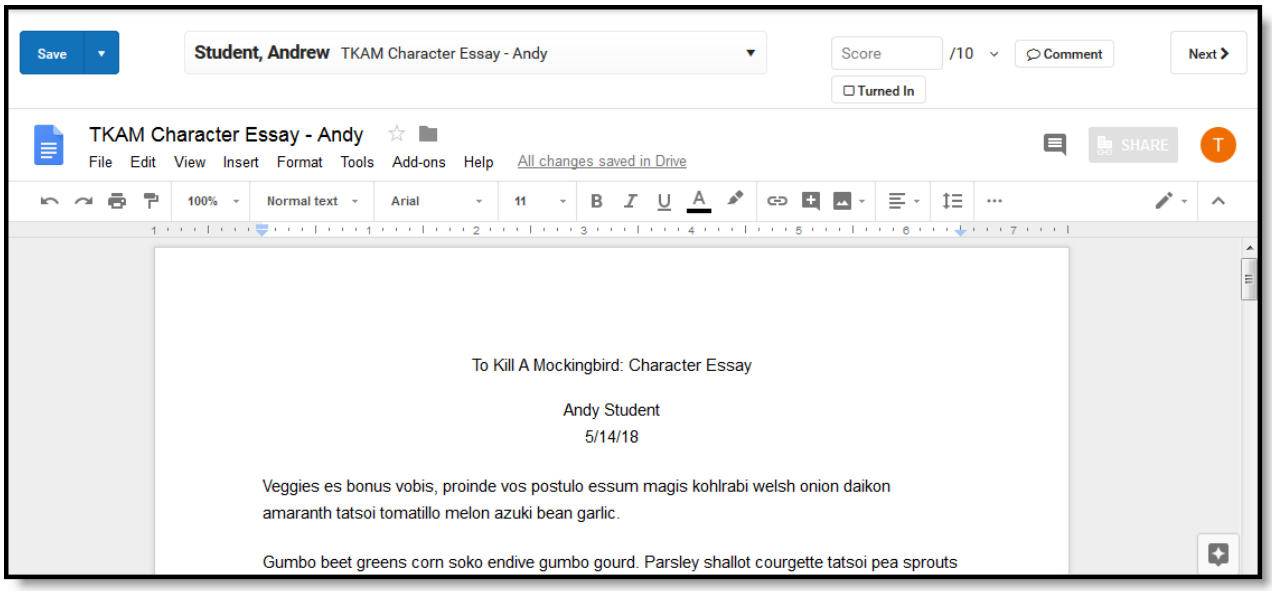
Submissions

Google Drive submissions display inside a basic Google editor. Google Docs, Sheets, Slides, and Drawings all display. File attachments must be downloaded to view and editor submissions display as text.



Google Drive files and text submissions display on screen while file attachments must be downloaded.

From this view, page through student submissions using the Next > button or by selecting a student from the dropdown list.

In the dropdown list, the status of student submissions is indicates as followed:

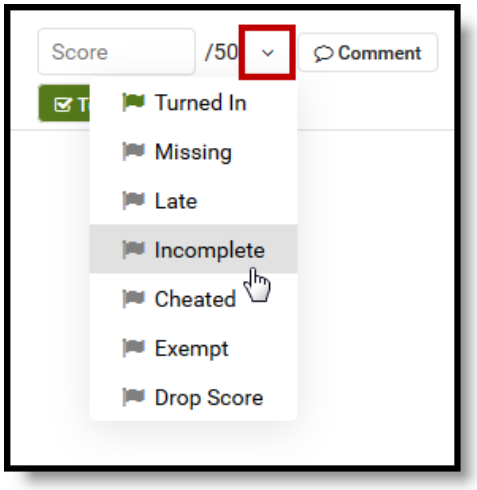
- indicates a partially scored assignment
- indicates a scored submission
- No dot indicates no submission

Submissions are considered scored if they have a score or any flag other than Turned In. Submissions are flagged as Turned In automatically when students turn them in from Campus Student. Add additional flags by clicking the dropdown next to the score field and enter a Comment. Remove the Turned In flag to allow students to resubmit the assignment.

For Google Drive files, click Turned In to remove the flag and return ownership of the file to the student.



Click the dropdown list to flag the assignment.

Once scores and flags are entered, click Save or the arrow on the Save button to click Save & Back to return to the tool you were on before.

If an assignment has multiple scoring alignments, click Score to open the scoring panel and enter scores for each alignment.

Multiple Submissions

If a student has submitted multiple files for a single assignment, a list of submissions displays when the student's name is selected. Click on a submission to view or download it. From a submission, click Submissions to return to the list of submissions.

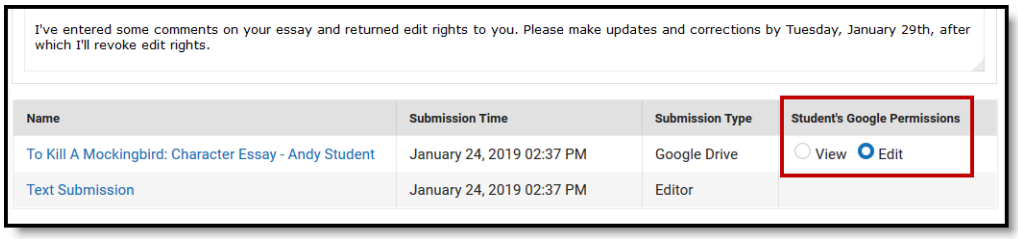
Switch between multiple submissions using the Submissions View.

Google Permissions

For files submitted through Google Drive, teachers have the option of returning edit rights to a student by marking **Edit** in the Student's Google Permissions column of the Submissions list. This option modifies the student's rights to the Google file only, it does not alter the status of the assignment in Campus.

This option can be used to allow a student to edit a turned in file prior to grading. Revoke edit rights at any time by switching permissions back to **View**.



Allow the student to edit their turned in Google file by giving them Edit rights to the file. Revoke rights by switching back to View rights.

Considerations

- This tool is not optimized for use on smaller screens, such as phones and small tablets.
- Currently, only one submission displays per student. View submissions by clicking the timestamp link for the student in the Grade Book or Scoring screen to view multiple submissions for a student.
- Teachers must be logged in to their Google Apps for Education account to view Google Drive files. See the Google Drive Integration article for more information.
