The 21st Century Community Learning Centers (CCLC) provide academic enrichment opportunities during non-school hours for children, especially those who attend high poverty and low performing schools. This program helps students meet state and local student standards in core academic subjects and offers enrichment activities, literacy and other educational services to families.

Information provided here details how to record 21st Century information in Campus. Always follow your district's policies when adding or modifying 21st Century information.

21st Century information is reported on the [Student Program Association Ed-Fi Resource](#) and the [Student Program Attendance Events Resource](#). CCLC Course information is reported on the [21st CCLC Summary of Classes Report](#).

21st CCLC Record

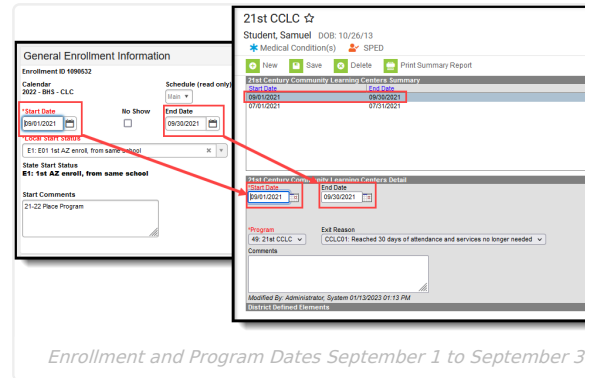

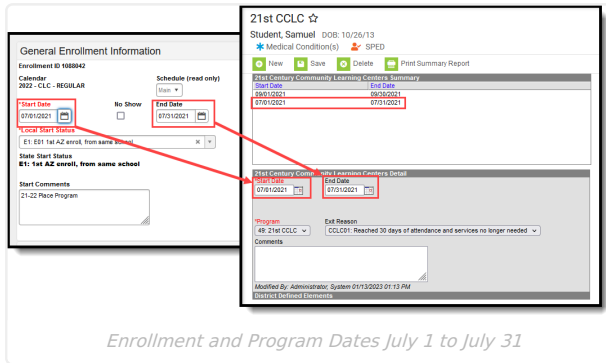

Calendar information, attendance preferences, course information and Ed-Fi configuration need to be done prior to enrolling students into CCLC programs. See the [21st Century Setup Information](#) section for guidance.

21st Century Student Information

[Add CCLC Enrollment](#) | [Add CCLC Record for Student](#) | [Schedule Student into CCLC Courses](#) | [Add Roster Start and End Dates](#)

A student may participate in the 21st CCLC program sporadically throughout the year. Meaning, they might participate for a period of time in the summer, then again sometime in the school year. When this happens, individual enrollments AND 21st CCLC program records for each set of dates needs to be created.

For example, a student who participates from July 1 to July 31, then again from September 1 to September 30, would have two enrollment records with start/end dates for June and start/end dates for September, and two CCLC records with the same start/end dates for June and September.

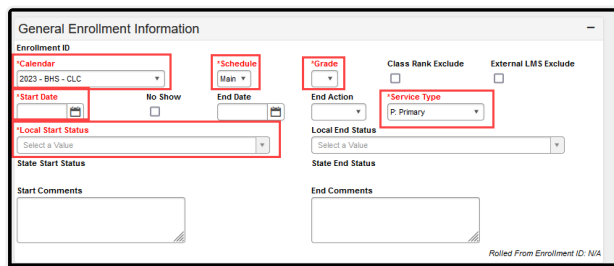

Add CCLC Enrollment

Classic View: Student Information > General > Enrollments

Search Terms: Enrollments

1. Verify the 21st CCLC Calendar is selected in the toolbar.
2. Click **New** to add a new enrollment. In the **General Enrollment Information** editor, enter at least the required information needed to save the enrollment:
 - Calendar
 - Schedule
 - Grade Level
 - Start Date
 - Service Type
 - Local Start Status.

3. In the **State Reporting Fields Editor**:
 - Set the **Local Service Type** to **O: Program Only**.
 - Mark the **State Exclude** checkbox.

State Reporting Fields for CCLC

4. Click **Save**.

Add CCLC Record for Student

Classic View: Student Information > Program Participation > State Programs > 21st CCLC

Search Terms: 21st CCLC

1. Click **New**.
2. Enter a **Start Date** - usually June 1 of the reporting year.
3. Select the appropriate **Program** for this student.
4. Enter any **Comments** needed for this record.
5. Click **Save** when finished.

CCLC Record

While only the the Start Date and Program fields are required, to ensure accurate and complete reporting, all fields need to be populated for students who participate in multiple CCLC programs throughout the year.

Schedule Student into CCLC Courses

Classic View: Scheduling > Courses > Course > Section Roster Setup; Student Information > Schedule > Walk-In Scheduler

Search Terms: Schedule

Once the enrollment record is saved for the CCLC student and a CCLC record is tied to that enrollment, the student can then be scheduled into CCLC Courses. This can be done through the [Walk-In Scheduler](#) or through the [Section Roster Setup](#).

Add Roster Start and End Dates

Classic View: Student Information > Schedule > Walk-In Scheduler

Search Terms: Schedule

Because CCLC courses are offered for a short period of time (usually for a month), **Roster Start Date** and **Roster End Date** must be populated when a student is scheduled into the course.

Once the course is added to the student's schedule, select that course from the Schedule grid. Enter the **Start Date** and **End Date** of the course.

