The Staff Assignment Template reports each staff member who is actively employed on the Reporting Date entered on the extract editor. There is no limit to the number of staff assignments that can be reported.

See the PIMS Reporting article for additional PIMS Reporting information.

Report Logic

- If the Exclude checkbox is marked on the District Assignment tab, the staff person does not report.
- For the October reporting period, if the District Employment Qualification field on the District Employment editor is populated, the staff person does not report.
- For the June reporting period, all current staff reporting, including those with the District Employment Qualification field populated.
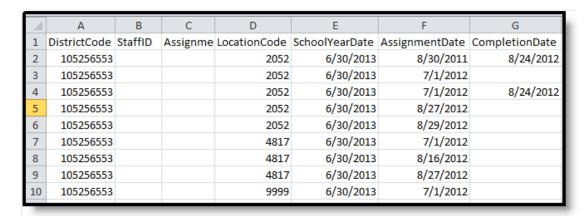

Generate the Staff Assignment Template

1. Select **Staff Assignment Template** from the **Extract Type** from the dropdown list.
2. Select the desired **Reporting Period**.
3. Enter the **Effective Date** of the extract in *mmddyy* format or use the calendar icon to select a date.
4. Select the **Format** of the extract.
5. Select a **Staff Ad hoc Filter**, if desired.
6. Select the appropriate **Calendar(s)** from which to include data on the extract.
7. Click the **Generate Extract** button or the **Submit to Batch** button, if available. The extract displays in the selected format.
