

## **ASSA Student Sent**

Last Modified on 12/14/2025 8:45 pm CST

As of the <u>Campus.2311</u> release, the ASSA Student Sent extract has been updated to better align with the NJSLEDS SID Management Report. Please see <u>ASSA Student Sent (New Jersey)</u> for information on the previous version.

Tool Search: ASSA

The ASSA Student Sent Report provides a list of sent students by receiving district and grade level.

### **Report Logic**

Provide a count for each non-consolidated student enrollment with a Start Date <= extract editor End Date and End Date of null or >= extract editor Start Date (at any point within the extract editor Start and End Date range), when the following are true:

- No Show box is NOT checked.
- When extract editor > State Exclude = <u>Exclude State Exclude Enrollments</u>:
  - Only enrollments with State Exclude NOT checked report.
- When extract editor > State Exclude = <u>Include State Exclude Enrollments</u>:
  - Enrollments with State Exclude checked OR not checked may report.
- When extract editor > State Exclude = Only State Exclude Enrollments:
  - Only report records for students with State Exclude checked.
- When Attending District is blank and does not match the State District Number of the Campus district.
- When the enrollment's Tuition Code is NOT '06' or '07'.

#### Consolidated Enrollments

When the student has any enrollments on or between the extract editor date range that match on the following fields, the student must only be counted once for these enrollments, with the reported enrollment prioritized by the following: Primary enrollment, then latest (or blank) End Date, then latest Start Date, then the highest 'enrollmentID'.

- School Entry Date
- County Code Attending
- · District Code Attending
- School Code Attending

#### Record counts are separated by Attending District.

- Top record per separated Attending District group lists the State District Number beneath the "Line" column and the District Name in the Enrollment Category column.
- The second record lists the Attending District number and Name of the Attending District.
- An Attending District group (local district through the highest grade level) reports when any student in the extract calendars selected have a reporting enrollment with Attending District is not Null.
  - An Attending District group reports only once on the report.
  - All applicable students report within their assigned Attending District group.
- Each record group must be separated by a blank row as seen in the image below.

### Students without State IDs:

- When 'Students w/o stateIDs' is NOT checked on the extract editor:
  - Return a record for students with a null and non-null Student State ID
- When 'Students w/o stateIDs' is checked on the extract editor:
  - · Return a record for only students with a null Student State ID

The student's enrollment must be active on at least 1 day included in the report.

• When a student has more than one enrollment during the extract editor date range, each enrollment is included separately on the report, unless it is consolidated or excluded.

#### Exclude enrollments:

- In calendars with 'Exclude' checked.
- With a grade that is grade-level excluded.
- With 'No Show' checked.
- With Tuition Code of '06' or '07'.

Field	Description
Extract Type	Determines which ASSA extract generates. For this extract, select Student Sent.
Reporting Period Start Date	The extract Start Date. Dates are entered in <i>mmddyy</i> format or can be chosen using the calendar icon.
Reporting Period End Date	The extract End Date. Dates are entered in <i>mmddyy</i> format or can be chosen using the calendar icon.
Students w/o state IDs	Includes students with a blank State ID field. (Census > People > Demographics > Student State ID)
Include Student Detail Report	Generates the ASSA School Detail when checked. The Detail report begins on page 3 of the file and displays a record for each student included on the Summary report on page 1. Records are sorted by State School Number, then by Enrollment Category, then by State ID.
State Exclude	<ul> <li>Drop list options:</li> <li>Exclude State Exclude Enrollments (default)</li> <li>Include State Exclude Enrollments</li> <li>Only State Exclude Enrollments</li> </ul>
Ad Hoc Filter	Select an Ad hoc filter to limit report results to students who meet filter requirements.
Format	Determines how the report displays. Drop list options:  • PDF (State Format)  • DOCX  • CSV
Calendar Selection	Select the calendar of enrollment from which to pull student data.  Calendars can be chosen by the active year, school name, or year.  Selection of at least one calendar is required.

Description
Choose Generate Extract to display the results immediately. Select the
Submit to Batch option to generate the report at a specified time. This option is helpful when generating large amounts of data.

## **Generate the Report**

- 1. Select Student Sent from the Extract Type dropdown list.
- 2. Enter a **Reporting Period Start Date** in *the format mm/dd/yyyy* or click the calendar icon and select a date.
- 3. Enter a **Reporting Period End Date** in *mmddyyyy* format or by clicking the calendar icon and selecting a date.
- 4. Check the **Students w/o state IDs** and/or **Include Student Detail Report** boxes (when such filtering is desired).
- 5. Select the appropriate **Exclude** option (Exclude State Exclude Enrollments is the default).
- 6. Select an **Ad hoc** filter to limit report results to students who meet filter requirements.
- 7. Select the **Report Format** in which you wish to generate the report.
- 8. Select at least one **Calendar** from the list of options.
- 9. Click the **Generate Extract** button. The report displays in the selected format.

# **Example Reports**

The report includes a Date/Time stamp to indicate when the report was generated.