Roster Dates Added for CCLC Course

21st Century Setup Information

[Calendar Creation](#) | [Positive Attendance Preferences](#) | [Course Information](#) | [Ed-Fi Configuration](#)

This process requires a one-time setup per school year.

Calendar Creation

Classic View: System Administration > Calendar > Calendar > Calendar

Search Terms: Calendar

Create a separate calendar for 21st CCLC students. Use the Calendar Wizard to roll calendar information forward from the current year to the next year.

1. Enter a **Start Date of June 1 (06/01/20XX)** of the reporting school year. For the 23-24 school year, the start year is 2023; for the 24-25 school year, the start year is 2024. When 21st CCLC courses start in May, enter the first day in May that the state accepts data as the Start Date, which is **May 23, 20XX**.
2. Enter an **End Date** of May 30 (05/30/20XX) of the reporting school year. For the 23-24 school year, the end year is 2024; for the 24-25 school year, the end year is 2025. The Month and Day of the End Date must be ONE DAY PRIOR to the Start Date - calendars cannot be more than 365 days; for a start date of May 23, the end date would be May 22.
3. Set the **Attendance Type** to **017:Positive**.
4. Leave the **Days Per Week** field blank to ensure this calendar does not send information to the state.

21st Century Calendar Dates

Set the Calendar Terms, Periods and Days as you would for any other calendar. Ensure that the days where attendance is recorded are marked as Attendance AND Instructional days, even during the summer months.

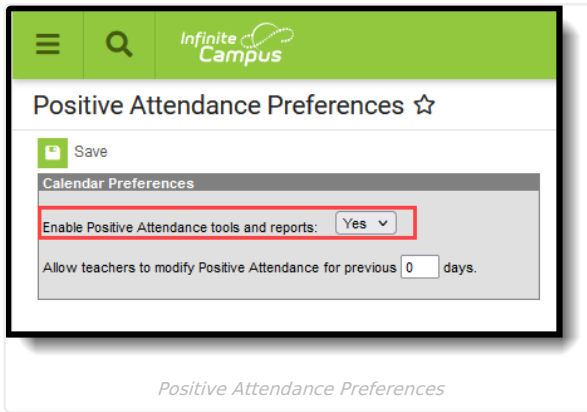

Positive Attendance Preferences

Classic View: System Administration > Attendance > Positive Attendance Preferences

Search Terms: Positive Attendance Preferences

Attendance is sent for 21st CCLC Programs as Positive Attendance. To send this information correctly, districts need to enter attendance events for EACH day and time a student participates in the program. See the [Positive Attendance](#) article for information on recording Positive Attendance.

Since the Calendar is set to 017: Positive Attendance, set the **Enable Positive Attendance tools and reports** to **Yes** and **Save**.

Positive Attendance Preferences

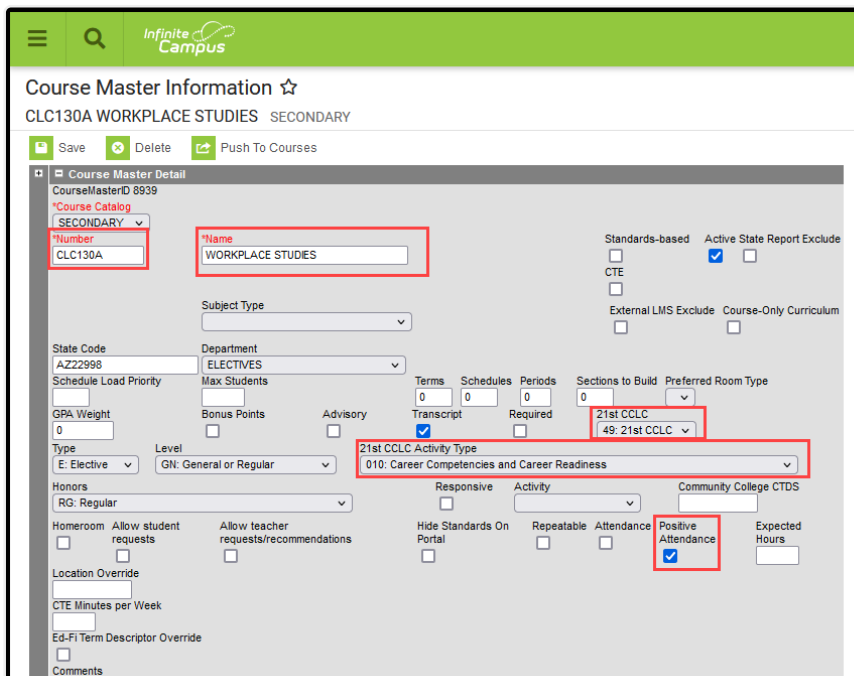

Verify the teacher has proper tool rights to record Positive Attendance.

Course Information

Classic View: Scheduling > Courses > Add Course, Course Information, Course Sections

Create 21st Century courses for the calendar, or verify they exist in the calendar. When calendar attributes are rolled forward from previous years, 21st Century courses can be marked to roll forward to the next calendars. The **Course Name** and **Course Number** should indicate it is a 21st Century course.

1. Mark the **Positive Attendance** checkboxes.
2. Select the 21st CCLC program in the **21st CCLC** field. **The values available for this field are determined by the state of Arizona and cannot be modified.**
3. Select the appropriate **21st CCLC Activity Type** for this course. See the [CCLC Activity Type](#) table for more information.
