The 21st Century Community Learning Centers (CCLC) provide academic enrichment opportunities during non-school hours for children, especially those who attend high poverty and low performing schools. This program helps students meet state and local student standards in core academic subjects and offers enrichment activities, literacy and other educational services to families.

Information provided here details how to record 21st Century information in Campus. Always follow your district's policies when adding or modifying 21st Century information.

21st Century information is reported on the [Student Program Association Ed-Fi Resource](#) and the [Student Program Attendance Events Resource](#). CCLC Course information is reported on the [21st CCLC Summary of Classes Report](#).

The screenshot shows the Infinite Campus interface for a 21st CCLC record. At the top, there is a navigation bar with the Infinite Campus logo and a search icon. Below the navigation bar, the record title is "21st CCLC" with a star icon. The student information is "Student, Samuel" with a date of birth of "10/29/13". There is a "VIRTUAL LEARNING CONSENT" checkbox. Below this, there are action buttons: "New", "Save", "Delete", and "Print Summary Report".

The main content area is divided into two sections:

- 21st Century Community Learning Centers Summary:** A table with columns for "Start Date" and "End Date". One row is visible with "12/08/2022" in the Start Date column.
- 21st Century Community Learning Centers Detail:** A form with the following fields:
 - *Start Date: 12/08/2022 (with a calendar icon)
 - End Date: (empty field with a calendar icon)
 - *Program: 49: 21st CCLC (dropdown menu)
 - Exit Reason: CCLC03: Participation ended in program (dropdown menu)
 - Comments: (empty text area)

At the bottom of the form, it says "Modified By: Administrator, System 12/08/2022 08:22 AM" and "District Defined Elements".

21st CCLC Record

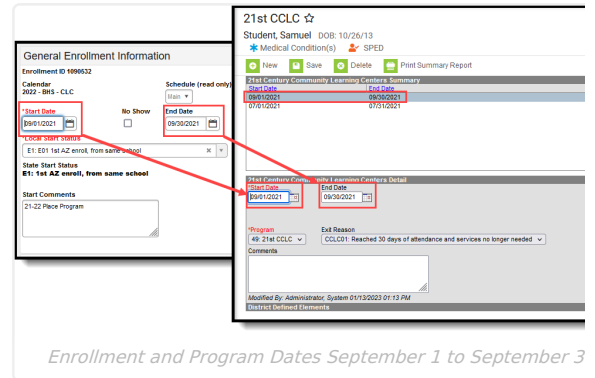

Calendar information, attendance preferences, course information and Ed-Fi configuration need to be done prior to enrolling students into CCLC programs. See the [21st Century Setup Information](#) section for guidance.

21st Century Student Information

[Add CCLC Enrollment](#) | [Add CCLC Record for Student](#) | [Schedule Student into CCLC Courses](#) | [Add Roster Start and End Dates](#)

A student may participate in the 21st CCLC program sporadically throughout the year. Meaning, they might participate for a period of time in the summer, then again sometime in the school year. When this happens, individual enrollments AND 21st CCLC program records for each set of dates needs to be created.

For example, a student who participates from July 1 to July 31, then again from September 1 to September 30, would have two enrollment records with start/end dates for June and start/end dates for September, and two CCLC records with the same start/end dates for June and September.

Schedule Student into CCLC Courses

Classic View: Scheduling > Courses > Course > Section Roster Setup; Student Information > Schedule > Walk-In Scheduler

Search Terms: Schedule

Once the enrollment record is saved for the CCLC student and a CCLC record is tied to that enrollment, the student can then be scheduled into CCLC Courses. This can be done through the [Walk-In Scheduler](#) or through the [Section Roster Setup](#).

Add Roster Start and End Dates

Classic View: Student Information > Schedule > Walk-In Scheduler

Search Terms: Schedule

Because CCLC courses are offered for a short period of time (usually for a month), **Roster Start Date** and **Roster End Date** must be populated when a student is scheduled into the course.

Once the course is added to the student's schedule, select that course from the Schedule grid. Enter the **Start Date** and **End Date** of the course.
