Report Editor

The following table defines the fields available on the SD December Child Count Report Editor.

Editor Field	Description
Extract Format	The format in which the report will generate. Options are CSV, DOCX, HTML, PDF or XML.
Effective Date	Data is reported as of this date. If null, data is reported from Dec 1st of the reporting year.
Calendars	The calendar(s) from which data is pulled for the report. Calendars are listed by school and depend on the year and school selected in the Campus Toolbar.

Generating the Report

To generate the SD December Child Count Report:

1. Select the **Format** in which the report should generate.
2. Enter the **Effective Date**, if desired. If Effective Date is null, logic reports data based on Dec 1st of the reporting year.
3. Indicate which **Calendar(s)** should be included in the report.
4. Click **Generate Extract** to generate the report in the desired format.

If an Effective Date is entered, the report header will display this date instead Dec 1 next to the report name.
