

Student Parent Associations (Wisconsin v3.6)

Last Modified on 03/11/2024 8:47 am CDT

Tool Search: Ed-Fi

This association relates students to their parents, guardians or caretakers.

If the 'Does your LEA want to 'opt-in' to send records for both Parents and Student Parent Association Resources for all students?' checkbox is marked on the Parents resource preferences, then Parents records for all students will report based on existing reporting/trigger log.

If the checkbox is not marked, then Parents records for students with an active FRAM Eligibility record with Type = Meal or SES for the current/reporting school year and eligibility is = Free or Reduced will report.

1. A record is considered active when the FRAM end date is greater than or equal to the last instructional date on the calendar
2. Follow all other reporting logic.

Put	<p>When any field not part of the natural key is change:</p> <ul style="list-style-type: none"> • If the parent or student is removed from the household.

Resync	If a record is in the ODS and it does not have a matching record in Campus or the Ed-Fi Identity Mapping table, it will be deleted from the ODS.
Resync	If a mapping is changed in Resource Preferences, a resync will need to be done to reflect the changes.

Natural Key Changes, Cascading Updates, and Deletes Logic

This table describes the Natural Key Changes/Cascading Updates and Deletes logic of this object.

The related pair end date must be null or on/after the scope year end date to report. Data will only send for the years that have valid configuration. A resync must be completed on the Parents resource when a new scope year is connected in order for this data to send.
<p>When using data in Campus that has an effective date, the following logic will be applied to determine the scope year(s) to report the data to.</p> <ul style="list-style-type: none"> Current Year: The records start date must be on or before today's date and the records end date must be on or after today's date. Previous Years: The record's start date must be on or before the school year's end date and the record's end date must be after the school year's end date defined in the School Years editor.
