Student CTE Program Association Credentials (New Mexico v3.5)

Last Modified on 03/11/2024 8:47 am CDT

Tool Search: Ed-Fi

This association represents the career and technical education (CTE) program certifications that a student earns.

Object Triggering Logic

This table describes logic for triggering syncing of this object.

Action	Trigger
Post	Report one record for each Career Tech Certification record a student has where the certification date overlaps the configured year and the student has an enrollment in the configured year. • Do not send records if the Calendar Exclude check box is checked in the calendar the student is enrolled. • Do not send records if the School Exclude check box is checked in the calendar the student is enrolled. • Do not send a record if the No Show check box is checked. • Do not send a record if the Passed checkbox is unchecked.
Put	When the student's Academic Planning > Career Tech Program Certification record has changed for a student. • Name • Passed
Delete/Post	When the date of a Career Tech Program Certification record is changed.
Delete	When the Career Tech Program Certification record is deleted.
Delete	If the Career Tech Program Certification date is changed and the record no longer overlaps the configured year.

Scope Year Logic

This table describes scope year logic of this object.

Logic
The record will send to and year that the student's Career Tech Certification record overlaps with.
Data will only send for the years that have valid configuration.

Resource Preferences

This table describes the Resource Preferences of this object.

Data Element Label	Mapping Needed
Program Delivery Method Descriptor	Certification Name
IndustryCredential Descriptor	Certification Name

Object Data Elements

Data Element Labels in bold are part of the Natural Key and are required data elements for Data to send to Ed-Fi.

Data Element Label	Business Requirement	Business Rules	M, C or O	Data Source GUI Path	Database Field
id	The unique identifier of the resource.	The unique identifier of the resource.	M
