## Tool Search: Special Ed Documents

The Individual Education Plan is used to capture student special education plan information and match the required documentation provided by the state of Nevada. This document describes each editor, the section(s) of the print format that includes the entered information, a description of each field on the editor, and any special considerations and instructions. For information on general functionality, navigation, and additional plan and evaluation features, see the core [Plan and Evaluation Information](#) article.

The current print format of this document is the **NV IEP Data Plan 2023**. Plan formats are selected in [Plan Types](#).

## Parent/Guardian Information

The Parent/Guardian Information editor populates based on the guardian checkbox on the student's [Relationships](#) tool. The editor includes [Demographics](#) information for the student's guardian.

The **Delete** button next to each parent/guardian can be used to remove a parent/guardian from the IEP.

The **Refresh** button retrieves a new copy of parent/guardians' data. This also returns any accidentally deleted people. Manually entered fields do not change when the refresh button is clicked. The user must **Save** after clicking Refresh to capture changes.

This editor cannot be placed in a Not Needed status.

## CRT Alternate Assessment

The CRT Alternate Assessment editor is only available and only needs to be filled out when Alternate is selected as the Participation option on the [Statewide and/or District-wide Assessments](#) editor (previous editor).

The Nevada Alternate Assessment (NAA) is based on alternate achievement standards designed specifically for students with significant cognitive disabilities. Individualized Education Plan (IEP) teams are responsible for determining whether students with disabilities will participate in the alternate assessment or the general assessment (with or without accommodations), and should consider the student's present level of educational performance in reference to the Nevada Academic Content Standards (NVACS) in English Language Arts (ELA), Mathematics, and Science when determining how a student will participate in the Nevada Proficiency Examination Program (NPEP). In order to facilitate informed and equitable decision making, IEP teams should answer each of the following questions when determining whether or not a student should participate in the NAA:

**Questions to Guide the Decision-Making Process to Determine Whether a Student Participates in the Nevada Alternate Assessment and is a Student with the Most Significant Cognitive Disabilities**

Is the student eligible for and receiving services under the Individuals with Disabilities Education Act (IDEA) through a current IEP? \*

Yes ▾

Does the student demonstrate cognitive functioning and adaptive behavior that limit full participation in the general education curriculum and state-wide assessments even with supplementary aids, accommodations, and modifications? \*

Yes ▾

Does the student require substantial supports to meaningfully access and achieve measurable gains on the State's challenging grade-level content standards? \*

Yes ▾

Does the student require extensive, direct individualized instruction to achieve measurable gains on the state's challenging grade-level content standards and to acquire, maintain, and generalize skills necessary for application in school, home, work, and community settings? \*

Yes ▾

The IEP committee's decision about the student's participation in the NAA was NOT primarily based on any of the following: a disability category or label, poor attendance or extended absences, native language, social, cultural, or economic differences, academic and other services received, educational environment or instructional setting, percent of time receiving special education services, English Learner (EL) status, current or previous low academic achievement, or current or previous need for accommodations (e.g., assistive technology/AAC) to participate in general State or districtwide assessments. \*

**Medicaid Consent**  
Please review the statements below and select your option by checking the appropriate box.

**Yes.** As the parent/guardian of the student named above, I give consent to the District to disclose information from my child's education records to DHCFP only as necessary to allow the District to seek Medicaid funds to help cover the costs of the school health services provided to my child.

I understand that my consent will remain in effect until I withdraw it (even if I change schools or leave the District and then re-enroll), and that I may withdraw my consent at any time by notifying the District. If I withdraw my consent, the District will continue to provide school health services to my child at no cost to me, the parent/guardian.

**No.** As the parent/guardian of the student named above, I do not give consent to the District to disclose information from my child's education records to DHCFP.

I understand that if I do not give my consent, the District will continue to provide necessary school health services to my child at no cost to me, the parent/guardian.
