine, and • the difference between the last dose and the effective date is less than 6 months with a 1 day tolerance.
1 dose <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • the student receives one dose of the DTaP/DTP, DT, TD, or Tdap vaccine, and • the difference between the last dose and effective date is less than 28 days with a 0 (zero) day tolerance.

Tdap

Tetanus, Diphtheria and Acellular Pertussis [Tdap] (code: Tdap)

Rule	Requirement
1 dose grades 7-12 <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 07, 08, 09, 10, 11, 12, the student receives one dose of the Tdap vaccine, and the difference between the last dose and the student's birthdate is greater than 120 months with a 4 day tolerance.
No dose grades 7-12 <i>Non-compliant</i>	Students are considered non-compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 07, 08, 09, 10, 11, 12, and the student receives no doses of the Tdap vaccine.

Polio

Rule	Requirement
Age 0-1 months <i>No Requirement</i>	Students 1 month old and younger are not required to receive any doses of the Polio vaccine.
Age 18+ <i>No Requirement</i>	Students 18 years old and older are not required to receive any doses of the Polio vaccine.
1 dose Age 2-3 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 2 months old, but no older than 3 months old, the student receives one dose of the IPV or combined IPV/OPV Polio vaccine, and the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance.
2 doses Age 4-5 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 4 months old, but no older than 5 months old, the student receives two doses of the IPV or combined IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and the difference between the second and previous dose is greater than 28 days with a 4 day tolerance.

Rule	Requirement
<p>4 doses before 08/07/2010 <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives four doses of the IPV or combined IPV/OPV Polio vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the fourth and previous dose is greater than 28 days with a 4 day tolerance, and • the student receives the last dose before 08/07/2010.
<p>4 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives four doses of the IPV or combined IPV/OPV Polio vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the fourth and previous dose is greater than 6 months with a 4 day tolerance, and • the difference between the fourth dose and the student's birthdate is greater than 48 months with a 4 day tolerance.
<p>3 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 6 months, but no older than 47 months old, • the student receives three doses of the IPV or combined IPV/OPV Polio vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, and • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance.

Rule	Requirement
3 doses 4 yrs <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 48 months (4 years) old, the student receives three doses of the IPV or combined IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, the difference between the third and previous dose is greater than 6 months with a 4 day tolerance, and the difference between the third dose and the student's birthdate is greater than 48 months with a 4 day tolerance.
1 dose <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the IPV or combined IPV/OPV Polio vaccine, and the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
2 doses <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives two doses of the IPV or combined IPV/OPV Polio vaccine, and the difference between the last dose and the effective date is less than 6 months with a 1 day tolerance.

Measles Mumps Rubella MMR

Rule	Requirements
Age 0-11 months <i>No Requirement</i>	Students 11 month old and younger are not required to receive any doses of the MMR vaccine.
1 dose PK <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: PK: Pre-kindergarten, the student receives one dose of the MMR or MMRV vaccine, and the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Requirements
<p>1 dose 12-59 months M, M, R <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grade: PK: Pre-kindergarten, • the student receives one dose of the Measles, MMR, or MMRV vaccine, and <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, OR • the student receives one dose of the Mumps, MMR, or MMRV vaccine, and <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, OR • the student receives one dose of the Rubella, MMR, or MMRV vaccine, and <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>2 doses K-12 <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grade: 00: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, • the student receives two doses of the MMR or MMRV vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.

Rule	Requirements
<p>2 doses K-12 <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grade: 00: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, • the student receives two doses of the Measles, MMR, or MMRV vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives two doses of the Mumps, MMR, or MMRV vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives two doses of the Rubella, MMR, or MMRV vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.
<p>1 dose <i>In Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives one dose of the Measles, Mumps, Rubella, MMR, or MMRV vaccine, and • the difference between the first dose and the effective date is less than 28 days with a 0 (zero) day tolerance.

Hepatitis B

Rule	Requirements
<p>1 dose 0-1 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 1 month old or younger, and • the student receives one dose of the Hepatitis B vaccine.

