

# Organization General Information (DN) (Ohio Extracts) [.2243 - .2307]

Last Modified on 02/07/2023 8:58 am CST

[Report Logic](#) | [Generating the Extract](#) | [Extract Layout](#)

**PATH:** *OH State Reporting > OH Extracts > Organization General Information (DN)*

The Ohio Organization General Information (DN) extract is used to report groups of information regarding building and district information including a school's calamity days. Records in the Calamity group are required to be reported for each building within a city, local, exempted village school district as well as each community school and each STEM district. In addition, Calamity building records are required for each Joint Vocational School (JVS) within a joint vocational school district (JVSD), the Ohio School for the Deaf (OSD), and the Ohio School for the Blind (OSB).

## Report Logic

Each attribute within each group will report a record. Records should be sorted by group and by calendar. Calendar and state exclude will report. Currently, only the Calamity, Count Week Days, Calendar, and Medical extract groups are reported.

A record reports for each day with a Date Event, for each State Grade. Duplicate records are not reported for days with multiple events.

## Calamity Group Attribute Codes

| Code              | Description          |
|-------------------|----------------------|
| <b>CLMTYMDEUP</b> | Calamity Day Made Up |
| <b>CLMTYTAKEN</b> | Calamity Day Taken   |

| Code              | Description                  |
|-------------------|------------------------------|
| <b>SHORTENOTH</b> | Shortened Day Due to Other   |
| <b>SHORTENWEA</b> | Shortened Day Due to Weather |

## Calendar Group Attribute Codes

For Day Events of DBLZZARD, a record reports for each Day with that Event. A separate record reports for each Grade Level that is not marked as State Exclude. If an Attendance Pattern is entered, a record reports for each Attendance Pattern entered for a Grade Level.

For all other attributes, for each Day Event of the reported attribute, each grade level not marked state exclude reports a record, and within that a record reports for each unique Attendance Pattern.

| Code              | Description  |
|-------------------|--|
| <b>C_DCMTYTKN</b> | Full day taken for calamity situations.  |
| <b>C_DNOTPLAN</b> | Full unplanned day not in session, excluding calamity days.  |
| <b>C_DPLANNED</b> | Full planned day not in session, such as holidays and breaks.  |
| <b>C_HRSLNGTH</b> | Can be used for a calamity makeup day added to a scheduled day, or for other reasons.  |
| <b>C_HSHRTNOP</b> | Hours in session when the day was shortened for an unplanned reason other than weather, such as early dismissals, late starts, or mid-day interruptions.   |
| <b>C_HSHRTPLN</b> | Hours in session when the day was shortened for a planned reason other than weather, such as teacher professional days and parent-teacher conference days. Reports days where both students and staff are expected to attend. If a day only includes staff, hours report in Teacher Days code. |
| <b>C_HSHRTWEA</b> | Hours in session when the day was interrupted by weather.  |
| <b>C_PRFLMEET</b> | Staff professional meeting day, full or partial.   |
| <b>C_PTCONFRC</b> | Parent-teacher conference day, full or partial.  |
| <b>C_YWKDAYMN</b> | For students who are not expected to be in attendance every Monday during the school year.   |
| <b>C_YWKDAYTU</b> | For students who are not expected to be in attendance every Tuesday during the school year.  |
| <b>C_YWKDAYWD</b> | For students who are not expected to be in attendance every Wednesday during the school year.  |
| <b>C_YWKDAYTH</b> | For students who are not expected to be in attendance every Thursday during the school year.   |

| Code              | Description  |
|-------------------|--|
| <b>C_YWKDAYFR</b> | For students who are not expected to be in attendance every Friday during the school year.                 |
| <b>C_YWKDAYSA</b> | For students who are expected to be in attendance every Saturday during the school year.                   |
| <b>C_YWKDAYSU</b> | For students who are expected to be in attendance every Sunday during the school year.                     |
| <b>C_HRSWKEND</b> | For students who attend on a Saturday or Sunday that is not in the regular schedule, such as make up days. |

## Medical Group Attribute Codes

| Code        | Description   |
|-------------|---|
| INHRLRUSAGE | The total number of state-procured inhalers used each day.  |
| GLCGNUSAGE  | The number of state-procured glucagon doses used each day.  |
| DIBTSENRLD  | The number of enrolled students with diabetes.  |
| DIBTSERROR  | The number of errors with the administration of diabetes medication during the current school year. |
| EPHNPBUSAGE | The total number of state-procured epi-pens used each day.  |

## Generating the Extract

1. Select the Organization General Information (DN) **Extract Type**.
2. Select the appropriate **Group** from the dropdown list, indicating the type of attributes generated on the report. Each attribute within each group will report a record. Records are sorted by group and by calendar.
3. Select the appropriate **Reporting Period** for the selected Group.
4. Enter the desired **Date Range** in *mmddyyyy* format or by clicking the calendar icons and selecting dates. Indicates date range from which the report will extract data.
5. Select the extract **Format**. For submission to the state, select the State Format (Fixed width) option. To review data before submission to the state, select any of the other available formats.
6. Select which **calendar(s)** to include within the extract. Information regarding the selected group for the school(s) in the selected calendar(s) will appear in the report. Calendars may be listed by active year, school or year by selecting the appropriate radio button.
7. Click **Generate Extract** to generate the report in the indicated format or **Submit to Batch** to schedule when the report will generate. If generating multiple extracts at a time (after Campus.1921), requests can only be submitted to the Batch Queue.

Users have the option of submitting a Organization General Information (DN) report request to the batch queue by clicking **Submit to Batch** instead of Generate Extract. This process will allow larger reports to generate in the background, without disrupting the use of Campus. For more

information about submitting a report to the batch queue, see the [Batch Queue](#) article.
