Object Triggering Logic

This table describes logic for triggering syncing of this object.

Action	Trigger
Post	<p>Reports when a Behavior Resolution is added to an incident that is marked as Complete and is aligned to a reported Behavior Event.</p> <ul style="list-style-type: none"> • Only report when role is mapped to the Ed-Fi Value: Perpetrator. • There is a resolution that is mapped to an Ed-Fi Value. • Do not send if the student's enrollment is marked with any of the following: <ul style="list-style-type: none"> ◦ No Show ◦ State Exclude ◦ WISE Exclude ◦ Parent Placement Pri. If the Resolution is mapped to IS: In-School Suspension, only report if the student has a locked IEP that overlaps the date of the Incident AND the SPED Exit Date on enrollment is NULL or after the date of the incident. 2. If SPED Exit Date on enrollment is after the enrollment start date and on or before the date of the incident, do not report. • Report any students who have any type of expulsion, which are codes 04 and 03.
Put	When any field not part of the Natural Key is changed.
Delete/Post	<p>When data that is part of the Natural Key is changed.</p> <ul style="list-style-type: none"> • If the resolution date is changed do a delete and post.
Delete	<p>When the student's enrollment is no longer reportable; marked</p> <ol style="list-style-type: none"> 1. No Show 2. State Exclude 3. WISE Exclude 4. Parent Placement Pri. School = Yes 5. School Override set to a different School from enrollment school 6. State Enrollment type is changed to not = Primary
Delete	When the participants are removed or Role is changed so there is no longer a perpetrator.
Delete	If the Discipline Action is deleted or modified so it is no longer eligible to report.
Delete	When the student's Student School Association is deleted.

Action	Trigger
Delete/Post	When the Incident's status is changed. <ul style="list-style-type: none"> Delete when the status is changed from Completed to In Progress. Post when the status is changed from In Progress to Completed.

School Exclude, Calendar Exclude, Resource Toggle and Resync Logic

This table describes the School Exclude, Calendar Exclude, Resource Toggle and Resync logic of this object.

Action	Trigger
None	If a resource is toggled to 'OFF' after data has sent, all sent data will remain in the ODS but no new data will send.
Resync	If a record is in the Ed-Fi Identity Mapping table and not in the ODS, it will be deleted from the Ed-Fi Identity Mapping table.
Resync	If a record is in the ODS and it does not have a matching record in Campus or the Ed-Fi Identity Mapping table, it will be deleted from the ODS.
Resync	If a mapping is changed in Resource Preferences, a resync will need to be done to reflect the changes.

Natural Key Changes, Cascading Updates, and Deletes Logic

This table describes the Natural Key Changes/Cascading Updates and Deletes logic of this object.

Action	Trigger
Post/Delete	Natural Key changes: <ul style="list-style-type: none"> If an Ed-Fi ID changes, this will happen with the cascading deletes from the Ed-Fi ID Change trigger. If the Discipline Date changes.

Scope Year Logic

This table describes scope year logic of this object.

Logic
Discipline records will only send to the school year they are aligned to.
Data will only send for the years that have valid configuration.

For any removal of 1/2 school day in length or longer, round up to the nearest 1/2 day increment. For example, removals of 1/3 day would not be counted, 2/3 day would round up to 1.0, 1.2 days would round up to 1.5 days, etc. Under rare circumstances, zero may be valid for an expulsion. This is being modified to allow only 1 per discipline action. For ed facts reporting we must gather the following elements for each and every discipline (removal): discipline action length, action length difference, and for expulsion the set of extended fields. Expulsion and Expulsion with Services are separate Ed-Fi types, so this single element gathers removal type and services provided during expulsion.</p> <p>Multiple disciplineActions can be submitted for the same student associated to one disciplineIncident by submitting different disciplineIdentifier.</p>	See array section. 01	An "in-school suspension" is an instance where a student is temporarily removed from his/her regular classroom(s) for disciplinary purposes but remains under the direct supervision of school personnel. Direct supervision means school personnel are physically in the same location as the student under their supervision. "In-school suspensions" include both removals in which no IEP services are provided and those in which the student continues to receive services according to his/her IEP. This code is valid only if primary disability <>N as of the removal period start date.	uri://dpi.wi.gov/DisciplineDescriptor	In School Suspension

The IEP team is responsible for determining the interim alternative educational setting. "Placement in IAES - school personnel" does NOT include decisions by the IEP team to change a student's placement. This code is valid only if primary disability <>N as of the removal period start date.	uri://dpi.wi.gov/DisciplineDescriptor	IAES by School Personnel
06	"Placement in IAES - hearing officer" is an instance in which an impartial IDEA hearing officer orders the removal of a student with disabilities from his or her current educational placement to an appropriate alternative educational setting for not more than 45 school days based on the IDEA hearing officer's determination that maintaining the child's current placement is substantially likely to result in injury to the child or others. The IEP team is responsible for determining the interim alternative educational setting. This code is valid only if primary disability <> N as of the removal period start date.	uri://dpi.wi.gov/DisciplineDescriptor	IAES by Hearing Officer
