

Beginning of Year Checklist (Arizona)

Last Modified on 04/02/2025 11:38 am CDT

The Beginning of Year Checklist provides information on certain activities that need to be performed within Infinite Campus prior to the first day of school.

There is no specific order in which these tasks need to be completed, just as long as they are completed prior to the first day of school. Links to appropriate content are listed in the Notes column, along with other helpful information about the task.

As always, follow your district's policies and guidelines when completing these tasks.

Campus is a living solution that's continually improved to provide you with the latest features. Check out the [latest releases](#) to stay up to date on new tools and modifications to the product that may have occurred over the summer.

School Information

Done	Task	Notes
	Modify the school year that is marked as active to be the new school year - e.g., 2022-23 to 2023-24.	<p>This change displays the current school year calendars as the first option in the Context Switcher and displays student enrollments for that year in bold, among other things.</p> <p>Most districts follow a fiscal year for start and end dates, from July 1 to June 30.</p> <p>Only one school year can be marked active at a time. When the Active checkbox is marked on the selected year and saved, the Active checkbox on the previous selection is automatically removed.</p> <p>See the following for more information:</p> <ul style="list-style-type: none"> • School Year Setup article • Define School Year Detail and Preferences video
