## Medical Group

Several sections of Ohio Revised Code require city, local, exempted village, and joint vocational school districts to report information to the Department related to medications procured and used by the district. All reporting for this group is for the current school year.

Multiple records may exist for each medication type.

The screenshot shows a web form titled "Medical Group Detail". It includes a dropdown menu for "Medication Procured", a text input for "Number" with the value "0", and a date picker for "Date Procured". A large text area for "Comments" is located below these fields. The form is presented within a window titled "Ohio Medical Group Detail Editor".

## Medication Procured

Use the drop-list to select the type of medication procured (Glucagon, Inhalers, Epi-Pens).

## Number

Enter the amount of the selected type of medication procured in the Number field.

## Date Procured

In the Date Procured, enter the date on which the medication was procured.
