The Team Members tab lists the individuals who are part of a student's education team, including team managers, family and service providers. The Role assigned to team members determines whether the student appears in the team member's [Caseload \(PLP\)](#). Members can be added through finding an existing person and linking them or by entering a person without consulting Census.

The "Link All Classroom Teacher Date Override" dialog displays. Start dates populate for each record based on when the student is enrolled in that teacher's class unless a different start date is entered. Entering a date pulls in teachers with the date entered as the start date.

The option to Link All Classroom Teachers only displays if the [Special Ed Preference](#) to *Enable Team Member List to Populate from Classroom Teachers* is set to Yes.

Start and End dates populate for each teacher's record based on when the student is enrolled in that teacher's class. Membership records for teachers in future sections are entered as inactive memberships.

Find and Link Team Members

The **Find and Link New Team Members** tool allows users to select new team members from a limited list based on likely candidates, such as those connected to the student in Census, the student's teachers, and staff members designated as an Advisor in their [District Assignments](#). Existing individuals are then linked to the student and their information provided. See the following table for a description of the fields in this editor.

Individuals are listed with their Name (last, first), their status as a guardian of the student (Guard/Non-guard) and their relationship with the student (Mother, Father, etc). This list is based on the Relationships established for the student.

Once the desired individual is selected, click **Add Team Member** to add the individual to the student's special education team. Contact information will populate from Census and the Start Date of the team membership will default to the current date. For an explanation of the fields that appear for a team member, see the Team Member Fields table below.

Selecting the newly added individual will display that person's team member detail, noting when the individual was added as a team member to that student, the assigned role, specific qualifications or comments. Certain information here is pulled from saved Census data. At any time, use the **Refresh Census Information** button to display any updated details (like phone numbers and email addresses). Edits can be made to this detail record to add those qualifications and comments and to designate the Agency of the team member or to mark them as the Service Coordinator.

To print a list of all active team members, click the **Print Active Only** button. To print all team members, including inactive ones, click the **Print All** button. The list of team members will print in PDF format, sorted by Active and Inactive, with the Name, Title and Contact Information for the team members.

If a team member's contact option is marked as Private on the [Demographics](#) tool, that value is hidden from view and will not be printed.

The screenshot shows the 'Team Members' tab in the Infinite Campus interface. The 'Print Active Only' button is highlighted with a red box. A red arrow points from this button to a printed document titled 'TEAM ROSTER'. The document contains the following information:
