

Student Needs (Arizona v3.6)

Last Modified on 10/21/2024 8:21 am CDT

[Flags and Programs](#) | [Gifted](#) | [Homebound](#) | [Homeless](#) | [Unaccompanied Youth](#) | [Title 1](#) | [Eligibility \(FRAM\)](#) | [Special Ed IEP](#) | [EL Services](#) | [Section 504](#)

Tool Search: Ed-Fi

Needs are reported from the State Reporting Enrollment fields, FRAM, Flags, locked IEPs and LEP Services. This resource identifies any needs that a student may need to participate in for a program.

For the 23-24 Configuration year, this resource includes Homeless and Unaccompanied Youth logic.

For the 24-25 Configuration year and future, this resource does NOT include Homeless and Unaccompanied Youth logic. Instead, that logic is included in the [Student Homeless Program Associations Resource](#).

Flags and Programs

[Object Triggering Logic for Flags and Programs](#) | [Scope Year Logic for Flags and Programs](#) | [Object Data Elements for Flags and Programs](#) | [Types and Descriptors for Flags and Programs](#)

The tables below describe the logic for triggering syncing of this object for **Flags and Programs only**. Expand one of the areas below to see full requirements:

Object Triggering Logic for Flags and Programs

▶ [Click here to expand...](#)

This reports from BOTH Programs and Flags. Districts should choose only ONE method and stay consistent. When a need is created in both areas, two records are sent.

Action	Trigger
--------	---------

Action	Trigger
Post	<p>Report a record based on the students enrollment record: Service Type = P.</p> <ul style="list-style-type: none"> • When a student has multiple enrollments with a Local Service Type of P:Primary in the same school and start date, reports from the earliest created enrollment. • When a student has multiple enrollments with a Local Service Type of P:Primary in the same school with different start dates, reports with the following logic: <ul style="list-style-type: none"> ◦ Reports a need from the enrollment with the earliest start date and sets the end date to one day prior to the start date of the next enrollment. ◦ Reports a second need from the enrollment with the later start date and sets the start date to the enrollment start date and the end date to the enrollment end date. When an enrollment end date is blank, sets end date to the calendar end date. • Only sends a need for enrollments that have a Local Service Type other than P:Primary when they are the only enrollment in a given timeframe. This means the enrollment does not overlap with any other enrollment from the same school or any other school. • Does not send a record for enrollments that have a Local Service Type OTHER than P: Primary OR T: AOI AND the enrollment Resident District does not match the following: <ol style="list-style-type: none"> 1. District Information > State District Number 2. When the Enrollment Resident District does not match the District Information > State District Number, all credentials are reviewed and compared to the District Number. • Does not send a record for an enrollment that is marked as State Exclude or No Show. • Does not send a record when an enrollment is in a calendar marked as State Exclude. • Does not send a record when the enrollment Start Status = E: NON-SAIS DISTRICT USE ONLY!. • Does not send records when the Grade Level Exclude check box is marked in the grade level record tied to the calendar in which the student is enrolled.
Post	<p>When a Flag/Program is created and saved for a student that is mapped to a state program code.</p> <ul style="list-style-type: none"> • The Flag/Program start date must be on or after enrollment start date.
Post	<p>When a Need is changed on an existing Flag/Program for a student with a need populated.</p>
Post	<p>When a new enrollment is created for a student that has an active Flag/Program mapped to a state program code.</p> <ul style="list-style-type: none"> • Enrollment start date must be after Flag/Program start date. • Flag/Program end date must be NULL or after enrollment start date. • When the enrollment overlaps an existing enrollment within the same school, follows the post requirements based on the student's enrollment record, otherwise a new record is posted.

Action	Trigger
Delete/Post	<p>When a start or end date is entered or changed for an existing record.</p> <ul style="list-style-type: none"> • When a Need is posted from the Flag/Program, updates when the start or end date changes. • When a Need is posted from Enrollment, updates when the start or end date changes. • When the student has two of the same flags/programs with the same start date and one record is deleted, the remaining record's data posts.
Delete/Post	When an enrollment end date is entered for a student with a valid enrollment end status: W1-W13.
Delete	Deletes the existing record when a need is changed on an existing flag/program.
Delete	Flag/Program is deleted for a student.
Delete	When a student's enrollment Start Status is changed from a valid code to E: NON-SAIS DISTRICT USE ONLY! and saved.
Delete	When an existing enrollment is marked as State Exclude or No Show.

Scope Year Logic for Flags and Programs

▶ [Click here to expand...](#)

Logic
<p>When a new Flag/Program is created, the record reports in the Scope Year that the record start date overlaps with.</p> <ul style="list-style-type: none"> • The start date must be on or before the School Year End Date. When School Year End Date is NULL, 6/30/XXXX is used as the default date. • Data only sends for the years that have valid configuration.
<p>When the record is triggered from enrollments, the record sends to the scope year for the school year the enrollment is associated with.</p> <ul style="list-style-type: none"> • Data only sends for the years that have valid configuration.