Rule	Requirements
<p>2 doses 2-3 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 2 months, but no older than 3 months old, • the student receives two doses of the Hepatitis B vaccine, and • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance.
<p>3 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives three doses of the Hepatitis B vaccine, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the last and the second valid dose is greater than 56 days with a 4 day tolerance, • the difference between the last and the first valid dose is greater than 112 days with a 4 day tolerance, and • the difference between the last dose and the student's birthdate is greater than 168 days with a 4 day tolerance.
<p>2 doses Hep B-2 Over 11 yrs <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 132 months (11 years) old, • the student receives two doses of the Hepatitis B - 2 dose vaccine, and • the difference between the second dose and the previous is greater than 4 months with a 4 day tolerance.
<p>1 dose Adult Hep B-2 Over 11 yrs <i>In Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 132 months (11 years) old, • the student receives one dose of the Hepatitis B - 2 dose vaccine, and • the difference between the last dose and the effective date is less than 4 months with a 0 (zero) day tolerance.
<p>2 doses <i>In Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives two doses of the Hepatitis B vaccine, and • the difference between the last dose and the effective date is less than 56 days with a 0 (zero) day tolerance.

Rule	Requirements
1 dose <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the Hepatitis B vaccine, and the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.

Varicella

Rule	Requirements
Age 0-11 months <i>No Requirements</i>	Students 11 month old and younger are not required to receive any doses of the Varicella vaccine.
2 doses <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 00: Kindergarten, 01, 02, 03, 04, 05, 07, 08, 09, 10, 11, 12, the student receives two doses of the MMRV or Varicella vaccine, the difference between the first dose and the students birthdate is greater than 12 months with a 4 day tolerance, and the difference between the second and previous dose is greater than 28 days with a 4 day tolerance.
1 dose <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: PK: Pre-Kindergarten, 06 the student receives one dose of the MMRV or Varicella vaccine, and the difference between the first dose and the students birthdate is greater than 12 months with a 4 day tolerance.
1 dose 13yo <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the MMRV or Varicella vaccine, and the difference between the last dose and the student's birthdate is less than 28 days with a 0 (zero) day tolerance.

Rule	Requirements
1 dose < 13yo <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the MMRV or Varicella vaccine, and the difference between the last dose and the student's birthdate is less than 3 months with a 1 day tolerance.

Meningococcal MCV4

Rule	Requirements
1 dose Grades 7-12 <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 07, 08, 09, 10, 11, 12, the student receives one dose of the Meningococcal vaccine, and the difference between the last dose and the student's birthdate is greater than 120 months with a 4 day tolerance.
No dose Grades 7-12 <i>Non-Compliant</i>	Students are considered non-compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 07, 08, 09, 10, 11, 12, and the student does not receive any doses of the Meningococcal vaccine.

Hib

Haemophilus influenza, type B [Hib] (code: Hib)

Rule	Requirements
Age 0-1 months <i>No Requirement</i>	Students 1 month old and younger are not required to receive any doses of the Hib vaccine.
Age 5 years and older <i>No Requirement</i>	Students 60 months (5 years) old and older are not required to receive any doses of the Hib vaccine.

Rule	Requirements
<p>1 dose Age 2-3 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 2 months, but no older than 3 months old, • the student receives one dose of the Hib or the Hib 3 dose vaccine, and • the difference between the last dose and the student's birthdate is greater than 42 days with a 4 day tolerance.
<p>2 doses Age 4-5 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 4 months, but no older than 5 months old, • the student receives two doses of the Hib or the Hib 3 dose vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance.
<p>3 doses < 7 months 1st shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 11 months old, • the student receives three doses of the Hib vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 6 months with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, and • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance.
<p>3 doses 7-11 months 1st shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 11 months old, • the student receives three doses of the Hib vaccine, • the difference between the first dose and the student's birthdate is greater than 7 months with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, and • the difference between the third and previous dose is greater than 56 days with a 4 day tolerance.

Rule	Requirements
<p>3 doses Hib 3 dose 7-11 months 1st shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives three doses of the Hib 3 dose vaccine, • the difference between the first dose and the student's birthdate is greater than 7 months with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 56 days with a 4 day tolerance, and • the difference between the third dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>3 doses after 12-59 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 12 months, but no older than 59 months old, • the student receives three doses of the Hib or Hib 3 dose vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 56 days with a 4 day tolerance, and • the difference between the third dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>2 doses Hib 3 dose after 1 year <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 12 months old, • the student receives two doses of the Hib 3 dose vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the second and previous dose is greater than 56 days with a 4 day tolerance.

