Tool Search: Section Student Detail

The Section Student Detail tool provides a location where districts can collect course-related state reporting data for individual students in a course section.

See the core Section Student Detail article for additional information.

Add Section Student Detail Records

New Section Student Detail Side Panel

1. Select the **New** button. The Section Student Detail side panel displays.
2. Select a student from the **Student(s)** field. Multiple students may be selected.
   Note: Overlapping records are not allowed. Records currently existing for the selected student that have no End Date and a Start Date that is before the new Start date are auto-ended.
3. Enter the appropriate data for the selected student. At least one state reporting field must be populated to save the record.
4. Click **Save**.
