Tool Search: CEIS

The CEIS tool allows schools to record student participation in Coordinated Early Intervening Services (CEIS). Coordinated Early Intervening Services are intended for students who have not been identified as students with disabilities under IDEA and who do not yet have an IEP, but who are determined to need additional academic and behavioral supports to succeed in general education.

CEIS records may not overlap.

The [Federal/State Program Updater](#) tool can be used to import CEIS records.

The screenshot shows the CEIS Editor interface for a student named Alyson 1 (AI) with a DOB of 03/01/2019. The interface includes a navigation breadcrumb (Student Information > State Programs > CEIS), a 'Related Tools' dropdown, and a toolbar with 'New', 'Save', 'Delete', 'Print Summary Report', and 'Documents' buttons. The main content area is divided into two sections: 'Coordinated Early Intervening Services Summary' and 'Coordinated Early Intervening Services Detail'. The summary section has fields for 'Start Date' and 'End Date'. The detail section includes fields for '*Start Date' and 'End Date', a '*Participation' dropdown menu, and a 'Comments' text area. At the bottom, there is a 'District Defined Elements' section.
