This educational entity represents the organization of subject matter and related learning experiences provided for the instruction of students on a regular or systematic basis.

Object Triggering Logic

Flags and Programs

This reports from BOTH Programs and Flags. Districts should choose only ONE method and stay consistent. When a need is created in both areas, two records are sent.

Action	Trigger

Post	Reports a record based on the student's enrollment record: Service Type = P.
	• When a student has multiple enrollments with a Local Service Type of P: Primary in the same school and start date, reports from the earliest created enrollment.
	• When a student has multiple enrollments with a Local Service Type of P: Primary in the same school with different start dates, reports with the following logic:
	  ◦ Reports a record from the enrollment with the earliest start date and sets the end date to one day prior to the start date of the next enrollment.
	  ◦ Reports a second record from the enrollment with the later start date and sets the start date to the enrollment start date and the end date to the enrollment end date. When the enrollment end date is blank, set end date to the calendar end date.
	• Only sends a recrd for enrollments that have a Local Service Type OTHER than P: Primary when they are the only enrollment in a given time frame.This means the enrollment does not overlap with any other enrollment from the same school or any other school.
	• A record is not sent for enrollments that have a Local Service Type OTHER than P:Primary OR T:AOI AND the enrollment Resident District does not match the District Information > State District Number.
	  ◦ When enrollment Resident District does not match the State District Number, loops through all of the credentials and compare to the District Number.
	• A record is not sent for an enrollment that is marked as State Exclude or No Show.
	• A record is not sent when an enrollment is in a calendar marked as State Exclude.
	• A record is not sent when the enrollment Start Status = E: NON-SAIS DISTRICT USE ONLY!.
	• A record is not sent when the Grade Level Exclude checkbox is marked in the grade level record tied to the calendar in which the student is enrolled.

Action	Trigger
Post	When a Flag/Program record is created and saved for a student that is mapped to a state program code. • Flag/Program start date must be on or after enrollment start date.
Put	When a Program is changed on an existing Flag/Program for a student mapped to a state program code. • When the state program code is changed from one mapped code to another, the updated code is posted.
Post	When a new enrollment is created for a student that has an active Flag/Program mapped to a state program code. • Enrollment start date must be after the Flag/Program start date. • Flag/Program end date must be null or after the enrollment start date. • When the enrollment overlaps an existing enrollment within the same school, follow the Post requirements above; otherwise, post a new record.
Delete/Post	When a start or end date is entered or changed for an existing record.
Delete/Post	When an enrollment end date is entered for a student with a valid enrollment end status of W1-W13.
Delete	When a program is changed on an existing Flag/Program.
Delete	When Flag and Program record is deleted for a student. • When the student has two flag/programs with the same Program Name and Start Date, the record is not deleted unless all programs associated with the record are deleted.
Delete	When a student's enrollment Start Status is changed from a valid code to E: NON-SAIS DISTRICT USE ONLY! and saved.
Delete	When an existing enrollment is marked as State Exclude or No Show.

Action	Trigger
Post	Reports a record based on a Gifted record being saved and overlapping the students enrollment record: Service Type = P: • When a student has multiple enrollments with a Local Service Type of P:Primary in the same school and start date, report from the earliest created enrollment. • When a student has multiple enrollments with a Local Service Type of P:Primary in the same school with different start dates, report with the following logic: ◦ Reports a record from the enrollment with the earliest start date and set the end date to one day prior to the start date of the next enrollment. ◦ Reports a second record from the enrollment with the later start date and set the start date to the enrollment start date and the end date to the enrollment end date. When enrollment end date is blank, set end date to the calendar end date. • A record is sent only when the enrollment has a Local Service Type other than P:Primary when they are the only enrollment in a given time frame. This means the enrollment does not overlap with any other enrollment from the same school or any other school. • A record is not sent for enrollments that have a Local Service Type OTHER than P:Primary OR T:AOI AND the enrollment Resident District does not match the following: ◦ District Information > State District Number ◦ When enrollment Resident District does not match the District Information > State District Number, loop through all of the credentials and compare to the District Number. • A record is not sent when the enrollment that is marked as State Exclude or No Show. • A record is not sent when the enrollment is in a calendar marked as State Exclude. • A record is not sent when the enrollment Start Status = E: NON-SAIS DISTRICT USE ONLY!. • Records are not sent when the Grade Level Exclude check box is marked in the grade level record tied to the calendar in which the student is enrolled. • When a student has multiple overlapping gifted records, only one program association reports with the following logic: ◦ Reports the start date based on the record with the earliest start date. ◦ Reports the end date based on the record with the latest end date. When one record has an end date and the second record does not, the null end date is considered the latest end date. • A record is not sent when the No Gifted Program checkbox is marked.
Post	When a Gifted record is created and saved for a student. • Gifted start date must be on or after enrollment start date and the Gifted record end date is either null or after the enrollment start date.
Post	When a new enrollment is created for a student that has an active Gifted record: • Enrollment start date must be after Gifted start date. • Gifted end date must be NULL or after enrollment start date. • When the enrollment overlaps an existing enrollment within the same school, follow the post requirements based on the student's enrollment record, otherwise post a new record.
Delete/Post	When a start or end date is entered or changed for an existing record.
Delete/Post	When an enrollment end date is entered for a student with a valid enrollment end status: W1-W13.

