

# Arizona Ed-Fi

Last Modified on 06/04/2024 2:27 pm CDT

Ed-Fi is a data interchange standard and framework created by the Dell Foundation to allow K-12 educational institutions to consolidate and analyze data, and communicate this data with each other. It also provides a dashboard toolkit from which users can create dashboards to analyze data from the student, district, state (and eventually national) level.

## Arizona Ed-fi v3.6 Resources and the Recommended Resync Order

The following provides a complete list of the resources available for Arizona v3.6 in the Recommended Resync Order.

Resyncing generates a large volume of items in the Event Queue. It is recommended to plan a resync for an off-peak time period and resync in groups of calendars rather than all calendars.
