State Reporting Graduation Fields

The State Reporting Graduation fields are unique to the state of Colorado. These fields allow districts to enter graduation-specific data for each student in the state of Colorado.

State Reporting Graduation Fields

Guideline Accommodation

The graduation guidelines law provides that students with disabilities (with an IEP), English learners, and students in gifted and talented programs may receive district determined alternative accommodations to the graduation guidelines requirements. Students must be identified by the district providing the accommodation in the Student Demographic File to code a student as receiving a graduation guideline accommodation.

This Guideline Accommodation field allows users to indicate whether the student has been provided an accommodation to the graduation guidelines requirements because they have an IEP, are an English learner, or are in a gifted and talented program. Multiple entries may be added.

Click here to expand...

Code	Description	Definition
0	No Accommodation	This student has not been provided an accommodation.
1	Individualized Education Program (IEP)	This student has been provided an accommodation to the graduation guidelines requirements because they have an IEP
2	English Learners (EL)	This student has been provided an accommodation to the graduation guidelines requirements because they are identified as an English learner.
3	Gifted and Talented (GT)	This student has been provided an accommodation to the graduation guidelines requirements because they are identified as Gifted and Talented.

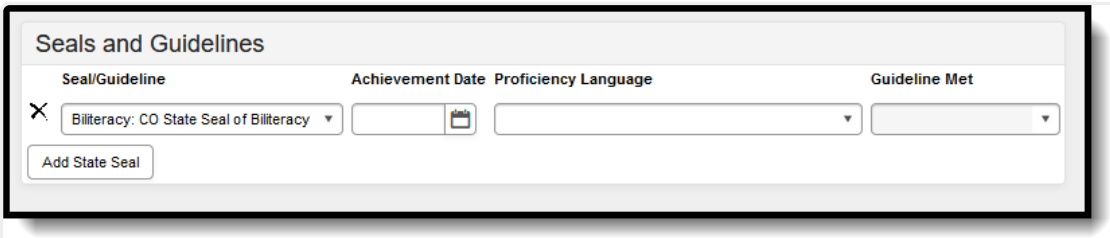
Seals and Guidelines

The Seals and Guidelines section allows the addition of State Seals and other graduation-related Guidelines to a student's graduation record. When **Biliteracy: CO State Seal of Biliteracy** is selected the Guideline met field is disabled.



State Seal Information

Seal/Guideline

The type of Seal or Guideline earned upon graduation to be placed on the student's transcript.

- Biliteracy: CO State Seal of Biliteracy
- Local: Local Measure