Action	Trigger
Delete/Post	When the enrollment tied to the Gifted record is deleted or made ineligible, and there is another eligible enrollment in the student's record (another overlapping one with perhaps a lower ranked Status value, non-excluded).
Delete	Gifted record is deleted for a student. • When the student has two Gifted records with the same Start Date, do not delete this record unless all Gifted records associated with the record are deleted.
Delete	When a student's enrollment Start Status is changed from a valid code to E: NON-SAIS DISTRICT USE ONLY! and saved.
Delete	When an existing enrollment is marked as State Exclude or No Show.
Delete	Gifted record's start date or end date is changed, such that it no longer overlaps an eligible enrollment
Delete	When there is a delete/edit to the eligible enrollment reporting is based on, such that there are no longer any eligible enrollments.
Delete	When the 'No Gifted Program' checkbox is checked.

21 CCLC

Action	Trigger

Post	Reports a record based on a 21st CCLC record being saved and overlapping the students enrollment record: Local Service Type = O: Program Only
	• When a student has multiple enrollments with a Local Service Type of O: Program Only in the same school and start date, reports from the earliest created enrollment.
	• When a student has multiple enrollments with a Local Service Type of O: Program Only in the same school with different start dates that both overlap the 21st CCLC record, report from the enrollment with the oldest end date (a null end date is the oldest end date).
	• Only reports when the Resident District matches one of the following:
	  ○ District Info > State District Number
	  ○ When enrollment Resident District does not match the District Info > State District Number, loop through all of the credentials and compare to the District Number.
	• A record is not sent when the enrollment is in a calendar marked as State Exclude.
	• A record is not sent when the Grade Level Exclude checkbox is marked in the grade level record tied to the calendar in which the student is enrolled.

Post	When a 21st CCLC record is created and saved for a student. • 21st CCLC start date must be on or after enrollment start date and the 21st CCLC record end date is either null or after the enrollment start date.
Put	When a Program is changed on the 21st CCLC record for a student mapped to a program code. • When he program code is changed from one mapped code to another, post the updated code.

Action	Trigger
Post	When a new enrollment is created for a student that has an active 21st CCLC record. • Enrollment start date must be after 21st CCLC start date. • 21st CCLC end date must be NULL or after enrollment start date. • When the enrollment overlaps an existing enrollment within the same school, follow the post requirements based on the student's enrollment record, otherwise post a new record.
Delete/Post	When a start or end date is entered or changed for an existing record.
Delete/Post	When an enrollment end date is entered for a student with a valid enrollment end status: W1-W51.
Delete/Post	When the enrollment tied to the 21st CCLC record is deleted or made ineligible, and there is another eligible enrollment in the student's record (another overlapping one).
Delete	The existing record is deleted when a Program is changed on an existing 21st CCLC record.
Delete	21st CCLC record is deleted for a student when: • The student has two 21st CCLC records with the same Program Name and Start Date, do not delete this record unless all programs associated with the record are deleted.
Delete	21st CCLC record's start date or end date is changed, such that it no longer overlaps an eligible enrollment.
Delete	When there is a delete/edit to the eligible enrollment reporting is based on, such that there are no longer any eligible enrollments.

Title 1

Title 1 Schoolwide logic reports based on the most recent School History record for the school. One record for each reportable student in the school reports for each of the marked Title 1 programs (for example, when Title 1 Match and Title 1 Reading are marked, two records report for each reportable student).
