Tool Search: Enrollments

The Enrollment tool displays all occurrences of a student's enrollment in the district. Because this is an historical view, this list could be long.

By default, enrollments are first sorted by grade level and sorted by enrollment start date second. To reorder the list of enrollments, click the blue headers in the Enrollments Editor list. The list of enrollments can be sorted by Grade, Calendar, Start Date or End Date.

See the core [Enrollments](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Enrollment records.

## General Enrollment Information

The **General Enrollment Information** section lists the calendar of enrollment, grade level, start and end date, the type of enrollment, the start and end status of enrollment, and any enrollment comments that have been entered. Options available in fields such as start status, end status and service type vary by state.

The screenshot shows the 'General Enrollment Information' editor for a student named Abegg, Dylan V. (Student #: 171900001, Grade: 11, DOB: 09/15/2006). The interface includes a top navigation bar with 'Student Information > General > Enrollments'.
