

# Tool Rights (Health) [.2319 and previous]

Last Modified on 05/18/2023 2:17 pm CDT

You are viewing a previous version of this article. See [Tool Rights \(Health\)](#) for the most current information.

[Health](#) | [System Administration Health](#) | [Student Information Health](#)

Tool Rights determine the level of access users have to tools throughout Campus. This article refers to tool rights in abbreviated form (i.e., R, W, A, D or any combination of the four). Sub-rights appear as *italicized*.

Right	Description
<b>R (Read)</b>	The <b>R</b> right indicates the information on the corresponding tool may be viewed by the user. When applicable, the user is also allowed to print information. The user will <b>NOT</b> have access to the Save, Add or Delete icons in the action bar.
<b>W (Write)</b>	The <b>W</b> right indicates the user may view and modify the information on the corresponding tool. The Save icon in the action bar will be functional. This right allows the user to modify only existing data in the area since adding new data is controlled by the <b>A</b> right. This right includes the ability to change or remove data from a specific field.
<b>A (Add)</b>	The <b>A</b> right indicates the user may view, modify and add to the information on the corresponding tool. The New and Add icons in the action bar will be functional. This right allows the user to add new data/records.
<b>D (Delete)</b>	ASSIGN THIS RIGHT WITH CAUTION. The <b>D</b> right indicates the information on the corresponding tool may be deleted. The Delete icon in the action bar will be functional. This right provides the ability to completely remove an existing record, including all data contained within the record. The ability to change/remove data from a field is controlled through the <b>W</b> right.

RWAD Rights assigned at the module or folder level give those rights to all features within the module. For example, giving RW rights to the System Administration Health folder assigns RW rights to all tools within that folder, including any subrights.

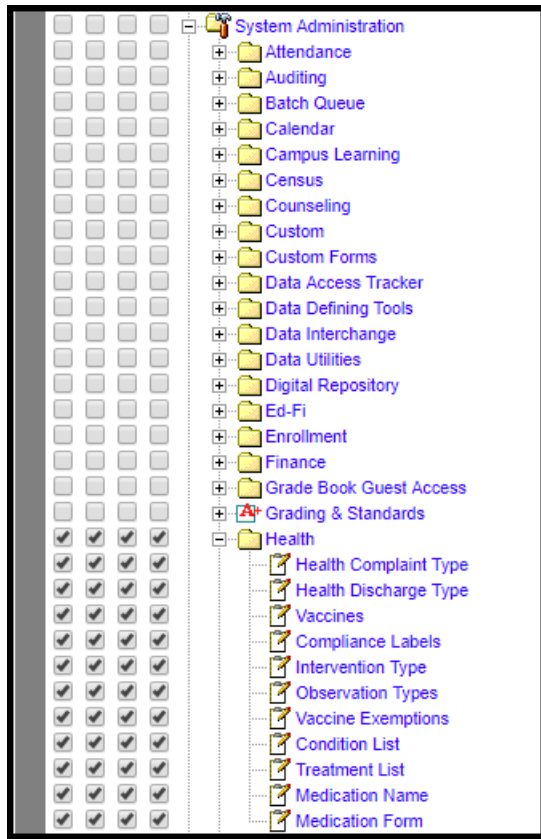

## Health

## Health Tool Rights

Right	R	W	A	D
<a href="#">Health Office Calendar</a>	Allows the user to view scheduled, in progress and completed health office visits.	N/A	N/A	N/A
<a href="#">Health Office Visit Cancellations</a>	Allows the user to batch cancel health office visits.	N/A	N/A	N/A
<a href="#">Health Screening Batch Entry</a>	N/A	<p>Allows user to batch enter health screening results.</p> <p>Users must have both Read and Write tool rights to batch enter health screening results.</p>	N/A	N/A
<a href="#">Reports</a>	Allows full access to generating health reports.	N/A	N/A	N/A
<a href="#">Immunization Import</a>	Allows user to import student immunization data.	N/A	N/A	N/A

# System Administration Health

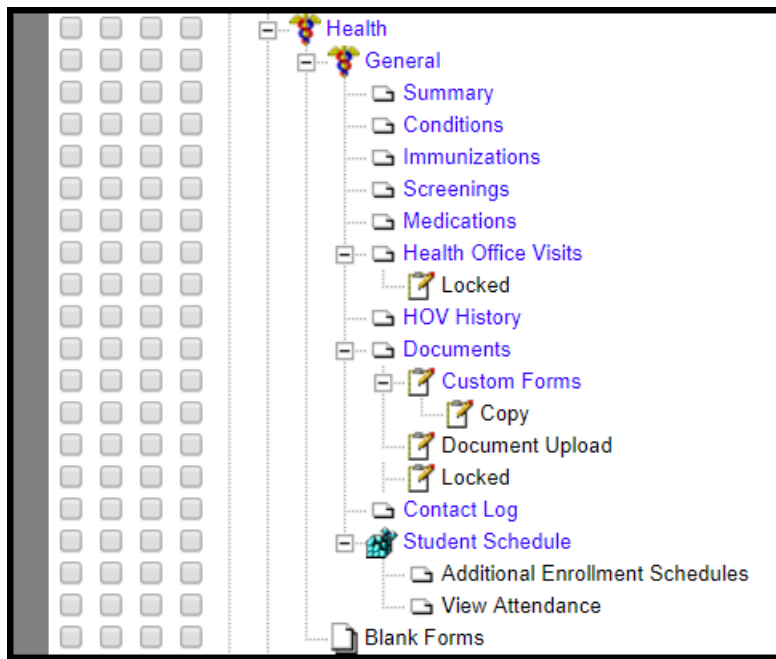

*System Administration Health Tool Rights*

Right	R	W	A	D
<a href="#">Health Complaint Type</a>	Allows the user to see existing complaint types.	Allows the user to edit existing complaint types.	Allows the user to add new complaint types.	Allows the user to remove complaint types from the product.
<a href="#">Health Discharge Type</a>	Allows the user to view existing health office discharge options.	Allows the user to edit existing discharge types.	Allows the user to add new discharge types.	Allows the user to remove discharge types from the product.