Rule	Requirements
<p>4 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives four doses of the Hib vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the second dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the fourth and previous dose is greater than 56 days with a 4 day tolerance.
<p>2 doses 12-14 months 1st shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives two doses of the Hib vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 14 months with a 4 day tolerance, and • the difference between the second and previous dose is greater than 56 days with a 4 day tolerance.
<p>1 dose 15 months 1st shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 15 months old, • the student receives one dose of the Hib or Hib 3 dose vaccine, and • the difference between the first dose and the student's birthdate is greater than 15 months with a 4 day tolerance.

Rule	Requirements
<p>1 dose In Progress before 1 yr <i>In-Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives one dose of the Hib or Hib 3 dose vaccine, • the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance, and • the difference between the last dose and the student's birthdate is less than 11 months with a 0 (zero) day tolerance.
<p>1 dose in Progress after 1 yr <i>In-Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives one dose of the Hib or Hib 3 dose vaccine, • the difference between the last dose and the effective date is less than 56 days with a 0 (zero) day tolerance, and • the difference between the last dose and the student's birthdate is greater than 12 months with a 0 (zero) day tolerance.
<p>2 doses in Progress <i>In-Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 7 months old, • the student receives two doses of the Hib vaccine, and • the difference between the last dose and the effective date is less than 56 days with a 0 (zero) day tolerance.
<p>2 doses Hib 3 dose in Progress before 1 year <i>In-Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 7 months, but no older than 12 months old, • the student receives two doses of the Hib 3 dose vaccine, and • the difference between the last dose and the effective date is less than 56 days with a 0 (zero) day tolerance.

Hepatitis A

Rule	Requirements
<p>2 doses <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives two doses of the Hepatitis A vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the second and previous dose is greater than 6 months with a 4 day tolerance.

Rule	Requirements
1 dose <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the Hepatitis A vaccine, and the difference between the first dose and the effective date is less than 6 months with a 1 day tolerance.

Pneumococcal PPV

Rule	Requirements
Age 0-1 months <i>No Requirement</i>	Students 1 month old and younger are not required to receive any doses of the PPV vaccine.
Ages 5 and older <i>No Requirement</i>	Students 60 months (5 years) old and older are not required to receive any doses of the PPV vaccine.
1 dose required ages 2-3 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is as least 2 months, but no older than 3 months old, the student receives one dose of the PPV vaccine, and the difference between the last dose and the student's birthdate is greater than 42 days with a 4 day tolerance.
2 doses required age 4-5 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is as least 4 months, but no older than 5 months old, the student receives two doses of the PPV vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and the difference between the second and previous dose is greater than 28 days with a 4 day tolerance.
3 doses 6-11 months <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is as least 6 months, but no older than 11 months old, the student receives three doses of the PPV vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, and the difference between the second dose and the student's birthdate is less than 6 months with a 4 day tolerance.

Rule	Requirements
<p>4 doses 12 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 12 months old, • the student receives four doses of the PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, and • the difference between the fourth dose and the student's birthdate is greater than 56 days with a 4 day tolerance.
<p>3 doses 12 months; 7-11 shot <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 12 months old, • the student receives three doses of the PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 56 days with a 4 day tolerance, • the difference between the second dose and the student's birthdate is greater than 7 months with a 4 day tolerance, • the difference between the second dose and the student's birthdate is less than 11 months with a 4 day tolerance, and • the difference between the third dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>3 doses 12 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is as least 12 months old, • the student receives three doses of the PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 56 days with a 4 day tolerance, and • the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance.

Rule	Requirements
<p>2 doses 12 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives two doses of the PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the second and previous dose is greater than 56 days with a 4 day tolerance.
<p>1 dose over 24 months <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives one dose of the PPV vaccine, and • the difference between the first dose and the student's birthdate is greater than 24 months with a 4 day tolerance.
<p>In-Progress <i>In-Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives one dose of the PPV vaccine, and • the difference between the first dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
