Tool Search: Course Information

The Course Information and Course Section tools contain fields specific to the state of Oregon. These fields can be used for district-tracking purposes or may directly affect state reporting. The information below further defines these state-specific fields to provide guidance in entering data.

The same fields display on the Course Master editor and Course editor.

Course Fields

The Course editor contains information about courses attached to this calendar or school.

Course Section Fields

The Section editor lists all sections for the selected course and basic identifying information about that section - the assigned primary teacher, where the section meets, in what term and for what period, and how many students are in each section.

Scheduling staff, principals, counselors, etc. can use the tools available in this view to manage course section information - entering grades, creating rosters, recording attendance, etc.

Field	Description	Location	Reports
Instructional Unit ID	Unique identifier of the course section. This value is assigned by the Oregon Department of Education when the IUID Collection is submitted. This value is reported in the Staff Assignment and Class Roster collections, allowing for consistency between collections/state reports.	Database Location: Section.stateCode Ad Hoc Inquiries: Course > Section Information > stateCode (sectionInfo.stateCode)	Instructional Unit Identifier (IUID) Extract Instructional Unit Identifier (IUID) Import

Field	Description	Location	Reports
Alternative Ed (Override)	Indicates the class is taught in an alternative education setting. When the Alternative Ed field on the Course Information editor is populated, a value does not need to be selected on the Section editor. When the Course field is not populated, but a particular section of that course is for alternative education, this field should be set to Yes.	Database Location: Section.alternativeEd Ad Hoc Inquiries: Course > Section Information > alternativeEd (sectionInfo.alternativeEd)	Instructional Unit Identifier (IUID) Extract

Field	Description	Location	Reports
Special Ed (Override)	Indicates the section is taught in a special education setting where the instruction is specifically designed to the unique needs of students with disabilities. When the Special Ed field on the Course Information editor is populated, a value does not need to be selected on the Section editor. When the Course field is not populated, but a particular section of that course is for special education, this field should be set to Yes.	Database Location: Section.specialEdCode Ad Hoc Inquiries: Course > Section Information > specialEdCode (sectionInfo.specialEdCode)	Instructional Unit Identifier (IUID) Extract
Multiple Teacher	A coded value representing the Multiple Teacher Code. A Multiple Teacher Instruction Strategy is a category describing the strategy used when there is more than one Teacher teaching a Class.	Database Location: Section.multipleTeacherCode Ad Hoc Inquiries: Course > Section Information > multipleTeacherCode (sectionInfo.multipleTeacherCode)	Staff Assignment

Section Staff History Fields

Staff History tracks the history of teachers for a particular course section and lists active primary teachers, teachers, and section staff in addition to former primary teachers, teachers, and section staff. All other fields in the Staff History tab do not require unique, state-specific data. However, many of these fields are required and data entry in these fields may be necessary. For more information on these fields, see the [Staff History](#) article.
