Tool Search: Gifted

The Gifted tool tracks a student's participation in Gifted and Talented programming through enrichment, acceleration, and/or advanced curriculum. Schools can record a student's participation that includes a specific type of program or location or focus, note permission to participate, and generate a summary report of the entered data.

Records can overlap, meaning the student may have multiple Gifted records that do not have an End Date.

See the core [Gifted and Talented](#) for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Gifted and Talented records.

The screenshot shows the 'Gifted' record entry interface for a student named Jack D. The header includes the student's name, ID (123456), grade (10), and date of birth (01/11/2008). Below this, there are tabs for 'Medical Condition(s)', 'CARE', and 'Restricted-Directory Information Flag'. A 'Related Tools' dropdown is also present. The main area contains a 'Gifted Editor' table with columns for Start Date, End Date, Program Status, and Created By. A single record is shown with a Start Date of 01/01/2024 and Program Status of Gifted. Below the table is a 'Gifted Detail' form with fields for Start Date (01/01/2024), End Date, Program Status (1: Gifted), and Gifted Category (ATR: Academically Talented Reading). A comments field is also available. The record was modified by an administrator on 06/18/2024 at 02:49 PM.
