Grades (Indiana v3.6)

Last Modified on 10/21/2024 8:21 am CDT

In Indiana, the **Grades** resource is only used for mapping Grading Tasks in Resource Preferences so records can be sent properly. **NO** records are reported for the Grades resource.

The following Grades resource preference configuration is required for the appropriate set up of the Grading Periods resource.

- **Grading Task** = Semester Grade + Ed-Fi Code = Semester
- **Grading Task** = Term Grade + Ed-Fi Code = Grading Period

Resource Preferences

Data Element Label	Mapping Needed
Grading Tasks	Grade Type Descriptors

Identity Mapping Object Key

campusObjectType	Object Key Data Source
GradingScore - Section - Term - EdFiGradingPeriod	scoreID - sectionID - termID - gradingPeriodID

Event Queue Detail

Campus Table	Ed-Fi Action	Fields
